Private Lives And Public Accounts:

Private Lives and Public Accounts Thomas J. Cottle, 1978 **Private Lives and Public Affairs** Sarah Maza, 1993

From 1770 to 1789 a succession of highly publicized cases riveted the attention of the French public Maza argues that the reporting of these private scandals had a decisive effect on the way in which the French public came to understand public issues in the years before the Revolution **Public Vision, Private Lives** Mark Sydney Cladis, 2007 Mark S Cladis pinpoints the origins of contemporary notions of the public and private and their relationship to religion in the work of Jean Jacques Rousseau His thesis cuts across many fields and issues philosophy of religion women s studies democratic theory modern European history American culture social justice privacy laws and notions of solitude and community and wholly reconsiders the political cultural and legal nature of modernity in relation to religion Turning to Rousseau s *Garden* its inhabitants the *Solitaires* and the question of restoration and redemption that preoccupied much of Rousseau s thought Cladis examines how Rousseau addressed the tension between the joys and moral obligations of social engagement and the desire for solitude He was caught between two possibilities active involvement in the creation of an enlightened and humane society or extrication from social entanglements in favor of cultivating a spiritual interior life Yet Rousseau did not view this conflict as a desperate division Rather for him it was a moral struggle to be endured by those who had fallen from the *Garden* For this edition Cladis has added a substantive introduction that discusses the role of religion in contemporary democratic societies particularly in American public life Cladis proposes four models of thinking about religion in public and champions what he calls spiritual democracy a dynamic culturally specific and progressive democracy Cladis argues that spiritual democracy refers not only to a society s legal codes and principles but also to its democratic culture and symbols and its daily practices and institutions It encompasses the nation s character diverse identities and a distinctivel exchange between the nation s public vision and citizens complex private lives **Public People, Private Lives** Jean Burton, Chris Burton, 2009-03-15 Who cares for the carers Is it possible for the families of public figures to have private lives How does it feel to be a vicarage child in the 21st century The authors tackle an area of enormous importance for the Church the stresses of clerical family life with implications which range from the nature of the appointments system and the principle of tied accommodation to the way in which the Church supports its clergy and their families More than simply a critique of the current situation however this book makes some specific recommendations thus offering a valuable resource to the Church and potentially well beyond it Essential reading for clergy and prospective clergy and their families all those responsible for their training appointment and welfare and anyone with an interest in the health wellbeing and future functioning of the Church Private Lives and Public Policies National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Panel on Confidentiality and Data Access, 1993-01-01 Americans are increasingly concerned about the privacy of personal data yet we demand more and more

information for public decision making This volume explores the seeming conflicts between privacy and data access an issue of concern to federal statistical agencies collecting the data research organizations using the data and individuals providing the data A panel of experts offers principles and specific recommendations for managing data and improving the balance between needed government use of data and the privacy of respondents The volume examines factors such as the growth of computer technology that are making confidentiality an increasingly critical problem The volume explores how data collectors communicate with data providers with a focus on informed consent to use data and describes the legal and ethical obligations data users have toward individual subjects as well as toward the agencies providing the data In the context of historical practices in the United States Canada and Sweden statistical techniques for protecting individuals identities are evaluated in detail Legislative and regulatory restraints on access to data are examined including a discussion about their effects on research This volume will be an important and thought provoking guide for policymakers and agencies working with statistics as well as researchers and concerned individuals

Private Lives, Public Histories Rachel Corr, Jacqueline Fewkes, 2020-07-22 Private Lives Public Histories brings together diverse methods from archaeology and cultural anthropology enabling us to glean rare information on private lives from the historical record The chapters span geographic areas to present recent ethnohistorical research that advances our knowledge of the connections between the public and private domains and the significance of these connections for understanding the past as a lived experience both historically and in a contemporary sense We discuss how the use of different sources e g public records personal journals material culture the built environment letters public performances etc can reveal different types of information about past cultural contexts as well as private sentiments about official culture and society Through an exploration of sites as varied as homes factories plantations markets and tourism attractions we address the public significance of private sentiments the resilience of bodies and gendered interactions in historical contexts In doing so this book highlights linkages between private lives and public settings that have allowed people to continue to exist within adapt to and or resist dominant cultural narratives

Private Lives in Public Places Dianne Willcocks, Sheila Peace, Leonie Kellaher, 2005-10-10 Public Order and Private Lives is a radical examination of the political forces which shape the law and order debate in Britain Mike Brake and Chris Hale provide a hard hitting analysis of Conservative policies on Crime showing that ironically Conservative policies have created the very social conditions in which crime has flourished They argue that the government is undermining basic civil liberties by its increased use of legislation as a means of control and coercion

