Shore Dimly Seen:

Georgia Governors in an Age of Change Harold P. Henderson, Gary L. Roberts, 1988 Beginning with the inauguration of Ellis Arnall as governor in 1943 *Georgia Governors in an Age of Change* traces the gubernatorial leadership of Georgia through four decades chronicling the state's rise from bastion of southern provincialism to a dynamic and progressive state

The Land of the Free, 1941 *LIFE*, 1963-03-29 *LIFE* Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet. Users can browse, search, and view photos of today's people and events. They have free access to share, print, and post images for personal use.

Northwest Passage Kenneth Roberts, 2016-12-19 An exciting and fast-paced adventure story based in colonial America. Written from the viewpoint of a fictional friend of the historic Robert Rogers, famed in America as the leader of Rogers' Rangers, a guerrilla squadron harassing the English forces throughout the American War of Independence. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high-quality modern editions using the original text and artwork.

Peace Forum, 1913 *The Peace Forum*, 1913 *Letters from New-York* Lydia Maria Child, 1998 Prominent author and abolitionist Lydia Maria Child began writing her letters from New York in August 1841 as a response to the troubling realities marking her private and public life. In particular, she was preoccupied by her editorial duties at the *National Anti-Slavery Standard* and dismayed by the growing sectarian spirit of antislavery reform. Collected primarily from the pages of the *Standard*, her literary essays on women's rights, the preaching of African American minister Julia Pell, the Crosby Street Synagogue, animal magnetism, the engineering miracle of Croton Aqueduct, and countless other people, topics, and events capture the breathless and sometimes unsettling transformation of one representative hub of national life. In his general introduction and annotation of the text, Bruce Mills reconstructs the biographical and cultural context surrounding the book's publication and documents substantive changes between the *Standard's* version of the letters and the book form. This edition also includes ten letters that Child chose to omit from earlier editions, including essays on the farewell gathering for the Amistad captives at the African Methodist Episcopal Zion Church and the near lynching of British abolitionist George Thompson. Long considered among Child's best writing, *Letters from New York* still captivates readers with its moving descriptions of enduring cultural realities. It offers readers a telling glimpse of New York as an emerging urban center and is an invaluable addition to the library of American literature.

State Board of Library Commissioners, 1915 *The Educator-Journal*, 1919 **Army and Navy Service Book**, 1917 *The Politics of Change in Georgia* Harold P. Henderson, 1991 This biography of Ellis Arnall follows the life and political career of the former governor from his rural Georgia upbringing through his service as state representative, attorney general, and governor to his subsequent political

exile Arnall assumed the governorship of Georgia in 1943 becoming the youngest person in the United States ever elected to that position In his single term 1943 1947 he initiated a series of remarkable reforms that elevated Georgia above its Tobacco Road image and stood it alongside North Carolina then the South's most progressive state Unlike most of his colleagues Arnall refused to play it safe in the state's political arena Though still a segregationist and a traditionalist in many ways Arnall had no patience for provincialism and cared deeply about Georgia and how it was viewed by the rest of the nation Boldly confronting the demagoguery of his predecessor Eugene Talmadge Arnall who called himself a democrat with a small d united the state's liberal and conservative factions to deliver the promise of the New South to all of Georgia's citizens biracial voting government reform economic development and an improved standard of living So sweeping and farsighted were Arnall's accomplishments that to a great extent the structure of Georgia's present day government evolved under his guidance and has changed little since In 1985 a Georgia Association of Historians survey ranked Arnall's leadership responsiveness to issues and national reputation the highest among governors who served from 1943 1983 Successful as it was his career begun a decade earlier in the state house of representatives was cut short Many Georgians felt that Arnall was too liberal and worse that he had catered to the national media enhancing his own image by discussing the state's problems with outsiders By Arnall's own estimation his political career ended when he decided to abide by a 1945 federal court decision that invalidated Georgia's white voters only primary elections Arnall left politics in 1947 returning briefly in 1966 for a spirited but unsuccessful primary bid for governor Written with Ellis Arnall's full cooperation and filled with fascinating details of the final days of Old South politics this book recounts the political career of one of the region's most accomplished and energetic leaders The Politics of Change in Georgia is based on the former governor's speeches and public writings critical and supportive newspapers accounts and interviews both with Arnall and with other prominent Georgians such as Herman E Talmadge S Ernest Vandiver Jr Lester G Maddox Carl E Sanders Jr James H Gray Sr Howard H Callaway and Ivan Allen Jr Lincoln Literary Collection, Designed for School Room and Family Circle John Piersol McCaskey, 1897 **Trail**

from St. Augustine Lee Gramling, 2022-07-01 In the spring of 1771 John MacKenzie arrives in British ruled St Augustine after a year of fur trapping He is quickly drawn into an adventure that involves defending a young woman indentured to the powerful and treacherous James Tyrone MacKenzie and Becky Campbell set out across the untamed Florida wilderness accompanied by a crusty sailor named Blackpool Bobby and Jeremiah a black slave hunter As they move toward buried gold Tyrone's murderous trackers pursue all three resulting in a showdown on the windswept sands of the Florida Gulf Coast

The Civil Rights Movement Revisited Patrick B. Miller, Therese Frey Steffen, Elisabeth Schäfer-Wünsche, 2001 The crusade for civil rights was a defining episode of 20th century U S history reshaping the constitutional political social and economic life of the nation This collection of original essays by both European and American scholars includes close analyses of literature and film historical studies of significant themes and events from the turn of the century to the movement years

and assessments of the movement's legacies. Ultimately, the articles help examine the ways civil rights activism often grounded in the political work of women has shaped American consciousness and culture until the outset of the 21st century.
