Writing as Resistance Robert Gaucher,2002 This anthology consists of a selection of articles and essays written by people who are either in prison or have been imprisoned The work of the writers was first published in several editions of the Journal of Prisoners on Prisons from 1988 to 2001 The writers address the growth and development of the crime control industry the social construction of prison life and the implications for society in general This anthology humanizes the prisoner by enabling his her voice to be heard by members of society It opens with a general introduction to prison writing by the editor and with considerations on being a writer in prison by three established prison writers They write of the need to know understand and deconstruct the prison as a formative aspect of the decision to write and as an influence on their development as writers The entire collection presents the notion that writing and artistic expression become resistance a testament to surviving the dislocation that prison life creates Gaucher suggests that this moves writing from merely being an act of resistance and into the arena of cultural struggle

The Red Army Guerrilla Warfare Pocket Manual, 1943 Lester Grau,Michael Gress,2019-11-19 The indispensable guerilla warfare manual first developed by the Russian military during WWII with a thorough introduction on its legendary history During the Second World War the Red Army developed The Partisan s Companion to train Soviet guerillas to fight Nazi invaders It contains the Soviet lessons of two bitter years of war covering field craft guerilla tactics German counter guerrilla tactics demolitions German and Soviet weapons scouting camouflage anti tank warfare and anti aircraft defense for squad and platoon level instruction It proved so effective that it was later used to train Third World guerrillas in their wars of national liberation during the 1950s 70s and even the Fedayeen guerrillas who fought US and coalition forces in Iraq The Soviet partisans moved and lived clandestinely harassed the enemy and supported the Red Army through reconnaissance and attacks on German supply lines They clearly frustrated German logistics and forced the Germans to periodically sideline divisions for rear area security The partisans and their handbook were a vital part of the eventual Soviet victory over Germany This pocket manual puts The Partisan s Companion in context explaining its importance

The Red Army's Do-It-Yourself, Nazi-Bashing Guerrilla Warfare Manual Lester Grau,Michael Gress,2020-01-10 The WWII Soviet guerilla training manual that became an essential text for freedom fighters across the globe complete with illustrations When Germany invaded the Soviet Union during World War II the Red Army began recruiting local partisans to help mount a resistance This edition of The Partisan s Companion is the last and best Red Army manual used to train these men to fight Nazi invaders Besides field craft it covers partisan tactics German counter guerrilla tactics demolitions German and Soviet weapons scouting camouflage anti tank warfare and antiaircraft defense for squad

and platoon level instruction It contains the Soviet lessons of two bitter years of war and provides a good look at the tactics and training of a mature partisan force While this handbook was a vital part of Soviet victory over the Nazis its usefulness outlived the Second World War It was later used to train guerrilla groups in the developing world during their wars of national liberation in the 1950s 70s Even the fedayeen guerrillas who fought US and coalition forces in Iraq relied on this manual for training tactics and general approach to combat A selection of the Military Book Club Japanese War Crimes and Related Topics: A Guide to Records at the National Archives United States. National Archives and Records Administration, 200? This finding aid will help researchers interested in Japanese war crimes war criminals and war crimes trials to navigate the vast holdings of the U S National Archives and Records Administration at College Park NARA It will also be useful to anyone interested in military intelligence political diplomatic economic financial social and cultural activities in the Far East during 1931 1951 as well as to those searching for information regarding Allied prisoners of war the organization functions and activities of American and Allied agencies and the Japanese occupation of countries and the American occupation of Japan While not aimed at researchers interested in the strategic and tactical military and naval history of the war in the Far East this finding aid may nevertheless be useful to those with such interests if only to identify record groups and series of records that may bear on those topics This finding aid covers records from over twenty record groups and includes materials declassified under the Japanese Imperial Government Disclosure Act of 2000 P L 106 567 as well as records that were never classified and those declassified before the passage of the Disclosure Act Because the process of identifying declassifying accessioning and processing of records under the Act is taking place as this finding is being compiled late arriving records may not be identified in this finding aid Researchers should consult the IWG Web site <http://www.archives.gov/iwg> for a complete and up to date list of records declassified under the Japanese Imperial Government Disclosure Act Federal agencies involved in the identification and declassification of relevant classified records ascertained that there were relatively few pertinent records that were still classified Most relevant records were either never classified or were declassified decades before the Act and were already in NARA s custody While this finding aid s coverage is broad it is not comprehensive Researchers may find other relevant series of records within the record groups mentioned or not mentioned Researchers are encouraged to use other finding aids and consult with NARA staff to locate records of interest In addition the National Archives at College Park holds nontextual records such as still photographs and motion pictures that researchers may want to examine Other NARA facilities hold many records and donated material related to World War II including records related to the subjects covered in this finding aid This is particularly true of the Franklin D Roosevelt the Harry S Truman and the Dwight D Eisenhower Archives Think of archives as vast mountain ranges of records with the archivists guiding the expeditions Explorations on familiar well trodden paths produce new perspectives when examined with fresh eyes and imagination

Guide to Federal Records in the National Archives of the United States: Record groups 171-515

United States. National Archives and Records Administration,1995 **Hope Never to See It** Andrew Fialka,2025-03-01

Hope Never to See It illustrates two exceptional incidents of occupational and guerrilla violence in Missouri during the American Civil War The first is a Union spy s two week long murder spree targeting civilians and the second is a pro Confederate guerrillas mutilation of almost 150 U S troops The men leading the atrocities Jacob Terman alias Harry Truman and Bloody Bill Anderson weren t so different Both the Union spy and the infamous Confederate guerrilla claimed to be avenging the deaths of their families operated under orders from military officials and were hard drinkers Their acts outline the terror inflicted on both sides of the struggle This book s use of sequential art displays these grisly realities to mute the war s glorification and to help prompt a modern meaningful reconciliation with the war The moral ambiguities contained within this story call into question our understanding of the laws of war and the ways in which wars end
