The History of the English Organ Stephen Bicknell, 1996 This 1996 book describes the history of organs built in England from AD 900 to the present day

Studies in English Organ Music Iain Quinn, 2018-06-14 *Studies in English Organ Music* is a collection of essays by expert authors that examines key areas of the repertoire in the history of organ music in England The essays on repertoire are placed alongside supporting studies in organ building and liturgical practice in order to provide a comprehensive contextualization An analysis of the symbiotic relationship between the organ liturgy and composers reveals how the repertoire has been shaped by these complementary areas and developed through history This volume is the first collection of specialist studies related to the field of English organ music

The Organ Douglas Bush, Richard Kassel, 2004-06 The *Encyclopedia of Organ* includes articles on the organ family of instruments including famous players composers instrument builders the construction of the instruments and related terminology It is the first complete A Z reference on this important family of keyboard instruments The contributors include major scholars of music and musical instrument history from around the world

Vincent Novello (1781-1861) Fiona M. Palmer, 2017-02-10 Today Vincent Novello 1781 1861 is remembered as the father of the music publishing firm Fiona Palmer's evaluation of Novello the man and the musician in the marketplace draws on rich primary sources It is the first to provide a rounded view of his life and work and the nature of his importance both in his own time and to posterity Novello's early musical training particularly his experience of music making in London's embassy chapels influenced him profoundly His practical experience as director of music at the Portuguese Embassy Chapel in Mayfair informed his approach to editing and arranging Fundamental moral and social attitudes underpinned Novello's progress Ideas on religion education and the function of family and friendship within society shaped his life choices The Novello family lived in turbulent times and was widely read discussing politics and religion and not only the arts at its social gatherings Within Vincent and Mary Novello's close circle were radical thinkers with republican views such as Leigh Hunt and Charles Cowden Clarke who saw sociability as a means of reorganizing society Thematic studies focus on Novello as practical musician and educator as editor and as composer His connections with institutions such as the Covent Garden and Pantheon Theatres the Philharmonic Society and Moorfields Chapel together with his adjudicating and teaching activities are examined In his wide ranging editorial work Novello found his true vocation positioning himself as preservationist pioneer and philanthropist His work as composer though unremarkable in quality mirrored the demands and expectations of his consumers Novello emerges from this study as a visionary who single mindedly pursued greater musical knowledge for the benefit of everyone

The Organ Douglas Earl Bush, Richard Kassel, 2006 *Organ* Volume 3 of the *Encyclopedia of Keyboard Instruments* includes articles on the organ family of instruments including famous

players composers instrument builders the construction of the instruments and related terminology It is the first complete reference on this important family of keyboard instruments that predated the piano The contributors include major scholars of music and musical instruments from around the world *Music and Institutions in Nineteenth-Century Britain* Paul Rodmell, 2016-04-29 In nineteenth century British society music and musicians were organized as they had never been before This organization was manifested in part by the introduction of music into powerful institutions both out of belief in music's inherently beneficial properties and also to promote music occupations and professions in society at large This book provides a representative and varied sample of the interactions between music and organizations in various locations in the nineteenth century British Empire exploring not only how and why music was institutionalized but also how and why institutions became musicalized Individual essays explore amateur societies that promoted music making institutions that played host to music making groups both amateur and professional music in diverse educational institutions and the relationships between music and what might be referred to as the institutions of state Through all of the essays runs the theme of the various ways in which institutions of varying formality and rigidity interacted with music and musicians and the mutual benefit and exploitation that resulted from that interaction [The Cambridge Companion to the Organ](#) Nicholas Thistlethwaite, Geoffrey Webber, 1999-03-04 This Companion is an essential guide to all aspects of the organ and its music It examines in turn the instrument the player and the repertoire The early chapters tell of the instrument's history and construction identify the scientific basis of its sounds and the development of its pitch and tuning examine the history of the organ case and consider the current trends and conflicts within the world of organ building Central chapters investigate the practical art of learning and playing the organ introduce the complex area of performance practice and outline the relationship between organ playing and the liturgy of the church The final section explores the vast repertoire of organ music focusing on a selection of the most important traditions *The Life of Breath in Literature, Culture and Medicine* David Fuller, Corinne Saunders, Jane Macnaughton, 2021-10-01 This open access book studies breath and breathing in literature and culture and provides crucial insights into the history of medicine health and the emotions the foundations of beliefs concerning body spirit and world the connections between breath and creativity and the phenomenology of breath and breathlessness Contributions span the classical medieval early modern Romantic Victorian modern and contemporary periods drawing on medical writings philosophy theology and the visual arts as well as on literary historical and cultural studies The collection illustrates the complex significance and symbolic power of breath and breathlessness across time breath is written deeply into ideas of nature spirituality emotion creativity and being and is inextricable from notions of consciousness spirit inspiration voice feeling freedom and movement The volume also demonstrates the long standing connections between breath and place politics and aesthetics illuminating both contrasts and continuities **Bach's Feet** David Yearsley, 2012-01-19 Yearsley explores the cultural significance of making music with hands and feet a mode of performance unique to the organ

