Holistic Aromatherapy for Animals
 Kristen Leigh Bell,2012-06-01 It is only in recent years that aromatherapy or essential oil therapy has gained substantial acceptance this is primarily due to French veterinarians who have begun using essential oils and hydrosols in their practices Laypeople of course have been enjoying great success treating animals with the very same substances for many years for it is not just the medical professionals who can safely and effectively administer these aromatic oils Anyone enabled with quality essential oils or hydrosols and adequate knowledge can use a plant s most concentrated and energetic byproducts to improve the health of their animals and treat and prevent various illnesses and common ailments Aromatherapy is actually a science that has a much larger archive of supported scientific data than most other holistic care methods However most of these studies were originally published in French or German Aromatherapy was the first natural holistic therapy the author began using and she relies on it as my primary form of healthcare to treat and balance all sorts of minor ailments and discomforts in the lives of her family and their pets She has rarely needed to use any other sort of remedy to achieve the desired result These powerful substances are the most fascinating sensual and complex of all natural therapies a combination that proves to be so enthralling it eventually develops into a grand passion for many
