Major Smiths Box A Cold War:

Major Smith's Box Klaus Brauer, 2002-07 The Cold War must be the least deeply understood struggle of the 20th century With operations concealed within a labyrinth of secrets marked by sabotage and terrorism it was an era the military participants called peacetime with no sense of irony When one day in one hundred took them far from any peace their memory of it seemed to vanish in a matter of hours They went home at the end of those days on the edge smiled at the ones they loved spoke about the trivial and revealed nothing The soul of Major Smith's Box is a young Dutch woman through whom the emotional toll taken by years of secrets is revealed most clearly The knowledge of mortality rarely evidenced in the military characters is voiced honestly through her Her partner is a German American assigned to the Belgian Air Force as a maintenance officer an assignment directed by the intelligence community to provide the Belgians a reconnaissance systems operator who understood both German and Russian His role in reconnaissance flights over Eastern Europe remains secret for several years until a mission goes badly True to a time of personal and military lives being tightly intertwined Major Smith's Box is a love story indicative of the era as much as a novel unveiling a little known aspect of history The book paints an intimate picture of life in the Low Countries during some of the darkest days of the Cold War **The Cold War Comes to**

Main Street Lisle A. Rose, 1999 In 1950 Main Street American was abruptly traumatized The sudden prospect of thermonuclear war with the Soviet Union Senator McCarthy's vicious anticommunist crusade and the beginning of the Korean War all combined to dampen the public mood The Cold War invaded every home Rose maintains that 1950 was a pivotal year for the nation He argues that the convergence of Korea McCarthy and the bomb wounded the nation in ways from which we've never fully recovered Brimming with originality this book makes readers look at the Cold War from a dozen different angles *BRIXMIS and the Secret Cold War* Andrew Long, 2024-09-30 A detailed account of British intelligence operations in Cold War East Germany revealing Soviet and East German military secrets from 1946 to 1990 The German Democratic Republic or East Germany was the frontline in the Cold War packed with hundreds of thousands of Soviet and East German troops armed with the latest Warsaw Pact equipment lined up along the 1 400 km Inner German Border However because of the repressive East German police state little human intelligence about these forces reached the West Who were they Where were they located What were they doing How were they equipped What were their intentions NATO was lined up in West Germany to face these forces and relied on getting up to date intelligence to warn of any threat Indicators of Hostility that could be a precursor to an invasion BRIXMIS the British Commanders in Chief Mission to the Soviet Forces in Germany was on hand to provide that intelligence Thanks to an obscure 1946 agreement between the British and Soviets that established liaison missions in their respective zones of occupation the British were able to send highly qualified military observers into East Germany to roam relatively freely and keep an eye on what was going on What started as liaison a point of contact between the British and Soviet occupation forces developed into a very sophisticated intelligence

collection operation sending tours out every day of the year between 1946 and when the Mission closed in 1990 These tours were undertaken in high performance highly modified marked vehicles with personnel in uniform and unarmed apart from professional photographic equipment and occasionally some top secret gadgets from the boffins back in the UK They joined their French and American colleagues in snooping around the opposition photographing military bases equipment and maneuvers and trying to evade capture by the secret police and counterintelligence units They faced danger and violence daily but thanks to their bravery and professionalism the West had accurate and up to date information on what was happening in East Germany which helped keep the peace all that time This is the story of this little known unit and their exploits behind enemy lines
