South Wales Richard Rathbone University of Wales Aberystwyth Christopher Tomlins American Bar Foundation Chicago Mary Turner London University **Colour-Coded** Constance Backhouse, 1999-11-20 Historically Canadians have considered themselves to be more or less free of racial prejudice Although this conception has been challenged in recent years it has not been completely dispelled In *Colour Coded* Constance Backhouse illustrates the tenacious hold that white supremacy had on our legal system in the first half of this century and underscores the damaging legacy of inequality that continues today Backhouse presents detailed narratives of six court cases each giving evidence of blatant racism created and enforced through law The cases focus on Aboriginal Inuit Chinese Canadian and African Canadian individuals taking us from the criminal prosecution of traditional Aboriginal dance to the trial of members of the Ku Klux Klan of Canada From thousands of possibilities Backhouse has selected studies that constitute central moments in the legal history of race in Canada Her selection also considers a wide range of legal forums including administrative rulings by municipal councils criminal trials before police magistrates and criminal and civil cases heard by the highest courts in the provinces and by the Supreme Court of Canada The extensive and detailed documentation presented here leaves no doubt that the Canadian legal system played a dominant role in creating and preserving racial discrimination A central message of this book is that racism is deeply embedded in Canadian history despite Canada's reputation as a raceless society Winner of the Joseph Brant Award presented by the Ontario Historical Society *A Great and Noble Scheme* John Mack Faragher, 2005 Drawing on original primary research Faragher follows specific Acadian families through the anguish of their removal and brings to light a tragic chapter in the settlement of America *Essays in the History of Canadian Law* Susan Lewthwaite, Tina Loo, Jim Phillips, 1994-12-15 This fifth volume in the distinguished series on the history of Canadian law turns to the important issues of crime and criminal justice In examining crime and criminal law specifically the volume contributes to the long standing concern of Canadian historians with law order and authority The volume covers criminal justice history at various times in British Columbia Ontario Quebec and the Maritimes It is a study which opens up greater vistas of understanding to all those interested in the interstices of law crime and punishment **Captives and Voyagers** Alexander X. ensconced in the particulars of their new local circumstances they both shaped and were themselves molded by the demands of the British Atlantic world of which they were an essential part Byrd focuses on the two largest and most significant streams of black dislocation the forced immigration of Africans from the Biafran interior of present day southeastern Nigeria to Jamaica as part of the British slave trade and the emigration of free blacks from Great Britain and British North America to Sierra Leone in West Africa By paying particular attention to the social and cultural effects of transatlantic migration on the groups themselves and focusing as well on their place in the British Empire Byrd illuminates the meaning and experience of slavery and liberty for people whose journeys were similarly beset by extreme violence and catastrophe By following the movement of this representative population Captives and Voyagers provides a vitally important view of the British colonial world its intersection with the African diaspora Captives and Voyagers traces the departures voyages and landings of enslaved and free blacks who left their homelands in the eighteenth century for British colonies and examines how displacement and resettlement shaped migrant society and in turn Britain's Atlantic empire Alexander X Byrd focuses on the two largest and most significant streams of black dislocation the forced migration of Africans from the Biafran interior of present day southeastern Nigeria to Jamaica as part of the British slave trade and the journeys of free blacks from Great Britain and British North America to Sierra Leone in West Africa By paying particular attention to the social and cultural effects of transatlantic migration on the groups themselves and focusing as well on their place in the British Empire Byrd illuminates the meaning and experience of slavery and liberty for people whose movements were similarly beset by extreme violence and catastrophe

Viola Florence Barnes, 1885-1979 John G. Reid,2005-12-15 Viola Florence Barnes was one of the most prominent women historians in the United States from the 1920s to the 1950s Born in 1885 Barnes was educated at Yale University and began teaching at Mount Holyoke College in 1919 She was an instrumental member of the imperial school of historians who interpreted North American colonial history within a British imperial framework Specializing in New England and Canada's Maritime provinces her best known book was *The Dominion of New England* published in 1923 In this probing biography John G Reid examines Barnes's life as a female historian providing a revealing glimpse into the gendered experience of professional academia in that era Reid also examines the imperial school which although rapidly losing favour by the 1950s had yielded results that were crucial to the study of North American colonial history Viola Florence Barnes was cited as one of 100 outstanding career women in the United States in 1940 The later years of her life were marked by difficulty and disillusionment as she tried in vain to have her last book published Yet despite retiring in 1952 Barnes remained an active scholar almost to the time of her death in 1979 This exhaustive work is the first biography of Barnes a major figure in the study of North American history