Private Lives/Public Consequences William Henry Chafe, 2009-06-30 A political leader s decisions can determine the fate of a nation but what determines how and why that leader makes certain choices William H Chafe a distinguished historian of twentieth century America examines eight of the most significant political leaders of the modern era in order to explore the relationship between their personal patterns of behavior and their political decision making process The result is a fascinating look at how personal lives and political

fortunes have intersected to shape America over the past fifty years One might expect our leaders to be healthy wealthy genteel and happy In fact most of these individuals from Franklin Delano Roosevelt to Martin Luther King Jr from John F Kennedy to Bill Clinton came from dysfunctional families including three children of alcoholics half grew up in poor or only marginally secure homes most experienced discord in their marriages and at least two displayed signs of mental instability What links this extraordinarily diverse group is an intense ambition to succeed and the drive to overcome adversity Indeed adversity offered a vehicle to develop the personal attributes that would define their careers and shape the way they exercised power Chafe probes the influences that forged these men s lives and profiles the distinctive personalities that molded their exercise of power in times of danger and strife The history of the United States from the Depression into the new century cannot be understood without exploring the dynamic and critical relationship between personal history and political leadership that these eight life stories so poignantly reveal *The Private Lives of the Tudors* Tracy

Borman,2016-12-13 A history focused on the monarchs intimate daily lives that furnishes readers with a Hey did you know on almost every page The New York Times Book Review England s Tudor monarchs Henry VII Henry VIII Edward VI Mary I and Elizabeth I are perhaps the most celebrated of history s royal families But for all we know about them their lives away from the public eye remain largely beyond our grasp Here an acclaimed historian delves deep behind the public facade of the monarchs showing us what their lives were like beyond the stage of the court Drawing on original material from those closest to them courtiers like the groom of the stool a much coveted position surprisingly Tracy Borman examines Tudor life in fine detail What did the monarchs eat What clothes did they wear and how were they designed bought and cared for How did they wield power When sick how were they treated What games did they play How did they practice their faith And whom did they love and how did they give birth to the all important heirs Exploring their education upbringing and sexual lives and taking us into the kitchens bathrooms schoolrooms and bedrooms at court *The Private Lives of the Tudors* charts the course of the entire dynasty surfacing new and fascinating insights into these celebrated figures No royal family is better known But there s still much to learn from *The Private Lives of the Tudors* thanks to the expertise and persistence of Borman The most captivating moments of *Private Lives* and there are plenty of them bring the reader into other personal Tudor moments of strength weakness and heartache Christian Science Monitor Comprehensively researched and compulsively readable thoroughly entertaining Minneapolis Star Tribune **Disability and social change** Shah, Sonali,Priestley,

Mark,2011-03-23 Combining critical policy analysis with biographical accounts this book provides a socio historical account of the changing treatment of disabled people in Britain from the 1940s to the present day It asks whether life has really changed for disabled people and shows the value of using biographical methods in new and critical ways to examine social and historical change over time **Keywords in Qualitative Methods** Michael Bloor,Fiona Wood,2006-07-21 An essential companion for students across the social and health sciences this text provides a wide ranging coverage of qualitative

methods complemented by extended illustration from the array of academic disciplines in which qualitative research is found and employed Written in a lively and reader friendly style the guide covers a comprehensive range of topics including a concise definition of the method a description of distinctive features examples to convey the flavour of a technique or principle a critical and reflective evaluation of the method or approach under consideration cross references to associated concepts within the dictionary a list of key readings

Feminist Dilemmas in Qualitative Research Jane

Ribbens,Rosalind Edwards,1997-12-12 How can researchers produce work with relevance to theoretical and formal traditions and requirements of public academic knowledge while still remaining faithful to the experiences and accounts of research participants based in private settings Feminist Dilemmas in Qualitative Research explores this key dilemma and examines the interplay between theory epistemology and the detailed practice of research It does this across the whole research process access data collection and analysis and writing up research It goes on to consider ways of achieving high standards of reflexivity and openness in the strategic choices made during research examining these issues for specific projects in an open and accessible style Particular themes examined are the research dilemmas that occur from feminist perspectives in relation to researching private and personal social worlds the position of the researcher as situated between public knowledge and private experience and the dilemmas raised for researchers seeking to contribute to academic discourse while remaining close to their knowledge forms

Gender Images in Public Administration Camilla Stivers,2002-04-18 Ten years after the first edition *Gender Images in Public Administration* has been extensively updated to reflect recent research and new theoretical literature Like its predecessor this new edition applies a gender lens to the field of public administration looking at issues of status power leadership legitimacy and change Also included is an examination of women s historical progress toward their current status in federal state and local governments Stivers also assesses the peculiar nature of the organizational reality women experience and their place in society at large as it is shaped by the administrative state Praise for the First Edition Because so much of the way we frame our world is taken for granted we remain blissfully oblivious to the assumptions which serve as the foundation for our relationships rules and policies Stivers calls a halt to this blissful oblivion By holding gender up to the light she shows how it affects our interpretations of legitimacy entitlement and power 3 4 *Public Administration Review* Camilla Stivers is Levin Professor of Urban Studies and Public Service at the Levin College of Urban Affairs Cleveland State University She is Associate Editor of *Public Administration Review* author of *Bureau Men Settlement Women Constructing Public Administration in the Progressive Era* and a coauthor of *Government Is Us Public Administration in an Anti government Era* She received her Ph D in public administration and policy from Virginia Polytechnic Institute and State University She was a practicing administrator in nonprofit and public agencies for nearly two decades

