Clarke, 2001-03-06 She lived at full throttle on stage screen and in real life with highs that made history and lows that finally brought down the curtain at age forty seven Judy Garland died over thirty years ago but no biography has so completely captured her spirit and demons until now From her tumultuous early years as a child performer to her tragic last days Gerald Clarke reveals the authentic Judy in a biography rich in new detail and unprecedented revelations Based on hundreds of interviews and drawing on her own unfinished and unpublished autobiography *Get Happy* presents the real Judy Garland in all her flawed glory With the same skill style and storytelling flair that made his bestselling *Capote* a landmark literary biography Gerald Clarke sorts through the secrets and the scandals the legends and the lies to create a portrait of Judy

Garland as candid as it is compassionate Here are her early years during which her parents sowed the seeds of heartbreak and self destruction that would plague her for decades the golden age of Hollywood brought into sharp focus with cinematic urgency from the hidden private lives of the movie world s biggest stars to the cold eyed businessmen who controlled the machine and a parade of brilliant and gifted men lovers and artists impresarios and crooks who helped her reach so many creative pinnacles yet left her hopeless and alone after each seemingly inevitable fall Here then is Judy Garland in all her magic and despair the woman the star the legend in a riveting saga of tragedy resurrection and genius *Lights, Camera, Witchcraft* Heather Greene, 2021-10-08 Follow the Witch Through Decades of American Entertainment Deviant mistress of the dark arts Goddess worshipper dancing in the moonlight Crystal wielding bookworm with a black hat and broom We recognize the witch because no industry has been quite so influential in shaping our vision of her as Hollywood This comprehensive book delves into the fascinating history of witchcraft and witches in American film and television From Joan the Woman and The Wizard of Oz to Carrie and Charmed author and film scholar Heather Greene explores how these movies and TV shows helped influence the public image of the witch and profoundly affected how women negotiate their power in a patriarchal society Greene presents more than two hundred examples spanning silent reels to present day blockbusters As you travel through each decade you ll discover compelling insights into the intersection of entertainment critical theory gender studies and spirituality [Arlen and Harburg's Over the Rainbow](#) Walter Frisch, 2017 Over the Rainbow exploded into worldwide fame upon its performance by Judy Garland in the MGM film musical The Wizard of Oz 1939 Voted the greatest song of the twentieth century in a 2000 survey it is a masterful delicate balance of sophistication and child like simplicity in which composer Harold Arlen and lyricist E Y Yip Harburg poignantly captured the hope and anxiety harbored by Dorothy s character In Arlen and Harburg s Over the Rainbow author Walter Frisch traces the history of this song from its inception during the development of The Wizard of Oz s screenplay to its various reinterpretations over the course of the twentieth century Through analysis of the song s music and lyrics this Oxford Keynotes volume provides a close reading of the piece while examining the evolution of its meaning as it traversed widely varying cultural contexts From its adoption as a jazz standard by generations of pianists to its contribution to Judy Garland s role as a gay icon to its reemergence as a chart topping recording by Hawaiian singer Israel Kamakawiwo ole Over the Rainbow continues to engage audiences and performers alike in surprising ways Featuring a companion website with audio and video supplements this book leaves no path unexplored as it succeeds in capturing the extent of this song s impact on the world **The Natural History of Make-Believe** John Goldthwaite, 1996-02-22 The Man in the Moon has dropped down to earth for a visit Over the hedge a rabbit in trousers is having a pipe with his evening paper Elsewhere Alice is passing through a looking glass Dorothy riding a tornado to Oz and Jack climbing a beanstalk to heaven To enter the world of children s literature is to journey to a realm where the miraculous and the mundane exist side by side a world that is at once recognizable and real and enchanted Many

books have probed the myths and meanings of children's stories but Goldthwaite's *Natural History* is the first exclusively to survey the magic that lies at the heart of the literature From the dish that ran away with the spoon to the antics of Brer Rabbit and Dr Seuss's Cat in the Hat Goldthwaite celebrates the craft the invention and the inspired silliness that fix these tales in our minds from childhood and leave us in a state of wondering to know how these things can be Covering the three centuries from the fairy tales of Charles Perrault to Maurice Sendak's *Where the Wild Things Are* he gathers together all the major imaginative works of America Britain and Europe to show how the nursery rhyme the fairy tale and the beast fable have evolved into modern nonsense verse and fantasy Throughout he sheds important new light on such stock characters as the fool and the fairy godmother and on the sources of authors as diverse as Carlo Collodi Lewis Carroll and Beatrix Potter His bold claims will inspire some readers and outrage others He hails Pinocchio for example as the greatest of all children's books but he views C S Lewis's *The Chronicles of Narnia* as a parable that is not only murderously misogynistic but deeply blasphemous as well Fresh incisive and utterly original this rich literary history will be required reading for anyone who cares about children's books and their enduring influence on how we come to see the world Ray Bolger Holly Van

Curtis,2023-08-01 This collection argues that the romanticized conflation of childhood and innocence in American culture has been on a steady decline at least since the 1960s largely due to postmodern critiques of overarching narratives involving both the child and the innocence of childhood Additionally this collection highlights and analyzes examples of children s literature and culture throughout the 20th century and into the 21st which pointedly defy traditional idealized notions of childhood Such an analysis serves to reiterate the idea that the romanticized notion of childhood which has pervaded American culture for over two centuries is little more than a cultural construction that bears little to no resemblance to the actual lived experience of American children Victor Fleming Michael Sragow,2013-12-10 This definitive biography chronicles the life and work of the legendary director of *Gone With the Wind* and *The Wizard of Oz* Victor Fleming was the most sought after director in Hollywood s golden age renowned for his work across an astounding range of genres from gritty westerns to screwball comedies romances boddy pictures and family entertainment Yet this chameleon like versatility has resulted in his relative obscurity today despite his having directed two of the most iconic movies of all time Fleming is best remembered for *Gone With the Wind* and *The Wizard of Oz* but he directed more than forty films including classics like *Red Dust* *Test Pilot* *Dr Jekyll and Mr Hyde* and *Captains Courageous* Fleming created enduring screen personas for Clark Gable Spencer Tracy and Gary Cooper as well as for Ingrid Bergman Clara Bow and Norma Shearer who were among his many lovers In this definitive biography Michael Sragow restores the director to the pantheon of great American filmmakers correcting a major oversight in Hollywood history It is the dramatic story of a man at the center of the most exciting period in American filmmaking **Hop on Pop** Henry Jenkins III,Jane Shattuc,Tara McPherson,2003-01-23 A major collection of fan based cultural studies work largely by a new generation of scholars Making Meaning David BORDWELL,David Bordwell,2009-06-30 David Bordwell s new book is at once a history of film criticism an analysis of how critics interpret film and a proposal for an
