

# *Canada in the World*

Canada is described by some as a middle power which means a country that is not a superpower but a country who does have some influence on world affairs. Canadians also often take pride in their countries reputation for leadership in areas such as multiculturalism, peacekeeping, and foreign aid.

in 2008 when a food crisis was threatening people in undeveloped countries jeffrey said that no ones seen any global leadership from canada around this issue. He believes that canadians want to be a leader in helping people in need but that the government's policies stand in the way of that.

Also Janice Gross Stein, a canadian political scientist believes that canada's diversity can make a difference in the world. It can connect canada across the globe and it can make canadas voice heard on international issues.

**The Politics of Canadian Foreign Policy, Fourth Edition** Kim Richard Nossal, Stéphane Roussel, Stéphane Paquin, 2015-12-07 The fourth edition of this widely used text includes updates about the many changes that have occurred in Canadian foreign policy under Stephen Harper and the Conservatives between 2006 and 2015 Subjects discussed include the fading emphasis on internationalism the rise of a new foreign policy agenda that is increasingly shaped by domestic political imperatives and the changing organization of Canada's foreign policy bureaucracy As in previous editions this volume analyzes the deeply political context of how foreign policy is made in Canada Taking a broad historical perspective Kim Nossal Stéphane Roussel and Stéphane Paquin provide readers with the key foundations for the study of Canadian foreign policy They argue that foreign policy is forged in the nexus of politics at three levels the global the domestic and the governmental and that to understand how and why Canadian foreign policy looks the way it does one must look at the interplay of all three

**The United Nations In The Post-cold War Era, Second Edition** Karen Mingst, Margaret P. Karns, 2019-06-26 The United Nations faced unprecedented opportunities and heightened expectations when the Cold War ended in 1990 By the time of the UN's fiftieth anniversary in

1995 the mood had shifted Peacekeepers were bogged down in Bosnia and Somalia Iraq continued to test the UN's resolve to enforce arms control inspections In much of the world the gap between haves and have nots was increasing Everyone agreed that UN reform was needed yet the political will to effect change was absent With unmet challenges throughout the world the limits to UN power and effectiveness were being realized From regional conflicts to areas of environmental degradation and human rights abuses the UN's success depends more than ever on the way in which three dilemmas are resolved the tensions between sovereignty and the reality of its erosion between demands for global governance and the weakness of UN institutions as well as the reluctance of states to commit and between the need for leadership and the diffusion of power In this second edition the authors have undertaken major revisions along with thorough updating They explore the three dilemmas in the context of the UN's evolving role in world politics including its experience in maintaining peace and promoting development environmental sustainability and human rights the focus of an entirely new chapter They also consider the role of various actors in the UN system from major powers especially the United States small and middle powers coalitions and nongovernmental organizations to the secretaries general The need for institutional reforms and specific proposals for reform are examined Because multilateral diplomacy is now the norm rather than the exception in world politics the UN's effectiveness has been challenged by the new demands of the post Cold War era This completely revised and updated text places the UN at the center of a set of core dilemmas in world politics and provides a series of case studies that probe the politics and processes of UN action

*Of Peace and Power* Karsten Jung, 2009 More than 50 years after Canada played an instrumental role in its inception peacekeeping has once again returned to the center of the national foreign policy debate Having participated in every peacekeeping operation set up during the Cold War and lived through the fundamental changes the activity has undergone in the 1990s Ottawa is currently struggling to define a viable approach to peacekeeping for the 21st century As a timely contribution to this effort the study reveals the overt and subtle ways in which Canada's commitment to peacekeeping has contributed to the promotion of vital national interests in the past and might continue to do so in the future

**Creating Canada's Peacekeeping Past** Colin McCullough, 2016-07-28 Peacekeeping Despite efforts to relegate it to the past what was once a central pillar in Canada's national identity has been making a comeback in recent years *Creating Canada's Peacekeeping Past* illuminates how participation in the United Nations peacekeeping efforts from 1956 to 1997 became central to national self identification in both English and French Canada Delving into four decades worth of political rhetoric newspaper coverage textbooks and more Colin McCullough outlines continuity and change in the production and reception of messages about peacekeeping He demonstrates that those who produced messages about peacekeeping often overlooked the particularities of individual missions preferring to link their cultural products to political discourses about national identity Engaging in debates about Canada's international standing as well as its broader national character this book is a welcome addition to the history of Canada's changing national identity

**The North Pacific Triangle** Michael G. Fry, John J. Kirton, Mitsuru Kurosawa, 1998-01-01 A collection of essays written by scholars and policymakers from the countries involved explores the evolving alliance among Canada Japan and the United States The book examines the three market oriented democracies in their changing roles toward each other and show how they have moved beyond their separate special bilateral relationships into a dynamic three way engagement *International Cold War Military Records and History* William W. Epley, 1996

**Cold War Fighters** Randall Wakelam, 2011-11-03 The cancellation of the CF 105 Arrow in 1959 holds such a grip on the imagination of Canadians that earlier developments in defence procurement remain in the shadows Randall Wakelam corrects this oversight and offers fresh insight into the AVRO saga and contemporary procurement issues by detailing the complexities Canada's air force faced in buying fighter aircraft and by showing how the RCAF grew by leaps and bounds Wakelam shows that cabinet members chiefs of staff and air marshals were forced to negotiate competing pressures to arm the air force please allies and save money Their decisions resulted in the CF 100 Canuck and the F 86 Sabre Canada's front line defensive aircraft in the coldest years of the Cold War Although historians assume that the Arrow arrived on the heels of these successes Wakelam reveals that neither the air force nor the government believed AVRO could manufacture even the CF 100 on budget

