## **Making Citizens Rousseaus Political Theory Of Culture:**

**Making Citizens** Zev M. Trachtenberg,2013-01-11 By analysing Rousseau s conception of the general will Zev Trachtenberg characterises the attitude of civic virtue Rousseau believes individuals must have to cooperate successfully in society Rousseau holds that culture affects political life by either fostering or discouraging civic virtue However while the cultural institutions Rousseau endorses would motivate citizens to obey the law they would not prepare citizens to help frame it Rousseau s view of culture thus works against his account of legitimacy and Trachtenberg concludes that Rousseau s political theory as a whole is inconsistent

*Making Citizens* Zev M. Trachtenberg,2013-01-11 By analysing Rousseau s conception of the general will Zev Trachtenberg characterises the attitude of civic virtue Rousseau believes individuals must have to cooperate successfully in society Rousseau holds that culture affects political life by either fostering or discouraging civic virtue However while the cultural institutions Rousseau endorses would motivate citizens to obey the law they would not prepare citizens to help frame it Rousseau s view of culture thus works against his account of legitimacy and Trachtenberg concludes that Rousseau s political theory as a whole is inconsistent

Rousseau's Theory of Human Association G. Hill,2006-05-13 The book explores the characteristic features and political consequences of social interaction when the parties intentions are transparent and when they are opaque The author develops a theory of association and uses it to elucidate assess and extend Rousseau s views of human nature civil society the market economy and the republican state

**Contract, Culture, and Citizenship** Mark E. Button,2010 Explores the concept of the social contract and how it shapes citizenship Argues that the modern social contract is an account of the ethical and cultural conditions upon which modern citizenship depends Provided by publisher

**The Political Philosophy of Jean-Jacques Rousseau** Matt Qvortrup,2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This exciting new text presents the first overview of Jean Jacques Rousseau s work from a political science perspective Was Rousseau the great theorist of the French Revolution really a conservative This original study argues that the he was a constitutionalist much closer to Madison Montesquieu and Locke than to revolutionaries Outlining his profound opposition to Godless materialism and revolutionary change this book finds parallels between Rousseau and Burke as well as showing how Rousseau developed the first modern theory of nationalism The book presents an integrated political analysis of Rousseau s educational ethical religious and political writings and will be essential reading for students of politics philosophy and the history of ideas

**Central Works of Philosophy, Volume 2** John Shand,2005-09-01 Ranging over 2 500 years of philosophical writing this five volume collection of essays is an unrivalled companion for studying and reading philosophy Each essay provides an overview of a work and a clear exposition of its central ideas Covering the most influential works of our greatest philosophers the series offers remarkable insights into the ideas out of which our present ways of thinking emerged VOLUME 2 examines the age of rationalism and empiricism a period of unprecedented philosophical thought that

combined with the scientific revolution laid the foundations of the modern world Included are Descartes Spinoza Leibniz Hobbes Locke Berkeley Hume and Rousseau Contributors include Janet Broughton Douglas Burnham Peter Kail John Milton Steven Nadler Jonathan Riley John Rogers and Tom Stoneham *Central Works of Philosophy* v2 John Shand,2015-01-28

*Central Works of Philosophy* is a major multi volume collection of essays on the core texts of the Western philosophical tradition From Plato's Republic to Quine's Word and Object the five volumes range over 2 500 years of philosophical writing covering the best most representative and most influential work of some of our greatest philosophers each of them primary texts studied at undergraduate level Each essay has been specially commissioned and provides an overview of the work clear and authoritative exposition of its central ideas and an assessment of the work's importance then and now Each essay equips the reader with the resources and confidence to go on to read the works themselves Together these books provide an unrivaled companion for studying and reading philosophy one that introduces the reader to the masterpieces of the western philosophical canon and some of the greatest minds that have ever lived talking about the profoundest most exciting problems there are The seventeenth and eighteenth centuries saw a brilliant outpouring of philosophical thought unprecedented in human history Together philosophy and science pushed medieval and Renaissance scholasticism aside to lay the foundations of the modern world Beginning with Descartes Meditations the contributors examine some of the period's most seminal philosophical texts Spinoza's Ethics which presents a complete picture of reality that has at its heart how we can be good the Monadology in which Leibniz describes what must underpin reality if it is to be fully explained Hobbes Leviathan which reminds us of the dangers of the unchecked brutality of humanity Rousseau's Social Contract a vision of how human nature can be changed for the better in a new society Locke's Essay Concerning Human Understanding which wishes us to grasp that we must make knowledge our own through experience not authority Berkeley's attack on materialism in his Treatise and Hume's search for rational justification for our most basic beliefs about the world in his Treatise of Human Nature Together these essays offer students a remarkable survey of the key texts and core ideas that make up the age of rationalism and empiricism *Cambridge Companion to Rousseau's Social Contract* David Lay Williams,Matthew W. Maguire,2024-02-22

