Making Australian Foreign Policy:

Making Australian Foreign Policy Allan Gyngell, Michael Wesley, 2003-06-27 Table of contents **Making Australian Foreign Policy on Israel-Palestine** Eulalia Han, Halim Rane, 2013-02-01 Based on extensive research of Australian media coverage public opinion interest groups as well as in depth interviews with current and former diplomats and politicians this book provides a unique insight into the policy making process in regards to one of the world's most enduring and volatile dilemmas Making Australian Foreign Policy on Israel Palestine is a must read for anyone concerned about how social forces influence policy making and the impact this has on Australia's response to world affairs Islamic Studies Series Volume 13 *Australian Foreign Policy* F. A. Mediansky, 1997 Paperback edition of an introductory survey designed for tertiary students of politics international relations history and economics Addresses domestic interests and processes that shape foreign policy and also global regional and bilateral issues Includes references and index The contributors are academics in fields such as history political science and international studies The editor is an associate professor in the School of Political Science at the University of NSW His other publications include *Australia in a Changing World* *Australian Foreign Policy in Asia* Allan Patience, 2017-12-12 This book sets out to discuss what kind of middle power Australia is and whether its identity as a middle power negatively influences its relationship with Asia It looks at the history of the middle power concept develops three concepts of middle power status and examines Australia's relationships with China Japan and Indonesia as a focus It argues that Australia is an awkward partner in its relations with Asia due to both its historical colonial and discriminatory past as well its current dependence upon the United States for a security alliance It argues this should be changed by adopting a new middle power concept in Australian foreign policy *Australian Political Institutions* Gwynneth Singleton, Don Aitkin, Brian Jinks, John Warhurst, 2012-11-07 Australian Political Institutions 10e introduces students to the structure and organisation of the institutions and functions of government in Australia with reference to contemporary issues and debates A lot has changed in recent times in the Australian political environment Finally there is a text that incorporates all these important changes As an introduction to the principles of political science the text provides an analysis of key issues in the Australian political system in a clear and concise manner This new tenth edition retains its core focus on the Australian political system but also includes expanded comparative analysis of the similarities and differences in the structure and operation of political institutions in other countries which students can use to consider the strengths and weaknesses of the Australian political system and whether it could be improved *Australian Public Opinion, Defence and Foreign Policy* Danielle Chubb, Ian McAllister, 2020-10-28 This book examines the impact of Australian public opinion towards defence and foreign policy from the mid twentieth century to the present day For most of this period the public showed little interest in defence and security policy and possessed limited knowledge about the strategic options available The principal post war exception to this pattern is of course the Vietnam War when political

divisions over Australia's support for the U S led action eventually resulted in the withdrawal of troops in 1972 The period since 2001 has seen a fundamental change both in the public's views of defence and foreign affairs and in how these issues are debated by political elites This has come about as a result of major changes in the strategic environment such as a heightened public awareness of terrorism party political divisions over Australia's military commitment to the 2003 11 Iraq War and the increasing overlap of economic and trade considerations with defence and foreign policies which has increased the public's interest in these issues Combining the expertise of one of Australia's foremost scholars of public opinion with that of an expert of international relations particularly as pertains to Australia in Asia this book will be a critical read for those wishing to understand Australia's alliance with the U S interactions with Asia and China and the distinctive challenges posed to Australia by its geographic position

Security Strategies of Middle Powers in the Asia Pacific Ralf Emmers, Sarah Teo, 2018-02-05 Security Strategies of Middle Powers in the Asia Pacific examines what drives the different regional security strategies of four middle powers in the Asia Pacific Australia Indonesia South Korea and Malaysia Drawing on the extant middle power literature the authors argue that the regional security strategies of middle powers could take two forms namely functional or normative A functional strategy means that the middle power targets its resources to address a specific problem that it has a high level of interest in while a normative strategy refers to a focus on promoting general behavioural standards and confidence building at the multilateral level This book argues that whether a middle power ultimately employs a more functional or normative regional security strategy depends on its resource availability and strategic environment

Ministers, Mandarins and Diplomats, 2003 In the three decades from the beginning of World War II Australia emerged on the world stage as an independent actor in foreign affairs The key institution overseeing the development of Australia's international status and foreign policy during that period was the Department of External Affairs This stimulating collection of essays explores the history of this government department as it grew from being a small amateur bureaucratic player to become a professional global network This book sheds new light on the major figures in Australian international history H V Doc Evatt Percy Spender Richard Casey Garfield Barwick and Paul Hasluck and their relationships with their senior bureaucratic advisers The experiences of Australian diplomats as they joined the Department of External Affairs as junior recruits and worked overseas are also examined Ministers Mandarins and Diplomats tells the story of the people the events and the ideas that shaped Australian foreign policy and gave Australia its identity in the eyes of the rest of the world

New Engagement David Mickler, Tanya Lyons, 2013-06-01 Recent developments in both Africa and Australia have brought the two continents closer together In Africa a resources boom greater political stability and the creation of the new regional institutions have contributed to economic and human development even if many challenges including conflict poverty and exploitation remain Australia has commercial and political interests in Africa and if it wants to be a significant global actor must engage with both Africa's challenges and its growing international influence