**Air Power in UN Operations** A. Walter Dorn, 2016-03-23 Air power for warfighting is a story that's been told many times Air power for peacekeeping and UN enforcement is a story that desperately needs to be told For the first time this volume covers the fascinating range of aerial peace functions In rich detail it describes aircraft transporting vital supplies to UN peacekeepers and massive amounts of humanitarian aid to war affected populations aircraft serving as the eyes in sky to keep watch for the world organization and combat aircraft enforcing the peace Rich poignant case studies illuminate the past and present use of UN air power pointing the way for the future This book impressively fills the large gap in the current literature on peace operations on the United Nations and on air power generally

Crowley, 2017-11-30 Given the legal political economic and social similarities that exist comparisons between the European Union EU and Canada can prove instructive This volume introduces the rationale for comparing Canada and the EU and reviews the political initiatives that have been undertaken to forge links between the two Taking the political and economic structure used by the EU it compares this structure to the Canadian model at both the federal supranational level and the local government level Using various disciplinary approaches and case studies specific policy areas are used to illustrate these comparisons and several of the papers in the collection extend these comparisons to the NAFTA level A highly useful reference tool Crossing the Atlantic will intrigue and inform an interdisciplinary and inter regional studies audience

**Dark Threats and White Knights** Sherene Razack, 2004-12-15 Somalia March 4 1993 Two Somalis are shot in the back by Canadian peacekeepers one fatally Barely two weeks later sixteen year old Shidane Abukar Arone is tortured to death Dozens of Canadian soldiers look on or know of the torture The first reports of what became known in Canada as the Somalia Affair challenged national claims to a special expertise in peacekeeping and to a society free of racism Today however despite a national inquiry into the deployment of troops to Somalia what most Canadians are likely to associate with peacekeeping is the nation's glorious role as peacekeeper to the world Moments of peacekeeping violence are attributed to a few bad apples bad generals and a rogue regiment In *Dark Threats and White Knights* Sherene H Razack explores the racism implicit in the Somalia Affair and what it has to do with modern peacekeeping Examining the records of military trials and the public inquiry Razack weaves together two threads that of the violence itself and what would drive men to commit such atrocities and secondly the ways in which peacekeeping violence is largely forgiven and ultimately forgotten Race disappears from public memory and what is installed in its place is a story about an innocent morally superior middle power nation obliged to discipline and sort out barbaric third world nations Modern peacekeeping Razack concludes maintains a colour line between a family of white nations constructed as civilized and a third world constructed as a dark threat a world in which violence is not only condoned but seen as necessary

**Canada, the Congo Crisis, and UN Peacekeeping, 1960-64** Kevin A. Spooner, 2010-01-01 In 1960 the Republic of Congo teetered near collapse as its first government struggled to cope with civil unrest and mutinous armed forces When the UN established what would become the largest peacekeeping operation of the Cold War the Canadian government faced a difficult decision Should it support the intervention As Kevin Spooner demonstrates Canada's involvement in the mission was not preordained The Diefenbaker government became enmeshed in a complex web of foreign and defence policy determinants that caused it to have immediate and ongoing reservations reservations that challenge cherished notions of Canada's commitment to the UN and its status as a peacekeeper This book offers one of the first detailed accounts of Canada's involvement in UN peacekeeping It will appeal to those interested in Canadian foreign policy and relations with Africa in particular and the Congo crisis and United Nations peacekeeping more generally

*Tolerant Allies* Greg Donaghy, 2002-10-17 *Tolerant Allies* draws extensively on recently declassified Canadian and American sources to explore the most important political economic and military elements in the bilateral relationship during the 1960s Greg Donaghy challenges the prevailing view that relations during this turbulent decade were primarily marked by mutual hostility the product of growing Canadian nationalism and differences over the war in Vietnam Instead Donaghy argues that through the Autopact and the GATT Canada and the United States crafted a new economic partnership that tied the two countries together more tightly than ever before Donaghy shows that economic integration was offset to some extent by diverging views on Western political and military strategy As Pearson's government

pursued distinct foreign and defence policies American policy makers acknowledged that Canadian objectives legitimately differed from their own and adjusted their policies accordingly For its part Ottawa rarely moved without weighing the impact its initiatives might have on Washington As a result Canada and the United States found ways to accommodate each other's interests without seriously impairing bilateral cooperation

**Paradiplomacy in Action** Francisco Aldecoa, Dr Michael Keating, 2013-10-23 Offering a general view of the development of subnational foreign action around the world this work covers topics such as the repercussions upon subnational autonomy of the progressive constitution of international regimes such as the EU NAFTA and APEC

*Unlikely Diplomats* Isabel Campbell, 2013-11-18 In 1951 Canada sent troops to western Europe to support its NATO allies The brigade helped Canada establish its international status In private however Canadian officials and military leaders expressed grave doubts about NATO's strategies and operational plans Despite these reservations they sent military families overseas and implemented personnel policies that permanently changed the distribution of the defence budget and the character of the Canadian Army This original account of the evolution of the Canadian Army from a small training cadre to a truly national force offers a new perspective on military policy and diplomacy in the Cold War era

**Canada Among Nations, 2008** Robert Bothwell, Jean Daudelin, Norman Paterson School of International Affairs, 2009 This year's edition of *Canada Among Nations* offers a critical overview of a number of landmarks in the last hundred years of Canadian foreign policy The editors take a critical look at the now almost mainstream decline thesis and at the continued relevance of Canada's relationships with its principal allies the United Kingdom France and the United States Contributors discuss a broad range of themes including the weight of a changing identity in the evolution of the country's foreign policy the fate of Canadian diplomacy as a profession the often complicated relationship between foreign and trade policies the impact of immigration and refugee procedures on foreign policy and the evolving understanding of development and defence as components of Canada's foreign policy