Opens up a masterpiece of political philosophy for a new generation including influential arguments about justice equality and freedom Rousseau Timothy O'Hagan,2003-09-02 Timothy O'Hagan investigates Jean Jacques Rousseau's writings concerning the formation of humanity of the individual and of the citizen in his three master works the Discourse on the Origin of Inequality among Men Emile and the Social Contract He explores Rousseau's reflections on the sexes language and religion O'Hagan gives Rousseau's arguments a close and sympathetic reading He writes as a philosopher not a historian yet he never loses sight of the cultural context of Rousseau's work *A Reinterpretation of Rousseau* J. Alberg,2007-10-01 In this radical reinterpretation of Rousseau Jeremiah Alberg argues that the philosopher's system of thought is founded on theological scandal and on Rousseau's inability to accept forgiveness Alberg explores his

views in relation to alternative forms of Christianity      *Theatre and Citizenship* David Wiles, 2011-02-10 Shaped by political concerns of today this is an informed but provocative take on theatre history and theatre's social function      Religion and Political Thought Michael Hoelzl, Graham Ward, 2006-08-30 Divided into three parts this work introduces students to the study of Religion and Politics its key concepts most important texts and major issues of current debate A range of classical texts are offered with introductions and further reading showing their genealogical association      The Cambridge Companion to Rousseau's Social Contract David Lay Williams, Matthew W. Maguire, 2024-02-22 What is freedom What is equality And what is sovereignty A foundational text of modern political philosophy Rousseau's Social Contract has generated much debate and exerted extraordinary influence not only on political thought but also modern political history by way of the French Revolution and other political events ideals and practices The Social Contract is regularly studied in undergraduate courses of philosophy political thought and modern intellectual history as well as being the subject of graduate seminars in numerous disciplines The book inspires an ongoing flow of scholarly articles and monographs Few texts have offered more influential and important answers to research questions than Rousseau's Social Contract and in this new Cambridge Companion a multidisciplinary team of contributors provides new ways to navigate this masterpiece of political philosophy and its animating questions      *Civic Hope* Roderick P. Hart, 2018-03-22 Civic Hope is a history of what everyday Americans say in their own words about the government overseeing their lives Based on a highly original analysis of 10 000 letters to the editor from 1948 to the present published in twelve US cities the book overcomes the limitations of survey data by revealing the reasons for people's attitudes While Hart identifies worrisome trends including a decline in writers' abilities to explain what their opponents believe and their attachment to national touchstones he also shows why the nation still thrives Civic Hope makes a powerful case that the vitality of a democracy lies not in its strengths but in its weaknesses and in the willingness of its people to address those weaknesses without surcease The key Hart argues is to sustain a culture of argument at the grassroots level      **Civic Virtues** Richard Dagger, 1997-06-19 Although few want to deny their importance many political theorists have recently complained that too much weight is now attached to individual rights The result as they see it is an excessive individualism that blinds people to the needs of the community or state to which they belong We should be less concerned with our rights in their view and more concerned with our responsibilities Those who advance this view typically argue against liberalism In Civic Virtues the newest addition to the distinguished Oxford Political Theory series Richard Dagger takes a different approach Finding the proper relationship between rights and responsibilities requires us not to choose between liberalism and republicanism he argues but to unite them in a republican form of liberalism Is such a marriage of republicanism and liberalism possible Is it desirable Dagger demonstrates how republican liberalism proceeds from a fundamental right of autonomy to the recognition of interdependence and reciprocity and on to the cultivation of the civic virtues of the public spirited citizen Indeed republican liberalism promises not only to reconcile individual rights and