Boundless Dominion Denis McKim,2017-11-30 In the twenty first century the word Presbyterian is virtually synonymous with austere and parochial These associations are by no means historically unfounded as early Canadian Presbyterians insisted on Sabbath observance and had a penchant for inter and intra denominational disagreement However

many other ideas circulated within this religious community's collective psyche *Boundless Dominion* delves into the elaborate worldview that galvanized nineteenth century Canadian Presbyterianism Denis McKim uncovers a vibrant print culture and Presbyterian support for such initiatives as Indigenous evangelism temperance advocacy and anti slavery activism and finds that many of the denomination's characteristics contrast sharply with its dour and quarrelsome reputation Tracing the themes of providence politics nature and history in Presbyterian communities across five provinces from Prince Edward Island Nova Scotia and New Brunswick to Lower and Upper Canada this book reveals that at the heart of this denomination lay a desire to facilitate God's dominion and to promote Protestant piety across northern North America and beyond Through an innovative approach to the study of religious ideas *Boundless Dominion* highlights the permeability of borders and the myriad ways in which nineteenth century Canada including its Presbyterian community shaped and was shaped by interactions with the wider world

Africans in Exile Nathan Riley Carpenter, Benjamin N. Lawrance, 2018-09-10 This rich volume will interest scholars and students of Africa the African diaspora world history legal history and international affairs Lorelle Semley author of *To Be Free and French* Citizenship in France's Atlantic Empire The enforced removal of individuals has long been a political tool used by African states to create generations of asylum seekers refugees and fugitives Historians often present such political exile as a potentially transformative experience for resilient individuals but this reading singles the exile out as having an exceptional experience This collection seeks to broaden that understanding within the global political landscape by considering the complexity of the experience of exile and the lasting effects it has had on African peoples The works collected in this volume seek to recover the diversity of exile experiences across the continent This corpus of testimonials and documents is presented as an archive that provides evidence of a larger shared experience of persecution and violence This consideration reads exiles from African colonies and nations as active participants within rather than simply as victims of the larger global diaspora In this way exile is understood as a way of asserting political dissidence and anti imperial strategies Broken into three distinct parts the volume considers legal issues geography as a strategy of anticolonial resistance and memory and performative understandings of exile The experiences of political exile are presented as fundamental to an understanding of colonial and postcolonial oppression and the history of state power in Africa

The "conquest" of Acadia, 1710 John G. Reid, Maurice Basque, Elizabeth Mancke, 2004-01-01 The conquest of Port Royal by British forces in 1710 is an intensely revealing episode in the history of northeastern North America Bringing together multi layered perspectives including the conquest's effects on aboriginal inhabitants Acadians and New Englanders and using a variety of methodologies to contextualise the incident in local regional and imperial terms six prominent scholars form new conclusions regarding the events of 1710 The authors show that the processes by which European states sought to legitimate their claims and the terms on which mutual toleration would be granted or withheld by different peoples living side by side are especially visible in the Nova Scotia that emerged following the conquest Important on both a local and global scale The

Conquest of Acadia will be a significant contribution to Acadian history native studies native rights histories and the socio political history of the eighteenth century **Essays on Northeastern North America, 17th & 18th Centuries** John G. Reid, 2008-11-14 In examining the history of northeastern North America in the seventeenth and eighteen centuries it is important to take into account diverse influences and experiences Not only was the relationship between native inhabitants and colonial settlers a defining characteristic of Acadia Nova Scotia and New England in this era but it was also a relationship shaped by wider continental and oceanic connections The essays in this volume deal with topics such as colonial habitation imperial exchange and aboriginal engagement all of which were pervasive phenomena of the time John G Reid argues that these were complicated processes that interacted freely with one another shaping the human experience at different times and places Northeastern North America was an arena of distinctive complexities in the early modern period and this collection uses it as an example of a manageable and logical basis for historical study Reid also explores the significance of anniversary observances and commemorations that have served as vehicles of reflection on the lasting implications of historical developments in the early modern period These and other insights amount to a fresh perspective on the region and offer a deeper understanding of North American history **Inventing Sam Slick** Richard A. Davies, 2005-01-01 Thomas Chandler Haliburton 1796 1865 was one of pre confederation Canada s best known authors His popular Sam Slick the Clockmaker character was a household name not only in his home country but also in England and the United States Born in Windsor Nova Scotia Haliburton was not only a writer but also a lawyer judge politician and historian He gained fame for his writing in 1836 with The Clockmaker or the Sayings and Doings of Samuel Slick of Slickville for a Halifax newspaper It became a hit in England and was followed by six sequels Although Haliburton tried to put Sam Slick aside and work in other genres he found himself invariably returning to the character in his later books This commitment to Slick resulted in a curious effacement of Haliburton s own personal gentlemanly identity which he spent the second half of his life affirming by fostering links with socially well connected family in England In the public imagination however he remained linked with Sam Slick Based on over ten years of archival research Richard A Davies s scholarly biography of Haliburton is the first since 1924 It is an engaging examination of a controversial and contradictory Canadian writer and significant figure in the history of pre confederation Nova Scotia **The Making of the Mosaic** Ninette Kelley, M.
