**Breaking the Chains of Oppression of the Indonesian People** Heri Akhmadi, 2009-12 From its establishment in 1954 part of the mandate of Cornell's Modern Indonesia Project has been the translation and publication in English of important documents that would otherwise have been unavailable to many of those interested in Indonesia's social and political history These have included the writings of Hatta A K Pringgodigdo Simatupang Sjahrir Sudjatmoko Sukarno Supomo Widjojo and Wilopo Also included in this coverage of the Translation Series have been documents unavailable even in the original Dutch or Indonesian such as the long suppressed report by the Netherlands East Indies Government's Coolie Budget Commission Living Conditions of Plantation Workers and Peasants on Java which we published twenty five years ago The translation here presented of Heri Akhmadi's defense statement at his trial is of a similar genre for despite its intrinsic significance and its relevance to an appreciation of how the leaders of a new generation of educated Indonesians view their country's government and its major social economic and political problems it too has been suppressed To prevent this important insight into the current Indonesian situation becoming buried and unavailable we are pleased to help provide for the dissemination it deserves I would predict that a quarter of a century from now Heri Akhmadi's statement may well be regarded as having at least as much importance to understanding present day Indonesia as the Coolie Budget Commission report had for an earlier period in the country's history Heri Akhmadi was elected by the student body of the Bandung Institute of Technology one of the most prestigious institutions of higher learning in the country as Chairman of their Student Council and their principal representative Since his views are close to those of the elected student leaders from more than two dozen other universities and colleges who were arrested at the same time his statement can be regarded as representative of the ideas of the intellectual vanguard of the contemporary generation of Indonesian students which despite

ongoing efforts to suppress them are likely to have a significant effect on their country's history. Heri Akhmadi and these other student leaders were arrested and jailed in 1978 following widespread student protest at Suharto's unopposed election for another term as President. As a consequence they were charged with having insulted the head of state and it is because of the nature of this charge that Heri Akhmadi's defense statement takes the form it does. What the government considers as an insult to the head of state is what the students see as valid criticism of its policies. It is to these criticisms that Heri Akhmadi addresses his defense statement that we have here published. George McT Kahin January 1981

**Crime and Punishment in Indonesia** Tim Lindsey, Helen Pausacker, 2020-12-14 Indonesia's criminal law system faces major challenges. Despite the country's transition to democracy, both the Criminal Code and the Criminal Procedure Code are badly out of date. The former only superficially changed since colonial times and the latter remaining as it was under Soeharto's authoritarian New Order regime. Law enforcement officers and judges are widely seen as corrupt or incompetent and new laws, including new Islamic laws passed at the regional level, often contradict the Criminal Code and national statutes, including human rights laws. This book, based on extensive original research by leading scholars in the field, provides an overall assessment of the state of criminal law, law enforcement and penal policy in Indonesia, considers in depth a wide range of specific areas of criminal law and discusses recent efforts at reform and their prospects for success.

**An Indonesian-English Dictionary** John M. Echols, Hassan Shadily, John U. Wolff, 1989 This dictionary is meant primarily as a tool for English speakers who need to know Indonesian and who deal with Indonesian writings The aim has thus been to give comprehensive coverage to forms a foreigner might run across in Indonesian readings from this era or from the past but excluding classical Malay literature Much of the Indonesian written production written and otherwise contains slangy colloquial and regional forms and we have not excluded such forms On the other hand we have confined the listing of dialectal forms only to those likely to be widely known The dictionary should also be useful to Indonesians who wish to learn English equivalents of Indonesian words but it has not been developed primarily for that purpose because many English words can only be defined by a sequence of Indonesian words from Introduction
