

MAKING A LIVING IN THE MIDDLE AGES

The People of Britain
850–1520

CHRISTOPHER DYER

Making A Living In The Middle Ages

Lionel Robbins

Making A Living In The Middle Ages:

Making a Living in the Middle Ages Christopher Dyer, 2003-08-11 Dramatic social and economic change during the middle ages altered the lives of the people of Britain in far reaching ways from the structure of their families to the ways they made their livings In this masterly book preeminent medieval historian Christopher Dyer presents a fresh view of the British economy from the ninth to the sixteenth century and a vivid new account of medieval life He begins his volume with the formation of towns and villages in the ninth and tenth centuries and ends with the inflation population rise and colonial expansion of the sixteenth century This is a book about ideas and attitudes as well as the material world and Dyer shows how people regarded the economy and responded to economic change He examines the growth of towns the clearing of lands the Great Famine the Black Death and the upheavals of the fifteenth century through the eyes of those who experienced them He also explores the dilemmas and decisions of those who were making a living in a changing world from peasants artisans and wage earners to barons and monks Drawing on archaeological and landscape evidence along with more conventional archives and records the author offers here an engaging survey of British medieval economic history unrivaled in breadth and clarity

Making Money Christine Desan, 2014-11-28 Money travels the modern world in disguise It looks like a convention of human exchange a commodity like gold or a medium like language But its history reveals that money is a very different matter It is an institution engineered by political communities to mark and mobilize resources As societies change the way they create money they change the market itself along with the rules that structure it the politics and ideas that shape it and the benefits that flow from it One particularly dramatic transformation in money s design brought capitalism to England For centuries the English government monopolized money s creation The Crown sold people coin for a fee in exchange for silver and gold Commodity money was a fragile and difficult medium the first half of the book considers the kinds of exchange and credit it invited as well as the politics it engendered Capitalism arrived when the English reinvented money at the end of the 17th century When it established the Bank of England the government shared its monopoly over money creation for the first time with private investors institutionalizing their self interest as the pump that would produce the money supply The second half of the book considers the monetary revolution that brought unprecedented possibilities and problems The invention of circulating public debt the breakdown of commodity money the rise of commercial bank currency and the coalescence of ideological commitments that came to be identified with the Gold Standard all contributed to the abundant and unstable medium that is modern money All flowed as well from a collision between the individual incentives and public claims at the heart of the system The drama had constitutional dimension money as its history reveals is a mode of governance in a material world That character undermines claims in economics about money s neutrality The monetary design innovated in England would later spread producing the global architecture of modern money

A History of the Middle Ages, 300-1500 John M. Riddle, 2008-03-13 This clear and comprehensive text covers the Middle Ages from

the classical era to the late medieval period Distinguished historian John M Riddle provides a cogent analysis of the rulers wars and events both natural and human that defined the medieval era Taking a broad geographical perspective Riddle includes northern and eastern Europe Byzantium and the Islamic states Each he convincingly shows offered values and institutions religious devotion toleration and intolerance laws ways of thinking and changing roles of women that presaged modernity In addition to traditional topics of pen sword and word the author explores other driving forces such as science religion and technology in ways that previous textbooks have not He also examines such often overlooked issues as medieval gender roles and medicine and seminal events such as the crusades from the vantage point of both Muslims and eastern and western Christians In addition to a thorough chronological narrative the text offers humanizing features to engage students Each chapter opens with a theme setting vignette about the lives of ordinary and extraordinary people The book also introduces students to key controversies and themes in historiography by featuring in each chapter a prominent medieval historian and how his or her ideas have shaped contemporary thinking about the Middle Ages Richly illustrated this lively engaging book will immerse readers in the medieval world an era that shaped the foundation for the modern world

