The Other Canon of Economics, Volume 1 Erik Reinert, 2024-02-13 Other Canon Economics Essays in the Theory and History of Uneven Economic Development brings together key essays on development economics from one of the most prolific and important development economists and historians of economic policy today Erik S Reinert argues through essays ranging from 1994 to 2020 that neo classical economics damages developing countries the theory of comparative advantage leaves out a number of factors which make economic activities qualitatively different as carriers of economic growth Based on a long intellectual tradition started by the Italian economists Giovanni Botero 1589 and

Antonio Serra 1613 and later used in virtually all presently industrialised countries Reinert shows that the country which exports increasing returns goods e g high end manufacture has advantages over the country which exports diminishing returns goods e g commodities This has important implications for today s development strategies that Reinert argues should be seen as industrial strategies The 'Uncertain' Foundations of Post Keynesian Economics Stephen Dunn,2010-04-05 Pt 1 The uncertain foundations of post Keynesian economics pt 2 The nature of uncertainty pt 3 The future of post Keynesianism

Selected Water Resources Abstracts ,1977 **Crime and Economics** Kevin Albertson,Chris Fox,2011-10-05 Crime and Economics provides the first comprehensive and accessible text to address the economics of crime within the study of crime and criminology The economics of crime is an area of growing activity and concern increasingly influential both to the study of crime and criminal justice and to the formulation of crime reduction and criminal justice policy As well as providing an overview of the relationship between economics and crime this book poses key questions such as What is the impact of the labour market and poverty on crime Can society decrease criminal activity from a basis of economic disincentives What forms of crime reduction and methods of reducing re offending are most cost beneficial Can illicit organised crime and illicit drug markets be understood better through the application of economic analysis For those interested in economic methods but without previous economic training this book also provides an accessible overview of key areas such as cost benefit analysis econometrics and the debate around how to estimate the costs of crime This book will be key reading for undergraduate and postgraduate students of criminology and economics and those working in the criminal justice system including practitioners managers and policy makers Development of Economic Analysis Ingrid H. Rima,2012-10-12 This is the sixth edition of a textbook that has been instrumental in introducing a generation of students to the history of economic thought It charts the development of economics from its establishment as an analytical discipline in the eighteenth century through to the late twentieth century The book discusses the work of amongst others Ricardo Malthus Marx Walras Marshall and Keynes as well as the institutionalists the Chicago School and the emergence of econometrics This edition has been fully revised and updated and includes chronologies of the key dates in the development of economics extracts from original texts an examination of how the study of the history of economic thought impinges upon modern thinking Economic Incentives for Marine and Coastal Conservation Essam Yassin Mohammed,2013-11-26 Marine and coastal resources provide millions of people with their livelihoods such as fishing and tourism and a range of critical additional ecosystem services from biodiversity and culture to carbon storage and flood protection Yet across the world these resources are fast diminishing under the weight of pollution land clearance coastal development overfishing natural disasters and climate change This book shows how economic instruments can be used to incentivize the conservation of marine and coastal resources It is shown that traditional approaches to halt the decline focus on regulating against destructive practices but to little effect A more successful strategy could be to establish schemes such as payments for ecosystem services PES or incorporate an element of

financial incentives into existing regulatory mechanisms Examples both terrestrial and marine from across the world suggest that PES can work to protect both livelihoods and environments But to succeed it is shown that these schemes must be underpinned by robust research clear property rights sound governance structures equitable benefit sharing and sustainable finance Case studies are included from south and east Asia Latin America Africa and Australia The book explores the prospects and challenges and draws lessons from PES and PES like programmes from across the globe **The New Palgrave Dictionary of Economics**, 2016-05-18 The award winning The New Palgrave Dictionary of Economics 2nd edition is now available as a dynamic online resource Consisting of over 1 900 articles written by leading figures in the field including Nobel prize winners this is the definitive scholarly reference work for a new generation of economists Regularly updated This product is a subscription based product **Contributions to Islamic Economic Theory** Masudul Alam Choudhury, 1986-06-18 **Essays in Economics** James Tobin, 1996 This fourth volume in the series of Nobel laureate James Tobin s classic papers represents his work since 1980 This fourth volume in the series of Nobel laureate James Tobin s classic papers represents his work since 1980 Both national and international views are intermingled among the 36 chapters on macroeconomics and fiscal policy savings stabilization policy international coordination of macroeconomic policy monetary policy and exchange rates Several tributes to colleagues including Walter Heller and Seymour Harris round out the collection Economics David A.
