Phallic Emblems:

Phallic Worship Hargrave Jennings, 2023-09-01 Reproduction of the original **Sex Or Symbol?** Catherine Johns, 2000 First published in 2000 Routledge is an imprint of Taylor Francis an informa company Moon-o-theism, Volume II of II Yoel Natan, 2006 This is volume two of a two volume study of a war and moon god religion that was based on the Mideast moon god religion of Sin Life Symbols as Related to Sex Symbolism Elizabeth Edwards Goldsmith, 2011-01-31 Life symbols as related to sex symbolism a brief study into the origin and significance of certain symbols which have been found in all civilisations such as the cross the circle the serpent the triangle the tree of life the swastika and other solar emblems showing the unity and sympathy of thought underlying their use as religious symbols *The Serpent Symbol, and the Worship of the Reciprocal Principles of Nature in America* Ephraim George Squier, 1851 Polynesian Religion Edward Smith Craighill Handy, 1927 **Bulletin** Bernice Pauahi Bishop Museum, 1927 Gods of Love and Ecstasy Alain Daniélou, 1992-05-01 Shiva and Dionysus are the Hindu and Greek gods of magical power intoxication ecstatic sexuality and transcendence who initiate us into communion with the creative forces of life Revealing the earliest sources of the traditions of Shiva and Dionysus Alain Danielou reconstructs the fabric of our ancient relationship with creation vividly relating practices that were observed from the Indus Valley to the coasts of Portugal at least six thousand years ago **The Siva Purana Part 1** J. L. Shastri, 2000-01-01 The Purana is a class of literature that treats of ancient religion philosophy history sociology politics and other subjects It is an encyclopaedia of various branches of knowledge and ancient wisdom It has been defined as a class of literature that contains material on the topics of Creation Dis solution of Manus Ages of Manus Genealogies and the History of glorious kings For dealing primarily with these subjects it has been called Pancalaksana a title that was incorporated in the Puranas themselves and had become popular by the Fifth Century A D for it was included by Amarasimha in his lexicon Amarakosa But as the process of interpolation continued the Pancalaksana definition was found inadequate The Puranic redactors adopted a Dasalaksana definition that suited the contemporary text Still the dynamic forces were at work and the process of insertion modification and abridgement went on and it was soon discovered that the Dasa laksana definition too fell short of an actual fact It was found that the Puranas contained certain aspects that were not covered by any five or ten characteristics The Puranas are divided into two classes the Maha puranas and the Upapuranas Each class consists of eighteen Puranas Thus the number of the Puranas is thirty six Mahapuranas are classified into different categories Vaisnava Brahma Saiva etc Sivapurana has all the characteristics of a Mahapurana According to the ancients a Mahapurana contained five main characteristics that concerned either early religion or traditional history Sivapurana possesses the conventional characteristics of a Mahapurana in common with its other colleagues These entitle it to the status of a great Purana But its real greatness lies in expounding the philosophical background of the Siva ritual The Purana conceives Siva as the eternal principle the supreme god the cosmic soul the support of all existence But the ignorant

aspirant bound in the meshes of illusion goes in quest for knowledge and imagines that his lord has a personal form possessed of attributes distinct from his self who in moments of distress responds to his prayers and bestows grace **The American Journal of Religious Psychology and Education** Granville Stanley Hall,1911 Sex in Civilization Victor Francis Calverton,Samuel Daniel Schmalhausen,1929 Several pages on homosexuality see index **The Non-Christian Cross** John Denham Parsons,2020-01-02 The history of the symbol of the cross has had an attraction for the author ever since as an enquiring youth he found himself unable to obtain satisfactory answers to four questions concerning the same which presented themselves to his mind Pursuing these matters for himself the author eventually found that even before our era the cross was venerated by many as the symbol of Life though our works of reference seldom mention this fact and never do it justice He moreover discovered that no one has ever written a complete history of the symbol showing the possibility that the stauros or post to which Jesus was affixed was not cross shaped and the certainty that in any case what eventually became the symbol of our faith owed some of its prestige as a Christian symbol of Victory and Life to the position it occupied in pre Christian days The author has therefore in the hope of drawing attention to the subject incorporated the results of his researches in the present book *The Fox and the Jewel* Karen A. Smyers,2021-05-25 The deity Inari has been worshipped in Japan since at least the early eighth century and today is a revered presence in such varied venues as Shinto shrines Buddhist temples factories theaters private households restaurants beauty shops and rice fields Although at first glance and to its many devotees Inari worship may seem to be a unified phenomenon it is in fact exceedingly multiple noncodified and noncentralized No single regulating institution dogma scripture or myth centers the practice In this exceptionally insightful study the author explores the worship of Inari in the context of homogeneity and diversity in Japan The shape shifting fox and the wish fulfilling jewel the main symbols of Inari serve as interpretive metaphors to describe the simultaneously shared yet infinitely diverse meanings that cluster around the deity That such diversity exists without the apparent knowledge of Inari worshippers is explained by the use of several communicative strategies that minimize the exchange of substantive information Shared generalized meanings tatemaie are articulated while private meanings and complexities honne are left unspoken The appearance of unity is reinforced by a set of symbols representing fertility change and growth in ways that can be interpreted and understood by many individuals of various ages and occupations The Fox and the Jewel describes the rich complexity of Inari worship in contemporary Japan It explores questions of institutional and popular power in religion demonstrates the ways people make religious figures personally meaningful and documents the kinds of communicative styles that preserve the appearance of homogeneity in the face of astonishing factionalism **The Military History of Ohio** A. Parsons Stevens,1885 *The Eliminator* Richard Brodhead Westbrook,1892 **IN HIS NAME** E. Christopher Reyes,2014-09-04 This book one of a series of books reveals the secrets the Christian ministry does not want you to know It is about the unknown writers of Holy Scriptures From the earliest of times the conquerors have had a hand in writing the

history of their vanquished hence nine out of ten Christians don't know who wrote their Gospels Today even the clergy doesn't know as they regurgitate the lies that they were taught from their early years of inadequate religious inculcation indoctrination the Jews themselves looked upon the followers of Christ as a mere Israelitish sect The sect of the Nazarenes Acts 24 15 As stated in the Catholic Encyclopedia they are the believers in the promised Messiah Catholic Encyclopedia Vol III p 713 Mankind whose body is mortal is promised immortality for his soul by a deceptive priest craft whose intentions are self serving What could possibly compel man to deceive lie and create fictitious histories Food Money Sex Profit Prestige All of the aforementioned cf 2 Tim 3 13 First of all is man's basic need food the common folk are now starving and disorderly as money is hard to obtain due to high interest rates and upon this there are life threatening droughts and a famine cf Deut 7 1 2

The Threshold Covenant Henry Clay Trumbull, 1896 South African Journal of Science, 1929 **Studies in Biblical and Semitic Symbolism** Maurice Harry Farbridge, 1923 The Concept of Rudra-Siva Through the Ages Mahadev Chakravarti, 1986-01-01 The present book throws new light on the gradual development of the concept of Rudra Siva in his animal phallic and human forms since the days of the Harappa Civilization It examines how Siva the composite Aryan non Aryan Divinity was not only admitted but was ultimately crowned with an exalted position in the Brahmanical pantheon how the bull once identified with the deity was regulated to the position of a vahana how phallism was related to Saivism and also how Siva in his different forms was represented in early Indian Art and the Art of Further India The wide range and depth of the author's research fills a vital gap in the subject and his treatment of the entire subject is unique This methodical study on Siva also contains an exhaustive bibliography
