the people have not given to it What forces have collaborated to destroy personal freedom This back to basics on freedom addresses hard questions What is a Constitution and do we still have one What are the limits to government power in a free society Why does the government attack rather than defend our rights If our rights are inalienable how can the government take them away Do we really own any private property America is at a fundamental crossroads There are stirrings in the land and a cry that enough is enough The stories within these pages are told to help reawaken the natural human thirst for freedom to point out government interference with natural order and the disastrous consequences that follow
