Printing And The Mind Of Morris Three Paths To The Kelmscott Press:

Printing and the Mind of Morris Colin Franklin, 1986 **The Routledge Companion to William Morris** Florence S. Boos, 2020-10-29 William Morris 1834-96 was an English poet, decorative artist, translator, romance writer, book designer, preservationist, socialist theorist and political activist whose admirers have been drawn to the sheer intensity of his artistic endeavors and efforts to live up to radical ideals of social justice. This Companion draws together historical and critical responses to the impressive range of Morris's multi-faceted life and activities: his homes, travels, family, business practices, decorative artwork, poetry, fantasy, romances, translations, political activism, eco-socialism and book collecting and design. Each chapter provides valuable historical and literary background information, reviews relevant opinions on its subject from the late nineteenth century to the present and offers new approaches to important aspects of its topic. Morris's eclectic methodology and the perennial relevance of his insights and practice make this an essential handbook for those interested in art history, poetry, translation, literature, book design, environmentalism, political activism and Victorian and utopian studies.

Art Periodical Culture in Late Imperial Russia (1898-1917) Hanna Chuchvaha, 2015-10-27 *Art Periodical Culture in Late Imperial Russia 1898-1917* Print Modernism in Transition offers a detailed exploration of the major Modernist art periodicals in late imperial Russia: the World of Art, Mir Iskusstva, 1899-1904, The Golden Fleece, Zolotoe runo, 1906-1909 and Apollo, Apollon, 1909-1917. By exploring the role of art reproduction in the nineteenth century and the emergence of these innovative art journals in the turn of the century, Hanna Chuchvaha proves that these Modernist periodicals advanced the Russian graphic arts and reinforced the development of reproduction technologies and the art of printing. Offering a detailed examination of the inaugural issues, which included editorial positions expressed in words and images, Hanna Chuchvaha analyses the periodicals' ideologies and explores journals as art objects appearing in their unique socio-historical context in imperial Russia.

The Cambridge Bibliography of English Literature Joanne Shattock, 1999 *A Bibliographic History of the Book* Joseph Rosenblum, 1995 skillfully compiled, should be useful to anyone interested in placing his or her studies in the context of printed and bound literature. ENGLISH LITERATURE IN TRANSITION 1880-1920 *Printing and the mind of Morris* Colin Franklin, 1986 Victorian Fantasists David Jasper, Kath Filmer, 1991-04-05 Phenomenology, Modernism and Beyond Carole Bourne-Taylor, Ariane Mildenberg, 2010 From the first stirrings of modernism to contemporary poetics, the modernist aesthetic project could be described as a form of phenomenological reduction that attempts to return to the invisible and unsayable foundations of human perception and expression prior to objective points of view and scientific notions. It is this aspect of modernism that this book brings to the fore. The essays presented here bring into focus the contemporary face of ongoing debates about phenomenology and modernism. The contributors forcefully underline the intertwining of modernism and phenomenology and the extent to which the latter offers a clue to the former. The book presents the viewpoints of a range of internationally distinguished critics and scholars with diverse but closely related essays.

covering a wide range of fields including literature architecture philosophy and musicology The collection addresses critical questions regarding the relationship between phenomenology and modernism with reference to thinkers such as Edmund Husserl Maurice Merleau Ponty Martin Heidegger Michel Henry and Paul Ricoeur By examining the contemporary philosophical debates this cross disciplinary body of research reveals the pervasive and far reaching influence of phenomenology which emerges as a heuristic method to articulate modernist aesthetic concerns *Decadent Enchantments*