Handbook of Materials for Wind Musical Instruments Voichita Bucur, 2019-09-06 This book addresses key questions about the materials used for the wind instruments of classical symphony orchestra such as flutes clarinets saxophones oboes bassoons and pipe organs The content of this book is structured into four parts Part 1 Description of materials for wind instruments deals with wood species and materials for reeds used for making clarinet oboe and bassoon and with metallic materials and alloys for horn trumpet trombone etc Auxiliary materials associated with the manufacturing of wind instruments are felt cork leather and parchment Part 2 Basic acoustics of wind instruments in which are presented succinctly some pertinent aspects related to the physics of the resonant air column An important aspect discussed is related to the effect of wall material on the vibration modes of the walls of wind instruments The methods for measuring the acoustical properties of wind instruments are presented Part 3 Manufacturing of wind instruments describes the technology used in manufacturing metallic tubes and pipes made of wood Part 4 The durability and degradation of materials addresses data about methods for cleaning wind instruments studies factors producing degradation of organ pipes describes methods of conservation and restoration of brass instruments and of historical pipe organs Finally the properties of marble are described being the only one nondegradable and sustainable material used for pipes for organs *The Choral Foundation of the Chapel Royal, Dublin Castle* David Michael O'Shea, 2023 The first investigation into the choral foundation of the Chapel Royal Dublin Castle The Chapel Royal Dublin Castle was the place of worship of the British monarch's representative in Ireland from 1814 until the inception of the Irish Free State in 1922 It was founded and maintained by the joint efforts of church and state and thus its history provides valuable insights into how the relationship between religion and politics shaped Irish society and identity The Dublin Chapel was established in imitation of the Chapel Royal of St James's Palace London and was served by a staff of clergy and musicians Its musical foundation was a formal and independent entity with its own personnel and performance traditions Its distinctive repertoire included music from the English and Irish cathedral traditions as well as works written by composers associated directly with the Chapel This study investigates the Chapel's constitution liturgy and music through an examination of previously unexplored primary material Discussion of the circumstances of the Chapel's founding and its governance structures situates the institution in the context of the church state relationship that existed following the Union of 1800 Further by exploring architecture churchmanship and musical style O'Shea demonstrates how the Chapel was part of a wider aesthetic and liturgical tradition The choral foundation is brought to life with accounts of the Chapel's clergy organists boy choristers and gentleman singers which provide insights into Dublin's social history during a period of significant change This book reflects on the Dublin Chapel Royal's legacy a century after its closure and offers a new perspective into a forgotten corner of Irish cultural religious and political history **Reader's Guide to Music** Murray Steib, 2013-12-02 The Reader's Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3-20 titles and an

essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology

J. S. Bach at His Royal Instrument

Russell Stinson, 2012 In *J S Bach at His Royal Instrument* author Russell Stinson delves into various unexplored aspects of the organ works of Johann Sebastian Bach Drawing on previous research and new archival sources he sheds light on many of the most mysterious aspects of these masterpieces and their reception and shows how they have remained a fixture of Western culture for nearly three hundred years **Tuning the Antipodes: Battles for performing pitch in Melbourne** Simon

Purtell, 2016-12-01 Examining the many controversies associated with pitch standards in Melbourne over more than a hundred years Simon Purtell discovers their impact on the tuning of the city's orchestras and organs as well as its defence municipal and Salvation Army bands This fascinating history involves famous local and touring singers conductors and organists including Nellie Melba Malcolm Sargent and William McKie revealing just how complex a problem it was to ensure that Melbourne's music makers remained in tune Harry Potter and the Cursed Child has nothing on the saga of Pitch pitch that cursed pitch the seemingly endless and frequently caustic attempts to establish a uniform performing pitch for music in the Antipodes It is a typically Melburnian drama of mixed deference to Britain and stubborn upholding of local interests that the author so eloquently and patiently chronicles and it ranges from the almost theocratic intervention of Dame Nellie Melba at the beginning of the twentieth century to the Stanthorpe Apple and Grape Harvest Festival of 1972 At the same time it will have been a battle taking place comparably in all the major cities of the British Empire and beyond though each with its peculiar twists and turns What Simon Purtell has done is show us in immaculate detail just how pervasive and intricate not to mention costly this tectonic realignment of a fundamental element of musical infrastructure must have been in all places over a very long period of time Emeritus Professor Stephen Banfield Centre for the History of Music in Britain the Empire and the Commonwealth University of Bristol *The English Bach Awakening* Michael Kassler, 2017-07-05 The English Bach

Awakening concerns the introduction into England of J S Bach's music and information about him Hitherto this subject has been called the English Bach revival but that is a misnomer Revival implies prior life yet no reference to Bach or to his music is known to have been made in England during his lifetime 1685-1750 The book begins with a comprehensive chronology of the English Bach Awakening Eight chapters follow written by Dr Philip Olleson Dr Yo Tomita and the editor Michael Kassler which treat particular parts of the Awakening and show how they developed A focus of the book is the history of the manuscripts and the printed editions of Bach's 48 The Well tempered Clavier in England at this time and its culmination in the analysed edition that Samuel Wesley and Charles Frederick Horn published in 1810-1813 and later revised Wesley's multifaceted role in the Bach Awakening is detailed as are the several efforts that were made to translate Forkel's biography of Bach into English A chapter is devoted to A F C Kollmann's endeavour to prove the regularity of Bach's Chromatic Fantasy and the book concludes with a discussion of portraits of Bach in England before 1830
