How Big is

a Big Number? Paul Killen, Sarah Hindhaugh, 2018-01-15 What how and why If you don't really understand the content of the primary mathematics curriculum how can you teach it This beautiful full colour book is here to help It covers all you need to know to be an effective teacher of primary mathematics It shows you how to explore number shape and pattern with the children you teach It examines what we mean by mastery of mathematics and reviews what we can learn from Asian maths teaching methods It helps you to see how areas of mathematics fit together and how you can support children to build their own understanding of the subject This book goes beyond showing you how to teach It shows you that process is as important as product That getting it wrong can be as useful as getting it right and that children can't really learn the what without understanding the why
