*Principles of Language Learning and Teaching* H. Douglas Brown,1980 The book comprehensively integrates theory research and practice in language teaching The material stresses the importance of understanding key principles of language learning which enables the instructor to choose varying methods and techniques for many different situations rather than depending upon one method for all The book helps you to put your theory into practice in the teaching of any modern language It covers a range of topics and helps you to understand not only how people learn a language but why some people do not learn a language As the author summarizes It provides necessary and sufficient foundation stones for building the capacity to understand evaluate and perfect language teaching practices Publisher

**The Principles of Language-Study** Harold E. Palmer,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1921 edition Excerpt chapter xiv A rational order of progression one of the greatest differences between the oldfashioned manner of teaching languages and the new manner towards which we are feeling our way is a difference in what we call order of progression This term and the principle which is involved therein cannot at the present stage of our knowledge be defined in very categoric terms its connotation is somewhat loose for it may be applied to the general programme of study and also to any particular item of study In some ways the principle seems to have a close connexion with gradation and yet on the whole it appears to cover other ground for we can imagine entirely different orders of progression and each may be well or badly graded Under this particular heading we have to consider the order in which the various aspects and branches of a language may be dealt with We may conceivably work from the written to the spoken or vice versa we may start with systematic ear training and articulation exercises or leave these to a later stage we may advise or we may reject the use of a phonetic alphabet we may teach or we may leave intonation we may proceed from the word towards the sentence or we may take the sentence as our starting point we may exclude irregularities during the early stages or we may include them we may insist on a slow and distinct pronunciation at the outset and leave abbreviations and shortened forms to a later stage In all these matters and in other cases as well we have to consider very seriously two alternatives we have to weigh the respective advantages and disadvantages remembering always that our object is to secure rapid but permanent progress Each of the

pairs of alternatives enumerated above has been and principles and tools for second language assessment
