and testing procedures for the design and manufacture of bituminous materials for applications in pavement construction  
Practical test procedures are recommended for binder evaluation mix design and performance assessment of bituminous  
materials The three main topics addressed are binder testing mix design and mechanical testing of mixtures Each is  
examined through interlaboratory tests and there is a literary review of existing practices and methods for the production of  
polymer modified binders mixture design and the mechanical properties of mixtures      Hot-mix Bituminous Paving Manual