Discourse Studies in Public Communication Eliecer Crespo-Fernández,2021-04-15 The collection of articles in *Discourse Studies in Public Communication* illustrates that public communication is a fascinating evidence based storehouse for research in

discourse analysis The contributions to this volume in the spheres of political rhetoric gender and sexuality and corporate and academic communication provide good evidence of contemporary social structure social phenomena and social issues In this way following the parameters of different analytical frameworks critical discourse analysis cognitive metaphor theory appraisal theory multimodality etc the contributors address not only the linguistic aspects of texts but also and more importantly the cultural and cognitive dimensions of public communication in a range of real life communicative contexts and kinds of discourse Although the volume is addressed first and foremost to readers with diverse interests in English linguistics it may also prove valuable to scholars in other non linguistic research fields like communication studies social theory political science or psychology

Intimate Appraisals Thomas J. Cottle, 2002 An eminent sociologist offers insightful impressions and discussions of American culture and the ways it both liberates and imprisons various social groups

Doing Fieldwork Christopher Pole, Sam Hillyard, 2015-10-26 This is not yet another step by step guide to research methods Rather Pole and Hillyard draw the reader into fieldwork as a form of living and lived research They take key threads of research practices and processes and weave them into a holistic approach to fieldwork Doing Fieldwork is a must read for new researchers planning a journey into the immersion of being there that is field work Professor Garry Marvin University of Roehampton Fieldwork is central to Sociology but guides to it often treat the real questions invisibly or over load the reader with micro details This refreshing authoritative volume written by two experienced highly respected fieldworkers provides a one stop engaging guide The book Clearly explains fieldwork methods Shows how to locate a field and map it Covers common problem areas and ethical considerations Provides a ready reckoner of time management issues Helps with analysis of findings Doing Fieldwork is an invaluable teaching and research resource It should be in every student's backpack and part of every researcher's tool kit Professor Chris Pole is Deputy Vice Chancellor at the University of Brighton His long standing research interests are in social research methodology especially Ethnography and in the Sociology of Education and Childhood Dr Sam Hillyard is a Reader in Sociology at Durham University Her research interests are in qualitative research methods interactionist social theory and rural studies

Hooligans in Khrushchev's Russia Brian LaPierre, 2012-12-10 Swearing drunkenness promiscuity playing loud music brawling in the Soviet Union these were not merely bad behavior they were all forms of the crime of hooliganism Defined as rudely violating public order and expressing clear disrespect for society hooliganism was one of the most common and confusing crimes in the world's first socialist state Under its shifting ambiguous and elastic terms millions of Soviet citizens were arrested and incarcerated for periods ranging from three days to five years and for everything from swearing at a wife to stabbing a complete stranger Hooligans in Khrushchev's Russia offers the first comprehensive study of how Soviet police prosecutors judges and ordinary citizens during the Khrushchev era 1953-64 understood fought against or embraced this catch all category of criminality Using a wide range of newly opened archival sources it portrays the Khrushchev period usually considered as a time of liberalizing reform and reduced repression

as an era of renewed harassment against a wide range of state defined undesirables and as a time when policing and persecution were expanded to encompass the mundane aspects of everyday life In an atmosphere of Cold War competition foreign cultural penetration and transatlantic anxiety over rebels without a cause hooliganism emerged as a vital tool that post Stalinist elites used to civilize their uncultured working class confirm their embattled cultural ideals and create the right thinking and right acting socialist society of their dreams Private Lives, Public History Anna Clark,2016-02-01 The past is consumed on a grand scale popularised by television programs enjoyed by reading groups walking groups historical societies and heritage tours and supported by unprecedented digital access to archival records Yet our history has also become the subject of heated political contest and debate In Private Lives Public History historian Anna Clark explores how our personal pasts intersect with broader historical questions and debates Drawing on interviews with Australians from five communities around the country she uncovers how we think about the past in the context of our local and intimate stories and the role history plays in our lives Core Sociological Dichotomies Chris Jenks,1998-08-24 In this sociology text the contributors provide an introduction to the subject without over simplifying or writing down to their audience The book aims to furnish undergraduates with the knowledge that will help them to understand and practice sociology and also to develop a self perpetuating sociological imagination to enable them to think through new issues and new problems It consists of a series of specially commissioned chapters around binary or dichotomous themes Although many sociologists are critical of dichotomous models of sociological theory and research the device crops up again and again in the history and practice of the subject Jenks and his colleagues use the dichotomies to situate students in curren **Decoding Abortion Rhetoric** Celeste Michelle Condit,1990 Condit provides a close look at how pro life and pro choice arguments have helped shape the development of public policy and private practice She offers readers an orderly way through the barrage of rhetoric and an opportunity to identify and clarify our own opinions on a very difficult subject

When people should go to the ebook stores, search instigation by shop, shelf by shelf, it is in reality problematic. This is why we provide the ebook compilations in this website. It will very ease you to see guide **Private Lives And Public Accounts** as you such as.

By searching the title, publisher, or authors of guide you in reality want, you can discover them rapidly.
