Making Music With Samples Tips Technique:

Making Music with Samples Daniel Duffell, 2005-01-01 Making Music With Samples is packed with creative hands on tips aimed at getting the reader actively enjoying the art of sampling as quickly and easily as possible interspersed with snippets of essential theoretical stuff whether it s the science of sound or copyright legalities Starting with the absolute basics of what sampling is author Dan Duffell progresses from simpler widely used tools like small loop based samplers through the various platforms available to the sample user the different methods and equipment required to create and manipulate samples including hardware samplers sampling keyboard workstations computer setups software samplers drum samplers etc He then describes the setting up procedures needed to get you started connections and installation signal levels and so on at the same time providing some relevant background information on how a sampler actually works Next choosing source material whether created you or from sample CDs like the one attached or from other people s recordings which inevitably also raises the thorny subject of copyright and licensing sampling and the law Then there s a section depicting the basic layout and operation of some well known software and hardware samplers and a look at Sampling Synthesis and Modular Systems

Dance Music Nicolae Sfetcu, 2014-05-09 Dance music is music composed played or both specifically to accompany dancing It can be either the whole musical piece or part of a larger musical arrangement Dance music works usually bear the name of the corresponding dance e g waltzes the tango the bolero the can can minuets salsa various kinds of jigs and the breakdown Other dance forms include contradance the merengue the cha cha cha Often it is difficult to know whether the name of the music came first or the name of the dance Although dance is often accompanied by music it can also be presented alone Postmodern dance or provide its own accompaniment tap dance Dance presented with music may or may not be performed in time to the music depending on the style of dance Dance performed without music is said to be danced to its own rhythm An introduction to classical and modern dance including hip hop dance what is dance and the dance music electronic music rock and roll disco house techno trance etc