civic duties but to enhance political deliberation and the sense of community as well      *Rousseau as Author* Christopher Kelly, 2003-02-15 For Rousseau consecrating one's life to the truth his personal credo meant publicly taking responsibility for what one publishes and only publishing what would be of public benefit Christopher Kelly argues that this commitment is central to understanding the relationship between Rousseau's writings and his political philosophy Unlike many other writers of his day Rousseau refused to publish anonymously even though he risked persecution for his writings But Rousseau felt that authors must be self-restrained as well as bold and must carefully consider the potential political effects of what they might publish sometimes seeking the good conflicts with writing the truth Kelly shows how this understanding of public authorship played a crucial role in Rousseau's conception and practice of citizenship and political action Rousseau as Author will be a groundbreaking book not just for Rousseau scholars but for anyone studying Enlightenment ideas about authorship and responsibility      *Rousseau and "L'Infame"* Ourida Mostefai, John T. Scott, 2009 *Ecrasez l'infame* Voltaire's rallying cry against fanaticism resonates with new force today Nothing suggests the complex legacy of the Enlightenment more than the struggle of superstition prejudice and intolerance advocated by most of the Enlightenment philosophers regardless of their ideological differences The aim of this book is to undertake a reconsideration of the controversies surrounding the questions of religion toleration and fanaticism in the eighteenth century through an examination of Rousseau's dialogue with Voltaire What come to light from this confrontation are two leading and at times competing world views and conceptions of the place of the engaged writer in society      *The Rousseauian Mind* Eve Grace, Christopher Kelly, 2019-01-17 Jean Jacques Rousseau 1712-1778 is a major figure in Western Philosophy and is one of the most widely read and studied political philosophers of all time His writings range from abstract works such as *On the Social Contract* to literary masterpieces such as *The Reveries of the Solitary Walker* as well as immensely popular novels and operas *The Rousseauian Mind* provides a comprehensive survey of his work not only placing it in its historical context but also exploring its contemporary significance Comprising over forty chapters by a team of international contributors the Handbook covers The predecessors and contemporaries to Rousseau's work The major texts of the system Autobiographical texts including *Confessions* *Reveries of the Solitary Walker* and *Dialogues* Rousseau's political science The successors to Rousseau's work Rousseau applied today Essential reading for students and researchers in philosophy Rousseau's work is central to the study of political philosophy the Enlightenment French studies the history of philosophy and political theory      **The Domestication of Critical Theory** Michael J. Thompson, 2016-02-26 Critical theory was one of the most vigorous and insightful intellectual traditions of the twentieth century At its core was a critique of culture and consciousness tied to instrumental rationality and capitalist economic life Yet Michael J. Thompson argues in this highly original book that this once critical tradition has been domesticated it no longer offers a philosophically convincing nor politically viable form of social critique Thompson demonstrates that critical theory has surrendered its concerns with domination alienation and the pathologies of capitalist modernity and shifted its focus

toward neo Idealist themes This new critical theory has turned its back on the insights of the classical critical theorists Thompson traces how this shift occurred and how we can reclaim critique in an age of conformism apathy and depoliticization He goes on to defend the different aspects of critical theory that can be used to reformulate social critique one that must be brought into a dialogue with contemporary political social and moral philosophy that protects the lasting and crucial legacy of critical theory as an emancipatory political project     *Democracy as the Political Empowerment of the Citizen* Majid Behrouzi, 2006-01-01 This book along with its companion volume *Democracy as the Political Empowerment of the People* relates the democratic potential of the latest electronic technologies to the idea of direct participatory democracy Having clarified the original meaning of the idea of democracy this volume proceeds to develop a new theory of democracy Direct Deliberative e Democracy

Yeah, reviewing a books **Making Citizens Rousseaus Political Theory Of Culture** could increase your close associates listings. This is just one of the solutions for you to be successful. As understood, feat does not suggest that you have astounding points.

Comprehending as well as contract even more than additional will come up with the money for each success. bordering to, the declaration as with ease as keenness of this Making Citizens Rousseaus Political Theory Of Culture can be taken as competently as picked to act.