Since coming to power in 2007 Australian Labor governments have pursued new engagement with Africa after decades of relative neglect This book the first study of its kind explores the key contexts for and dimensions of contemporary Australian foreign policy towards Africa It highlights a deepening of diplomatic and political relations a trebling of the official aid budget to Africa and over 50 billion of Australian based investment in Africa s resources sector and suggests measures to make such engagement sustainable and of mutual benefit Contributions to the book come from academics civil servants diplomats and politicians

Diplomatic Style and Foreign Policy Jeffrey Robertson, 2016-05-20 The book explores diplomatic style and its use as a means to provide analytical insight into a state s foreign policy with a specific focus on South Korea Diplomatic style attracts scant attention from scholars It is dismissed as irrelevant in the context of diplomacy s universalism misconstrued as a component of foreign policy alluded to perfunctorily amidst broader considerations of foreign policy or wholly absented from discussions in which it should comprise an important component In contrast to these views practitioners maintain a faith like confidence in diplomatic style They assume it plays an important role in providing analytical insight giving them advantage over scholars in the analysis of foreign policy This book explores diplomatic style and its use as a means to provide analytical insight into foreign policy using South Korea as a case study It determines that style remains important to diplomatic practitioners and provides analytical insight into a state s foreign policy by highlighting phenomena of policy relevance which narrows the range of information an analyst must cover The book demonstrates how South Korea s diplomatic style which has a tendency towards emotionalism and is affected by status generational change cosmopolitanism and estrangement from international society can be a guide to understanding South Korea s contemporary foreign policy This book will be of much interest to students of diplomacy studies foreign policy Asian politics and International Relations in general

Fighting Against War Julie Kimber, Phillip Deery, Karen Agutter, Anne Beggs-Sunter, Robert Bollard, Verity Burgmann, Liam Byrne, Lachlan Clohesy, Rhys Cooper, Carolyn Holbrook, Nick Irving, Chris McConville, Douglas Newton, Bobbie Oliver, Carolyn Rasmussen, Phil Roberts, Kim Thoday, 2015-02-13 The extended commemorations to mark the 100th anniversary of the Great War have commenced in earnest Over the next four years people around the world will struggle to avoid the politicised public narratives of these remembrances Nationalistic sentiment is no less palpable today than imperial sentiment was a century ago Its opponents are still there too Among the countless commemorative activities that will occur there are innumerable counter narratives Although they are compelling in their telling of oppositional stories they have yet to capture the imagination of the dominant storytellers of our generation Mainstream media governments and politicians of all persuasions remain a captive of soft jingoism and the myth making of Geoffrey Serle s fire eating generals In such a view war remains a lamentable but necessary evil The true costs of war are absorbed only partially Given the destabilisation of much of the globe and the increasing militarisation of domestic politics by Western governments it is unsurprising that a widespread movement for peace is momentarily lost But history provides hope

By looking back we can see the ebb and flow of peace movements and the lessons here are instructive The present commemorative phase provides historians with a license to tell the stories that underscore the feeble fabric of nationalistic hubris ones that seek to analyse and understand the human condition rather than simply commemorate it Tales of national rebirth are but one facet of war complicated by a much richer dirtier and more nuanced reality This reality challenges the necessity of war and allows us to empathise with war's victims elucidate oppositional tactics and provide explanations for the difficulties in sustaining a pacifist approach in the midst of war The chapters here deal with aspects of peace and anti war of memory of forgetting and of legacy The majority unsurprisingly given the present historical moment concentrate on the experience of the First World War The shadows of that war are long and the historiography they build on extensive Contributors include Phillip Deery Julie Kimber Karen Agutter Anne Beggs Sunter Robert Bollard Verity Burgmann Liam Byrne Lachlan Clohesy Rhys Cooper Carolyn Holbrook Nick Irving Chris McConville Douglas Newton Bobbie Oliver Carolyn Rasmussen Phil Roberts and Kim Thoday

Australia in International Politics Stewart Firth, 2020-07-28 The world changed for Australia after the terrorist attacks on the US on September 11 2001 and the Bali bombings of 2002 Security became the dominant theme of Australian foreign policy Australian military forces remained in Afghanistan years later opposing the terrorist threat of the Taliban while hundreds of Australian troops and police worked with public servants to build the state in Asia Pacific countries such as East Timor and Solomon Islands The world changed for Australia too when the global financial crisis of September 2008 threatened another Great Depression Meantime the international community made slow progress on measures to stem climate change potentially Australia's largest security

threat In a newly revised and updated edition Australia in International Politics shows how the nation is responding to these challenges The book describes how Australian foreign policy has evolved since Federation and how it is made It examines Australia s part in the United Nations humanitarian intervention and peacekeeping It analyses defence policy and nuclear arms control It explains why Australia survived the global financial crisis and why the G20 has become the leading institution of global economic governance It charts the course of Australia s climate change diplomacy the growth of Australia s foreign aid human rights in foreign relations and the rise of China as a great power Written by one of Australia s most experienced teachers of international relations Australia in International Politics explains Australian foreign policy for readers new to the field one of the best books on Australian foreign policy that I have read in recent years Samuel M Makinda Australian Journal of Political Science

