Private Libraries of Musicians and Musicologists Siegrun H. Folter, 1987      Private libraries of musicians and musicologists ,1987      **The Archive of the Sing-Akademie zu Berlin. Catalogue** Axel Fischer, Matthias Kornemann, 2009-12-22 With The Archive of the Sing Akademie zu Berlin Catalogue a complete catalogue of the music archive of the Sing Akademie zu Berlin is now available for the first time since the archive which disappeared during World War II was rediscovered in 1999 The whole work is complete in English and German Since 2001 the more than 260 000 pages of music manuscripts copies and first prints from 17th to early 19th cent were revised by two musicologists which compiled an index of shelf marks and an index of composers Thus detailed searches in the holdings of the archive which were filmed since 2002 in several parts on microfiche at K G Saur are possible for the first time The Catalogue lists 9 735 works of 1 008 different composers It provides also a concordance signature microfiche and therefore serves as a cumulated guide to the microfiche editions all the more the registers have been revised and improved The unique collection is introduced by a number of articles by the following musicologists Axel Fischer Archive of the Sing Akademie Berlin Christoph Henzel Hochschule f r Musik W rzburg Klaus Hortschansky University of M nster Matthias Kornemann Archive of the Sing Akademie Berlin Ulrich Leisinger Mozarteum Salzburg Mary Oleskiewicz University of Massachusetts Boston Ralph J Reipsch Zentrum f r Telemann Pflege und Forschung Magdeburg Tobias Schwinger Berlin      **1979-1990** Henryk Sawoniak, 2012-02-14 No detailed description available for 1979 1990      **Dictionary of American Library Biography** Donald G. Davis, 2003-01-30 This second supplement to DALB the Dictionary of American Library Biography 1978 adds 77 notable deceased members of the library and archival communities to the 302 entries in the main volume and the 51 entries in the first supplement 1990 The second supplement includes primarily those figures who died between 1987 and the end of the year 2000 though some 13 entries provide sketches for notable persons whose death dates are somewhat earlier and who were not included in earlier works Among the entries are a number of African Americans and nearly one half of the entries are women Some 80 contributors from the United States and Canada provided sketches many based on original source material This supplement follows the practice and format of the earlier volumes though it allows presidents of the American Library Association to compete for inclusion with other nominations      **Musicology and Sister Disciplines** International Musicological Society. Congress, 2000 Drawing on the work of leading experts from around the globe Musicology and Sister Disciplines provides the definitive authoritative statement on the scope of musicology today and its relationship to other fields of academic endeavour including philosophy and aesthetics literary studies art history mathematics computer science historiography and sociology Presenting the Proceedings of the 16th Congress of the Musicological Society held in London in 1997 Musicology and Its Sister Disciplines demonstrates how in recent years the scope of musicology has expanded to embrace such areas as semiotics gender studies and computer applications All these key related disciplines are discussed together with the

implications of the so called new musicology alongside the traditional concerns of the discipline Music is represented in all its forms including jazz popular music film music and the music of different ethnic groups and the broad ranging theme of the collection is established at the outset by two keynote papers by philosopher Bernard Williams and mathematician Roger Penrose The volume contains the full texts of the Keynote Papers and Round Table sessions reports on the Study sessions and abstracts of the Free Papers and Poster Sessions

**The Great Vogue for the Guitar in Western Europe** Christopher Page,Paul Sparks,James Westbrook,2023 The first book devoted to the composers instrument makers and amateur players who advanced the great guitar vogue throughout Western Europe during the early decades of the nineteenth century Contemporary critics viewed the fashion for the guitar with sheer hostility seeing in it a rejection of true musical value After all such trends advanced against the grain of mainstream musical developments of ground breaking often Austro German repertoire for standard instruments Yet amateur musicians throughout Europe persisted many instruments were built to meet the demand a substantial volume of music was published for amateurs to play and soloist composers moved freely between European cities This book follows these lines of travel venturing as far as Moscow and visiting all the great musical cities of the period from London to Vienna Madrid to Naples The first section of the book looks at eighteenth century precedents the instrument its makers and owners amateur and professional musicians printing and publishing pedagogy as well as aspects of repertoire The second section explores the extensive repertoire for accompanied song and chamber music A final substantive section assembles chapters on a wide array of the most significant soloist composers of the time The chapters evoke the guitar milieu in the various cities where each composer player worked and offer a discussion of some representative works This book bringing together an international tally of contributors and never before examined sources will be of interest to devotees of the guitar as well as music historians of the Romantic period