Making Money in the Early Middle Ages Rory Naismith, 2023-07-11 An examination of coined money and its significance to rulers aristocrats and peasants in early medieval Europe Between the end of the Roman Empire in the fifth century and the economic transformations of the twelfth coined money in western Europe was scarce and high in value difficult for the majority of the population to make use of And yet as Rory Naismith shows in this illuminating study coined money was made and used throughout early medieval Europe It was he argues a powerful tool for articulating people's place in economic and social structures and an important gauge for levels of economic complexity Working from the premise that using coined money carried special significance when there was less of it around Naismith uses detailed case studies from the Mediterranean and northern Europe to propose a new reading of early medieval money as a point of contact between economic social and institutional history Naismith examines structural issues including the mining and circulation of metal and the use of bullion and other commodities as money and then offers a chronological account of monetary development discussing the post Roman period of gold coinage the rise of the silver penny in the seventh century and the reconfiguration of elite power in relation to coinage in the tenth and eleventh centuries In the process he counters the conventional view of early medieval currency as the domain only of elite gift givers and intrepid long distance traders Even when there were few coins in circulation Naismith argues the ways they were used to give gifts to pay rents to spend at markets have much to tell us

[Money and Coinage in the Middle Ages](#), 2019-02-11 Reading Medieval Sources is an exciting new series which leads scholars and students into some of the most challenging and rewarding sources from the European Middle Ages and introduces the most important approaches to understanding them Written by an international team of twelve leading scholars this volume Money and Coinage in the Middle Ages presents a set of fresh and insightful perspectives that demonstrate the

rich potential of this source material to all scholars of medieval history and culture It includes coverage of major developments in monetary history set into their economic and political context as well as innovative and interdisciplinary perspectives that address money and coinage in relation to archaeology anthropology and medieval literature Contributors are Nanouschka Myrberg Burström Elizabeth Edwards Gaspar Feliu Anna Gannon Richard Kelleher Bill Maurer Nick Mayhew Rory Naismith Philipp Robinson Russell Alessia Rovelli Lucia Travaini and Andrew Woods *Textbook of Human Development* □ *A Lifespan Development Approach* Srivastava Sushila & Rani, Sudha K., *Textbook of Human Development A Lifespan Development Approach* *Muslim and Christian Contact in the Middle Ages* Jarbel Rodriguez, *A History of Economic Thought* Lionel Robbins, 2000-10-16 Lionel Robbins's now famous lectures on the history of economic thought comprise one of the greatest accounts since World War II of the evolution of economic ideas This volume represents the first time those lectures have been published Lord Robbins 1898-1984 was a remarkably accomplished thinker writer and public figure He made important contributions to economic theory methodology and policy analysis directed the economic section of Winston Churchill's War Cabinet and served as chairman of the Financial Times As a historian of economic ideas he ranks with Joseph Schumpeter and Jacob Viner as one of the foremost scholars of the century These lectures delivered at the London School of Economics between 1979 and 1981 and tape recorded by Robbins's grandson display his mastery of the intellectual history of economics his infectious enthusiasm for the subject and his eloquence and incisive wit They cover a broad chronological range beginning with Plato Aristotle and Aquinas focusing extensively on Adam Smith Thomas Malthus and the classicals and finishing with a discussion of moderns and marginalists from Marx to Alfred Marshall Robbins takes a varied and inclusive approach to intellectual history As he says in his first lecture I shall go my own sweet way sometimes talk about doctrine sometimes talk about persons sometimes talk about periods The lectures are united by Robbins's conviction that it is impossible to understand adequately contemporary institutions and social sciences without understanding the ideas behind their development Authoritative yet accessible combining the immediacy of the spoken word with Robbins's exceptional talent for clear well organized exposition this volume will be welcomed by anyone interested in the intellectual origins of the modern world **Jung, Dante, and the Making of the Red Book: Of Fire and Form** Tommaso Priviero, 2023-08-04 This book explores the genesis of the Red Book or Liber Novus through the lens of Jung's lifelong confrontation with Dante and in doing so provides the first ever thorough comparative analysis of the intertextual and symbolical correspondences between Liber Novus and the Commedia Starting from Jung's multifaceted fascination with Dante and his pivotal role in the former's visionary material at historical hermeneutical and psychological levels the book challengingly envisions Liber Novus as Jung's Divine Comedy This work finds a new way of approaching Jung's understanding of concepts such as visionary works and visionary mind and considers how this approach can enhance our vision of depth psychology Through various thematics such as the metanoia and the symbolism of animals as well as the

