Short Introduction To Psychoanalysis:

A Short Introduction to Psychoanalysis Jane Milton, Caroline Polmear, Julia Fabricius, 2011-03-10 The best simply got better The first edition of this book was already quite simply the best introduction to psychoanalysis ever written and has been appropriately extremely popular with teachers and students alike The thoroughly updated second edition retains all the powerful features of the first including its remarkable clarity and accessibility The field will be greatly indebted to these authors for many years Professor Peter Fonagy University College London A Short Introduction to Psychoanalysis offers a user friendly introduction to arguably the most misunderstood of all the psychological therapies This fully updated and revised second edition explains what psychoanalysis really is and provides the reader with an overview of its basic concepts historical development critiques and research base Demonstrating the far reaching influence of psychoanalysis the authors all practicing psychoanalysts describe how its concepts have been applied beyond the consulting room and examine its place within the spectrum of other psychological theories The text is enlivened by numerous clinical examples New to this edition the book o discusses parent infant psychotherapy and mentalization based therapy MBT o further investigates psychotherapy in the NHS and the IAPT programme with more on the debate between CBT and analytic approaches o includes more on dreaming and attachment theory with added examples o includes new research studies and addresses the new field of psychosocial studies This down to earth guide provides the ideal way in to the subject for new trainees For anyone thinking of becoming a psychoanalyst the book also provides information on the training process and the structure of the profession

A Short Introduction to Psychoanalysis Giuseppe Civitarese, Antonino Ferro, 2020-02-07 The science of psychoanalysis is now more than a century old During this period it has been established as the instrument offering the most profound understanding of the human mind and as the most effective tool for treating psychic suffering we have at our disposal A Short Introduction to Psychoanalysis offers readers an introduction to this extraordinarily interesting discipline In this short volume Giuseppe Civitarese and Antonino Ferro explore psychoanalysis which is at the same time a theory of unconscious psychic processes a technique for investigating these and a method for curing various forms of psychic suffering by explaining some of its main themes and ideas As the only introductory text to the increasingly popular post Bionian theory of the analytic field A Short Introduction to Psychoanalysis examines the theory of dreams the concept of the unconscious the psychoanalytic clinic the analysis of children and adolescents and the history of psychoanalysis In seeking to give a broad idea of what psychoanalysis is what it has become and the direction it may take in the future this book will appeal to all those curious about this fascinating discipline and is particularly aimed at students of psychology the humanities and of psychoanalytic institutes as well as qualified psychoanalysts and psychotherapists

Psychoanalysis: A Very Short Introduction Daniel Pick, 2015-07-23 Since its inception psychoanalysis has been hailed as a revolutionary theory of how the mind works whilst some of its ideas such as the Oedipus complex have become part of everyday conversation In

Psychoanalysis A Very Short Introduction Daniel Pick offers a lucid lively and wide ranging survey of psychoanalysis This book offers the reader a flavour of what it might be like to enter treatment and suggests the possible surprises that can await both analyst and patient as well as the potential benefits Yet whilst Freud s writings have shaped the way many of us understand dreams desires and destructiveness as well as anxieties blunders and guilt numerous critics have warned of the dangerous methods and time bound assumptions of psychoanalysis doubted the efficacy of its drawn out methods and dismissed its core claims as pseudo science Looking at modern ideas of the self exploring the nature of unconscious aspects of relationships and considering how psychoanalysis has evolved Pick ponders the particular challenges now facing the analytic profession and shows why psychoanalysis remains an important resource for investigating the mind its creative functioning and many afflictions ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable
