Pioneer Women Voices From The Kansas Frontier Introduction By Arthur M Schlesinger Jr:

The Tradition of Women's Autobiography Estelle C. Jelinek, 2004-03-19 *I Survived the Children's Blizzard, 1888 (I Survived #16)* Lauren Tarshis, 2018-02-27 Bestselling author Lauren Tarshis tackles the Children's Blizzard of 1888 in this latest installment of the groundbreaking New York Times bestselling *I Survived* series Eleven year old John Hale has already survived one brutal Dakota winter and now he's about to experience one of the deadliest blizzards in American history The storm of 1888 was a monster a frozen hurricane that slammed into America's midwest without warning Within hours America's prairie would be buried under ten feet of snow Hundreds would be dead thousands terrified and lost and freezing John never wanted to move to the wide open prairie He's a city kid not a tough pioneer But his inner strength is seriously tested when he finds himself trapped in the blinding snow the wind like a giant crushing hammer pounding him over and over again Will John ever find his way home [The Lonesome Plains](#) Louis Fairchild, 2002 Loneliness pervaded the lives of pioneers on the American plains including the empty expanses of West Texas Most settlers lived in isolation broken only by occasional community gatherings such as funerals and religious revivals In *The Lonesome Plains* Louis Fairchild mines the letters and journals of West Texas settlers as well as contemporary fiction and poetry to record the emotions attending solitude and the ways people sought relief Hungering for neighborliness people came together in times of misfortune sickness accident and death and at annual religious services In fascinating detail Fairchild describes the practices that grew up around these two focal points of social life He recounts the building of coffins and preparation of a body for burial the conflicting emotions of the pain of death and the hope of heaven the funeral rite itself the lost and lonely graves And he tells the story of yearly outdoor revivals the choice of the meeting site and construction of the arbor or other shelter the provision of food the music and emotionally charged services and tangential courting and mischief Loneliness is most recognized as a feature of life in the time of the early West Texas cattle industry a period of sprawling cattle ranches and legendary cattle drives roughly from 1867 to 1885 But Fairchild shows that it also characterized the lives of settlers who lived in West Texas from the beginning of permanent settlement of the Texas Panhandle around 1876 through the population shift that occurred around the turn of the century as farmers and their families supplanted ranchers and their cattle Fairchild draws on primary materials of the early residents to give voice to the settlers themselves and skillfully weaves a moving picture of life in the open spaces of West Texas during the frontier rural period of the late nineteenth and early twentieth centuries [Mother Jones Magazine](#), 1982-06 *Mother Jones* is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues **Time's Shadow** Arnold J. Bauer, 2014-05-02 Arnold Bauer grew up on his family's 160 acre farm in Goshen Township in Clay County Kansas amidst a land of prairie grass and rich creek bottom soil His meditative and moving account of those years depicts a century long narrative of struggle survival and demise A coming of age memoir set in the 1930s to 50s it blends local history with personal reflection to paint a realistic

picture of farm life and families from a now lost world Bauer's was typical of true family farms where wives supplemented family income by selling butter and eggs and children provided unpaid labor These hardworking farmers were not particularly heroic or virtuous They had their debts and doubts but at the same time their struggles for a kind of moral economy offer valuable lessons that merit our attention today Among Bauer's vivid recollections driving a team of huge clomping work horses his father's daybreak call to long days in the field at age 12 and surviving eight years of education in a one room schoolhouse with one teacher determined to have all her students learn the harmonica He shares the trials of Depression and drought experiences the coming of electricity which prompted his father to take on a sideline as an electrician and reveals the vital importance of the local blacksmith Throughout the book he finds wonder in the commonplace like going to town on a Saturday night for a black walnut ice cream cone Here is a childhood that few in the United States will ever know More than that it is a key to understanding the tragedy that befell the smaller family farms on the Great Plains as sweeping changes after the mid 1950s falling grain and livestock prices adverse terms of trade for agricultural products turned out to be more devastating than tornados or dust storms Gracefully written with a keen eye for the telling detail Time's Shadow eloquently captures the events of an era and the meaning it held for one boy and those around him It is a refreshingly unsentimental Little House on the Prairie that will resonate not only with older compatriots but with anyone whose curiosity leads them to wonder about a world we have lost A Fate Worse Than Death Gregory Michno, Susan Michno, 2007 Captivity narratives have been a standard genre of writings about Indians of the East for several centuries a Until now the West has been almost entirely neglected a Now Gregory and Susan Michno have rectified that with this painstakingly researched collection of vivid and often brutal accounts of what happened to those men and women and children that were captured by marauding Indians during the settlement of the West **Bill Smith's Tales from the Featherbed** Bill Smith, 1994 *Pioneer Women* Joanna Stratton, 2013-05-28 From a rediscovered collection of autobiographical accounts written by hundreds of Kansas pioneer women in the early twentieth century Joanna Stratton has created a collection hailed by Newsweek as uncommonly interesting and a remarkable distillation of primary sources Never before has there been such a detailed record of women's courage such a living portrait of the women who civilized the American frontier Here are their stories wilderness mothers schoolmarm's Indian squaws immigrants homesteaders and circuit riders Their personal recollections of prairie fires locust plagues cowboy shootouts Indian raids and blizzards on the plains vividly reveal the drama danger and excitement of the pioneer experience These were women of relentless determination whose tenacity helped them to conquer loneliness and privation Their work was the work of survival it demanded as much from them as from their men and at last that partnership has been recognized These voices are haunting The New York Times Book Review and they reveal the special heroism and industriousness of pioneer women as never before
