Restaurant and Bar Marketing Erik Shellenberger,2021-11-05 The Experts are lying to you A real raw and relevant look at the reality of Restaurant Marketing in today s noisy online world Learn why social media marketing has lost its effectiveness over the years and how content marketing can give you a simple much needed edge Master the Fishbowl vs the Ocean concept and start increasing guest counts where the NEW customers are Google Tripadvisor and Yelp NOT social media Do not listen to the one size fits all social media people who put their own best interests ahead of your restaurant s success Learn from my decade of corporate Restaurant Marketing experience and my knowledge gained by simply ASKING the public how they decide where to eat and drink instead of guessing The marketing status quo of today is shockingly flawed which is costing your business money Living a lifetime in the trenches from dishwasher to corporate marketing director and everything in between I ve learned a few things about human nature and why we have to adapt and pivot instead of refusing to evolve THIS is how to improve guest counts and run a successful bar or restaurant Today s Restaurant Marketing Expert is running increasingly low on the Expert part Now more than ever large corporate restaurant marketing teams rely on expensive social media campaigns and flashy looking visual presentations All of which will be seen by an decreasing number of potential customers These marketing departments often can t differentiate between what works for them personally and what will make your restaurant succeed The marketing approach for a nightclub with a younger demographic is totally different for a casual restaurant or for fine dining Yet we all still use this generic plug and play social media marketing approach used over and over in the most hilariously misused way possible Restaurant Marketing and Marketing Strategies in general have come a long way since the internet was invented What worked a decade ago is laughable today What worked

last year is probably pretty worthless today If your business is in a tourist heavy environment yet your marketing approach is based in social media and not SEO Search engine optimization then I can promise you your money is being wasted Can your customers find you from Facebook if they haven't ever heard of you Can they see your clever Instagram posts if they have no idea you exist Tourists and people looking to make a right here right now purchase primarily use 3 online tools Google Tripadvisor and Yelp Stop throwing money away on insane Restaurant Marketing Campaigns geared toward an audience you don't even have In this book I cut out all of the noise and BS of traditional Restaurant Marketing approaches and narrow it down to what works To what we can measure and prove To what actually brings in a positive ROI and helps improve your business and grow your guest counts Take it from a former employee and Corporate Marketing Director who was forced to implement ridiculous Restaurant Marketing campaigns with zero accountability and zero proven success rates I'm well versed in what doesn't work and I've seen hundreds of thousands of dollars wasted in the name of Restaurant Promotions over the years Don't make these same mistakes and keep your money where it belongs in your bank account This book is an extremely easy read and digest I don't try to sound pseudo educated by deliberately talking over someone's head like some stuffy board room sales pitch I'm only concerned about one thing to bring more customers into your restaurant or bar I cut out the nonsense and overthought ideas and make implementing your own Restaurant Marketing Strategy so easy that anyone can do it No fancy degree or college intern needed
