Merchant Vessels of the United States... United States. Coast Guard,1976 The Living Age ,1914 *Politics on the Endless Frontier* Daniel Lee Kleinman,1995 Toward what end does the U S government support science and technology How do the legacies and institutions of the past constrain current efforts to restructure federal research policy Not since the end of World War II have these questions been so pressing as scientists and policymakers debate anew the desirability and purpose of a federal agenda for funding research Probing the values that have become embodied in the postwar federal research establishment *Politics on the Endless Frontier* clarifies the terms of these debates and reveals what is at stake in attempts to reorganize that establishment Although it ended up as only one among a host of federal research policymaking agencies the National Science Foundation was originally conceived as central to the federal research policymaking system Kleinman s historical examination of the National Science Foundation exposes the sociological and political workings of the system particularly the way in which a small group of elite scientists shaped the policymaking process and defined the foundation s structure and future Beginning with Vannevar Bush s 1945 manifesto *The Endless Frontier* Kleinman explores elite and populist visions for a postwar research policy agency and shows how the structure of the American state led to the establishment of a fragmented and uncoordinated system for federal research policymaking His book concludes with an analysis of recent efforts to reorient research policy and to remake federal policymaking institutions in light of the current crisis of economic competitiveness A particularly timely study *Politics on the Endless Frontier* will be of interest to historians and sociologists of science and technology and to science policy analysts **"The Red Book,"** ,1922 **The Railroad Trainman** ,1891 *Congressional Record* United States. Congress,1977 A Cycle of the West John Gneisenau Neihardt,2018-08-01 *A Cycle of the West* rewards its readers with a sweeping saga of the American West and John G Neihardt s exhilarating vision of frontier history It is infused with wonder nostalgia and a keen appreciation of epic history Unquestionably the masterpiece of the poet who has been called the American Homer *A Cycle of the West* celebrates the land and legends of the Old West in five narrative poems *The Song of Three Friends* 1919 *The Song of Hugh Glass* 1915 *The Song of Jed Smith* 1941 *The Song of the Indian Wars* 1925 and *The Song of the Messiah* 1935 This unforgettable epic of discovery conquest courage and tragedy speaks movingly and resoundingly of a unique American experience The new introduction by former Texas poet laureate Alan Birkelbach and annotations by Joe Green present fresh views of Neihardt s iconic work *Journal of the United States Artillery* ,1948 **Ken Follett World War II Thriller Collection** Ken Follett,2011-09-06 This collection of three books from the 1 New York Times bestselling master of World War II suspense includes the most exciting novel in years *Cincinnati Enquirer* about the espionage war between the British and the Nazis a very entertaining very cinematic thriller *Publishers Weekly* about a gang of female saboteurs behind German lines and a

blitzkrieg paced read People about one man s desperate mission to bring crucial intelligence to England *Annual Report of the Secretary of War* United States. War Department,1903 **Report of the Inspector General to the Secretary of War** .. United States. War Department. Inspector general to the secretary of war,1902 **Annual Reports of the War Department** United States. War Department,1903 **Elihu Root Collection of United States Documents Relating to the Philippine Islands** ,1903 Grunts John C. McManus,2010-08-03 A superb book an American equivalent to John Keegan s *The Face of Battle* I sincerely believe that *Grunts* is destined to be a classic Dave Grossman Author of *On Killing* and *On Combat* From the acclaimed author of *The Dead* and *Those About to Die* comes a sweeping narrative of six decades of combat and an eye opening account of the evolution of the American infantry From the beaches of Normandy and the South Pacific Islands to the deserts of the Middle East the American soldier has been the most indispensable and most overlooked factor in wartime victory In *Grunts* renowned historian John C McManus examines ten critical battles from Hitler s massive assault on U S soldiers at the Battle of the Bulge to counterinsurgency combat in Iraq where the skills and courage of American troops proved the crucial difference between victory and defeat Based on years of research and interviews with veterans this powerful history reveals the ugly face of war in a way few books have and demonstrates the fundamental and too often forgotten importance of the human element in serving and protecting the nation **Historical Catalogue of Brown University** Brown University,1895 *Historical catalogue of Brown university ... 1764-1894. [ed. by H.L. Koopman].* Providence R.I., Brown univ,1895 Connecticut Motor Vehicle Register ,1923 Fire and Fortitude John C. McManus,2020-08-04 WINNER OF THE GILDER LEHRMAN PRIZE FOR MILITARY HISTORY An engrossing epic history of the US Army in the Pacific War from the acclaimed author of *The Dead* and *Those About to Die* This eloquent and powerful narrative is military history written the way it should be James M McPherson Pulitzer Prize winning historian Out here mention is seldom seen of the achievements of the Army ground troops wrote one officer in the fall of 1943 whereas the Marines are blown up to the skies Even today the Marines are celebrated as the victors of the Pacific a reflection of a well deserved reputation for valor Yet the majority of fighting and dying in the war against Japan was done not by Marines but by unsung Army soldiers John C McManus one of our most highly acclaimed historians of World War II takes readers from Pearl Harbor a rude awakening for a military woefully unprepared for war to Makin a sliver of coral reef where the Army was tested against the increasingly desperate Japanese In between were nearly two years of punishing combat as the Army transformed at times unsteadily from an undertrained garrison force into an unstoppable juggernaut and America evolved from an inward looking nation into a global superpower At the pinnacle of this richly told story are the generals Douglas MacArthur a military autocrat driven by his dysfunctional lust for fame and power Robert Eichelberger perhaps the greatest commander in the theater yet consigned to obscurity by MacArthur s jealousy Vinegar Joe Stillwell a prickly soldier miscast in a diplomat s role and Walter Krueger a German born officer who came to lead the largest American ground force in the

Pacific Enriching the narrative are the voices of men otherwise lost to history the uncelebrated Army grunts who endured stifling temperatures apocalyptic tropical storms rampant malaria and other diseases as well as a fanatical enemy bent on total destruction This is an essential ambitious book the first of three volumes a compellingly written and boldly revisionist account of a war that reshaped the American military and the globe and continues to resonate today INCLUDES MAPS AND PHOTOS
