General conclusions** Arthur Griffiths,1894 *Secrets of the prison-house, or, Gaol studies and sketches* Arthur Griffiths,1894 **From the Other Shore** André Liebich,1997 This book is an inquiry into the possibilities of politics in exile Russian Mensheviks driven out of Soviet Russia and their party stripped of legal existence functioned abroad in the West in Berlin Paris and New York for an entire generation For several years they also continued to operate underground in Soviet Russia Bereft of the usual advantages of political actors the Mensheviks succeeded in impressing their views upon social democratic parties and Western thinking about the Soviet Union The Soviet experience through the eyes of its first socialist victims is recreated here for the first time from the vast storehouse of archival materials and eyewitness interviews The exiled Mensheviks were the best informed and most perceptive observers of the Soviet scene through the 1920s and 1930s From today's perspective the Mensheviks analyses and reflections strikingly illuminate the causes of the failure of the Soviet experiment This book also probes the fate of Marxism and democratic socialism as it tracks the activities and writings of a remarkable group of men and women including Raphael Abramovitch Fedor and Lidia Dan David Dallin Boris Nicolaevsky Solomon Schwarz and Vladimir Woytinsky entangled in the most momentous events of this century Their contribution to politics and ideas in the age of totalitarianism merits scrutiny and their story deserves to be told **Relational Geographies of Islands in the Indo-Pacific** Takashi Yamazaki, Godfrey Baldacchino,2025-08-23 This book provides a powerful picture of the significance

and centrality of islands in the Indo Pacific region in the 21st century far from an easily assumed benign peripherality and invisibility It consists of nine chapters and examines four major challenges facing island societies namely aggressive environmental adaptation outmigration island borders and military fortification The book relationally details how island geographies in the Indo Pacific region become an assemblage of environmental social and political dynamics Throughout these chapters the book aims to renew the mainland continental perspective that tends to marginalize islands in the larger society to expand awareness of the significance of islands in the world The book also contributes to the construction of world peace extended from peace on islands This book is the outcome of the International Geographical Union IGU Thematic Conference Islands in Relations Conflicts Sustainability and Peace at Osaka Metropolitan University in 2023 with support from the Association of Japanese Geographers and other academic organizations The conference aimed and this book attempts to reconsider the environmental social economic and political relationships among the islands of the world especially in the Indo Pacific region by focusing on their relations with the mainland neighboring continents and other islands at the bigger scale and to identify factors that cause and avoid conflicts over islands conditions for islands environmental and economic sustainability and ways to build peace in the maritime and coastal areas surrounding the islands The book is a valuable resource for geographers island scholars other scientists university students teachers policymakers NGOs other practitioners and the public worldwide who find the book topics informative insightful and valuable

Roads to Freedom

Mushirul Hasan, 2016-06-30 In its most brutal form the prison in British India was an instrument of the colonial state for instilling fear and dealing with resistance Exploring the lived experience of select political prisoners this volume presents their struggles and situates them against the backdrop of the freedom movement From Mohamed Ali Maulana Abdul Kalam Azad the Nehru family and Gandhi to communists like M N Roy we get a vivid glimpse of their lives within the confines of the prison in a narrative that is at times deeply personal and yet political The struggles of some remarkable women of the time are also brought to the fore be it the feisty doctor Rashid Jahan Aruna Ali Vijaya Lakshmi Pandit or Sarojini Naidu Extensively researched the volume draws upon the records at the National Archives of India private papers creative writings of the prisoners newspapers memoirs biographies and autobiographies The volume also brings to light the differences between Indian and European prisons during the colonial period and the conception of criminal classes in the colony Capturing the sharp pangs of loneliness the poetry born out of solitude and the burning desire for independence Roads to Freedom breathes new life into accounts and tales long forgotten
