having a conversation than reading a book There is something for everyone who reads it with an open mind I went through every experience without a partner but I had my family and friends I had to teach myself to stop thinking in lack and start appreciating the things that were present in my life every day We often overlook the great things about our lives because we fixate on one area I trained my mind to identify the difference between a need and a want The person we need to love first is ourselves because this is the only person we can control The intentions of this book are to offer a beacon to those who are stumbling around in the dark trying to find their way To offer some consolation to other women because we often go through the same things so there is no need to beat yourself up To give some direction to the negative energies most people carry around because they feel obligated to hold on to that pain Why wait till tomorrow to start being the person you want to be today