transformative role of the feminine and the erotic and spiritual imagery of the soul this work revolves around the Jung Dante correlation Offering an original perspective within the field of Jungian and Dante scholarship this book will be of great interest to academics and postgraduate students studying in the areas of Jung Dante analytical psychology depth psychology hermeneutics and Western esoteric currents and practices The book will also appeal to Jungian analysts and psychoanalysts more broadly The Living Age ,1860 **Littell's Living Age** ,1860 **The Middle Ages Unlocked** Gillian Polack,Katrin Kania,2015-06-15 A unique guide to all aspects of life in the Middle Ages Littell's Living Age Eliakim Littell,Robert S. Littell,1878 *Making Money Going into the Deal* Thomas R. Stilp,2020-01-15 Learn the true value of property before buying Know the five questions to ask to make money go into the deal Discover the secrets for spectacular profits and how to shield your assets from attack Review the art of negotiation letters of intent use of intermediaries and closing a deal on terms favorable for you Through a case study of an actual transaction implement the ideas discussed in this book and read the documents and letters used to buy the property A successful investor buys real estate not by luck but through learned skills No other book teaches and captures the buyer s point of view with the strategies and techniques necessary to become a successful buyer and make money **Making Life More Livable** Ellen Lederman,1994-11 The ultimate comprehensive resource to getting some extra help and cushioning some of the challenges of aging *White before whiteness in the late Middle Ages* Wan-Chuan Kao,2024-01-09 This groundbreaking book analyses premodern whiteness as operations of fragility precarity and racialicity across bodily and nonsomatic figurations It argues that while whiteness participates in the history of racialisation in the late medieval West it does not denote skin tone alone The before of whiteness presupposing essence and teleology is less a retro futuristic temporisation one that simultaneously looks backward and faces forward than a discursive figuration of how white becomes whiteness Fragility delineates the limits of ruling ideologies in performances of mourning as self defence against perceived threats to subjectivity and desire precarity registers the ruptures within normative values by foregrounding the unmarked vulnerability of the body politic and the violence of cultural aestheticisation and racialicity attends to the politics of recognition and the technologies of enfleshment at the systemic edge of life and nonlife

Indicator and National Journal of Insurance ,1917 *Growing Up in the Middle Ages* Paul B. Newman,2015-03-21 Dangerous and difficult for both mother and child what was the birth experience like in the Middle Ages Dependent in part on social class what pastimes did children enjoy What games did they play With often uncomfortable and even harsh living conditions what kind of care did children receive in the home on a daily basis These are just a few of the questions this work addresses about the day to day childhood experiences during the Middle Ages Focusing on all social classes of children the topics are wide ranging Chapters cover birth and baptism early childhood playing clothing care and discipline formal education university education career training for peasants craftsmen merchants clergy and nobility and coming of age In addition three appendices are included Appendix I provides information on the humoral theory of medicine Appendix II offers

examples of medieval math problems Appendix III covers a unique episode in medieval history known as The Children's Crusade Instructors considering this book for use in a course may request an examination copy here **The Indicator**, 1917 *The Intellectual Life of Western Europe in the Middle Ages* Dales, 2022-04-19 This work presents a connected account of western European thought from the Patristic age to the mid fourteenth century Dales aims to keep his reader close to the sense of the texts which he translates frequently at some length or summarizes in his exposition He attempts to include important matters which are generally omitted in broad treatments the chapter on the tenth century is the longest in the book but the author's choice of topics is fully justified by his special intimacy with what he elects to discuss particularly the hexameral tradition ancient and medieval the scientific tradition twelfth century treatises on nature and cosmology discussions of the eternity of the world and the thought of Robert Grosseteste This adds a personal and distinctive character to the work Dales stresses throughout the diversity and vigor of medieval thought qualities which he illustrates widely from Latin and vernacular poetry and literature of various kinds as well as from philosophical and theological texts