Crisis Policymaking David Connery,2010-07-01 East Timor s violent transition to independence which began early in 1999 presented the Australian Government with a significant foreign policy crisis This crisis was not sudden totally unexpected or ultimately threatening to Australia s survival But the crisis consumed the attention of Australian leaders saw significant national and international resources employed and led to the largest operational deployment for the Australian Defence Force since the Vietnam War This crisis also created a significant rupture in the hitherto carefully managed relationships between Australia and its important neighbor Indonesia The events of September 1999 ultimately led to the birth of a new nation and the deaths of many people who might have otherwise expected to enjoy that independence In this major study David Connery examines how the Australian Government at the political and bureaucratic levels developed and managed national security policy in the face of this crisis The events and the policymaking processes that both led and followed are reconstructed using sixty interviews with key participants This study identifies certain characteristics of crisis policymaking in Australia that include a dominant executive secrecy external actors and complexity

Aid and Technical Cooperation as a Foreign Policy Tool for Emerging Donors Déborah Barros Leal Farias,2018-06-13 The question of why countries give aid and assistance to other countries has long been a topic of debate is it altruism or selfishness The assumption is sometimes made that donors from developing countries might be more motivated by altruism than traditional western donors This book demonstrates that on the contrary the provision of development assistance can be used to serve national interests allowing so called emerging donors to gain soft power in the international sphere by improving their image and global influence Technical cooperation or the transfer of knowledge is an area of particular interest as it can enable donors to position themselves as a global leader in a given field with a unique set of skills and expertise in a knowledge area This book uses the Brazilian case to demonstrate how a country such as Brazil can seek power and influence by providing no strings attached technical assistance The empirical analysis unpicks the motivations behind development assistance and how it can be used as a foreign policy tool In doing so the book sheds light upon the similarities and variations in the provision of technical cooperation as a foreign policy tool by China India and Brazil This book will be of interest to researchers of

International Development South South Cooperation International Relations and those working on Brazil specifically **The Fluid State** Hilary Charlesworth, 2005 The Fluid State was cited by the High Court in *Momcilovic v The Queen* 2011 HCA 34 8 September 2011 Traditional accounts of the relationship between international and national law present the interaction between the two as relatively ordered if conflicting This limited view of the relationship has become outmoded as the scope of international legal regulation and the internationalised context of domestic law continue to expand This book analyses some of the national contexts in which international law and domestic law interact and identifies the way in which attitudes to international law shift between them Some of the questions considered are How do perceptions of international law differ according to particular institutional vantage points whether that of the executive the legislature or the judiciary What is the impact of the perceived democratic deficit in international treaty making What are some of the ways in which the judiciary acts as a gatekeeper between the national and international legal orders How does national politics influence engagement with the international sphere The contributors bring a range of different perspectives politics law and international relations They include influential scholars such as Mayo Moran Ann Capling John Uhr Andrew Byrnes and Janet MacLean and they discuss contemporary issues such as the Australia US Free Trade Agreement and the 2003 Iraq War Rising Power and Changing People David Lowe, Eric Meadows, 2022-09-13 Beginning in 1943 44 Australia's relationship with India is its oldest continuous formal diplomatic relationship with any Asian country The early diplomatic exchanges between Australia and India have teased for their suggestions of potential unrealised for opportunities missed especially when compared with the very recent excitement about the future of Australia India relations How did Australia's representatives and their staff in New Delhi negotiate the many dimensions of Australia India relations This book brings together expert analyses of the work of the Australian High Commission its key people and the challenges they faced in New Delhi The important India Economic Strategy to 2035 report handed to the Australian Government in mid 2018 begins with the comment Timing has always been a challenge in Australia's relationship with India As the Australian Government works to implement some of the ambitious recommendations in the report this book adds to our understanding of why timing has been a challenge and how those at the coalface of the relationship have grappled with it **Designing Social Service Markets** Gabrielle Meagher, Adam Stebbing, Diana Perche, 2022-09-15 Governments of both right and left have been introducing market logics and instruments into Australian social services in recent decades Their stated goals include reducing costs increasing service diversity and in some sectors empowering consumers This collection presents a set of original case studies of marketisation in social services as diverse as family day care refugee settlement employment services in remote communities disability support residential aged care housing and retirement incomes Contributors examine how governments have designed these markets how they work and their outcomes with a focus on how risks and benefits are distributed between governments providers and service users Their analyses show that inefficiency low quality services and inequitable access are typical problems Avoiding

simplistic explanations that attribute these problems to either a few bad apple service providers or an amorphous neoliberalism that is the sum of all negative developments in recent years the collection demonstrates the diversity of market models and examines how specific market designs make social service provision susceptible to particular problems The evidence presented in this collection suggests that Australian governments market making policies have produced fragile and fragmented service systems in which the risks of rent seeking resource leakage and regulatory capture are high Yet the design of social service markets and their implementation are largely under political control Consequently if governments choose to work with market instruments they need to do so differently working with principles and practices that drive up both quality and equality