*American Music Librarianship* Carol June Bradley,2013-09-13 The literature of American music librarianship has been around since the 19th century when public libraries began to keep records of player piano concerts significant donations of books and music and suggestions for housing music As the 20th century began American periodicals printed more and more articles on increasingly specialized topics within music studies Eventually books were developed to aid the music librarian their publication has continued over the course of nearly a century This book reflects the great diversity of

the literature of music librarianship The main resources included are items of historical interest descriptions of individual collections catalogues of collections articles describing specific library functions record related subjects bibliographies designed for music library use literature from Canada and Britain when relevant to U S library practices key discographies and information on specialized music research The material is ordered by topic and indexed by author subject and library name

The Routledge Companion to Applied Musicology Chris Dromey, 2023-09-19 The Routledge Companion to Applied Musicology brings together academics artist researchers and practitioners to provide readers with an extensive and authoritative overview of applied musicology Once a field that addressed music's socio political or performative contexts applied musicology today encompasses study and practice in areas as diverse as psychology ecomusicology organology forensic musicology music therapy health and well being and other public oriented musicologies These rapid advances have created a fast changing field whose scholarship and activities tend to take place in isolation from each other This volume addresses that shortcoming bringing together a wide ranging survey of current approaches Featuring 39 authors The Routledge Companion to Applied Musicology falls into five parts Defining and Theorising Applied Musicology Public Engagement New Approaches and Research Methods Representation and Inclusion and Musicology in for Performance that chronicle the subject's rich history and consider the connections that will characterise its future The book offers an essential resource for anyone exploring applied musicology

**The Royal Musical Association** Leanne Langley, 2024-12-10 Charting the history of the Royal Musical Association over 150 years from scientific roots and the long resistance of British universities to music study to bringing UK musicology to worldwide recognition This book is the first comprehensive history of the Royal Musical Association Drawing on extensive archival material and exploring a host of colourful people it paints an absorbing picture of scholarly achievement in Britain across 150 years Founded in London in 1874 as a learned society for musical research the Association emulated the venerable Royal Society in welcoming diverse backgrounds but went further by including women Charting its scientific roots and the long resistance of British universities to music study the narrative shows how the Association published a strong body of research independently blossoming from 170 members in the 1870s to more than 1400 today Early joiners included the scientists William Pole and John Tyndall a founder of climate science the art historian Elizabeth Eastlake and musicians from John Stainer to Agnes Zimmermann Their goal was to investigate and discuss music rather than perform it or give concerts Because no member was yet trained in what would later be called musicology the papers covered an eclectic range of scientific ethnographic and historical questions broad in scope and responsive to heard music Whether measuring acoustic phenomena studying popular music or deciphering manuscripts of early polyphony the Association promoted wide engagement as well as the establishment of academic musicology Meanwhile members including W B Squire Edward J Dent Thurston Dart and Stanley Sadie transformed public understanding Their work in music library development opera Musica Britannica early music criticism and music lexicography helped gain global

recognition for British scholarship With arts study under pressure in the current uncertain climate the Association's recent concern for real world issues in diversity practice based research and the vital role of music in schools remains true to its founding spirit

**International Who's who in Music and Musicians' Directory**, 1992 *Modern Music Librarianship* Alfred Mann, 1989 For 37 years Ruth Watanabe served as head of the Sibley Library of the Eastman School of Music University of Rochester one of the most outstanding collections of music books on music and music recordings of any academic institution in the western world This volume published in association with Bärenreiter Verlag comprises essays devoted to the history organization administration and innovations of the modern music library

*Music, Libraries, and the Academy* James P. Cassaro, 2007-01-01 This collection of articles dedicated to the memory of Lenore Coral divides into three sections that focus on her scholarly interests music of the eighteenth century music libraries and collections and new approaches to the musical canon Many of the seventeen contributions included in the volume are the result of the individual author's connection with Lenore or were projects that she had been directly involved with either as dissertation advisor committee member or interested observer The senior scholars and music librarians represented here are testament to the impact of her intellect and influence

*The Invention of Latin American Music* Pablo Palomino, 2020-04-29 The ethnically and geographically heterogeneous countries that comprise Latin America have each produced music in unique styles and genres but how and why have these disparate musical streams come to fall under the single category of Latin American music Reconstructing how this category came to be author Pablo Palomino tells the dynamic history of the modernization of musical practices in Latin America He focuses on the intellectual commercial musicological and diplomatic actors that spurred these changes in the region between the 1920s and the 1960s offering a transnational story based on primary sources from countries in and outside of Latin America The Invention of Latin American Music portrays music as the field where for the first time the cultural idea of Latin America disseminated through and beyond the region connecting the culture and music of the region to the wider global culture promoting the now established notion of Latin America as a single musical market Palomino explores multiple interconnected narratives throughout pairing popular and specialist traveling musicians commercial investments and repertoires unionization and musicology and music pedagogy and Pan American diplomacy Uncovering remarkable transnational networks far from a Western cultural center The Invention of Latin American Music

firmly asserts that the democratic legitimacy and massive reach of Latin American identity and modernization explain the spread and success of Latin American music
