Pirates In Oz:

Pirates in Oz (Wonderful Oz Books, No 25) Ruth Plumly Thompson, 1986-05-12 Return to L Frank Baum's wonderful world of Oz with this illustrated children's book series. The old Gnome King attempts to capture the Emerald City and regain his magic belt much to the horror of Peter the Philadelphia boy who returns on a flying poetical pig to try to save Oz. Hindered by a band of mutinying pirates, Peter is helped by a magic ship that sails through both water and sky, a king who wants only to be a seafaring cook, and Samuel Salt the swashbuckling Pirate Captain himself. Praise for the Oz series: Where the young stay young and the old grow young forever, these books are for readers of all ages. Ray Bradbury: The land of Oz has managed to fascinate each new generation. The Oz books continue to exert their spell, and those who read them are often made what they were not: imaginative, tolerant, alert to wonders. Gore Vidal: I was raised with the Oz books, and their enchantment, humor, and excitement remain with me. They are still a joy and a treasure. I welcome this Oz revival. Stephen R Donaldson

Places of Childhood Fancy Michael G. Cornelius, Marybeth Ragsdale-Richards, 2023-01-11 Many of us grew up exploring fascinating worlds in books films and most importantly our imaginations places filled with mythological characters and magical landscapes where we had stunning experiences punctuated by the harmless pleasures that any child s mind can conjure These worlds sometimes end up in our childhood fictions which have in turn shaped countless imaginations and childhood adventures The essays in this book attempt to comprehend the worlds of children s progressive fiction from how they are created to how they affect readers This book explores what happens when speculative genres fantasy horror and science fiction and imaginative spaces collide headlong with the realities and surrealities of modern childhood It moves back and forth between Oz Wonderland Redwall and Fear Street and explores series such as Nancy Drew Inkheart The Mortal Instruments the Miss Peregrine series and more Many of these works feature children who must save the day to stop the bad guy kill the monster complete the quest and rescue adults leading us to wonder if fantastic spaces in children s progressive fiction are really helping kids prepare to save the world rather than helping them temporarily escape it
