acclaimed group of scholars Law history colonialism brings together the disciplines of law history and post colonial studies in a singular exploration of imperialism In fresh innovative essays from a range of disciplinary backgrounds this collection offers exciting new perspectives on the length and breadth of empire As issues of native title truth and reconciliation commissions and access to land and natural resources are contested in courtrooms and legislation of former colonies the disciplines of law and history afford new ways of seeing hearing and creating knowledge Issues explored include the judicial construction of racial categories the gendered definitions of nation states the historical construction of citizenship sovereignty and land rights the limits to legality and the charting of empire constructions of madness among colonised peoples reforming property rights of married women questions of legal and historical evidence and the rule of law This collection will be an indispensable reference work to scholars students and teachers

A History of the AbaThembu People from Earliest Times to 1920 Jongikhaya Mvenene, 2020-10-02 This book is an account of the history of the abaThembu from the reign of uKumkani Nxeko in c 1650 to the death of uKumkani Dalindyebo in 1920 The importance of this cut off date lies in the fact that uKumkani Dalindyebo s reign was characterised by relative stability compared to those of his predecessors His prestige however was demeaned by the Department of Native Affairs Secretary whose instruction was that uKumkani Dalindyebo should not be addressed as a paramount chief as that title applied exclusively to the government thereby strengthening the government s position and elevating it to be above customary law AbaThembuland was and still is central to the history of the former Transkei region and South Africa Not only does it form part of the former Transkei region but it also constitutes South Africa and so divisions conflicts developments and or underdevelopments in abaThembuland inevitably affected not only the former Transkei region but also the greater part of South Africa in no small measure Thus the history of abaThembuland and the divisions thereof overlap with the history of the former Transkei region and South Africa

Religion and Contemporary Politics Timothy J. Demy, Jeffrey M. Shaw Ph.D., 2019-09-19 With respect to the countries of the world this work addresses two basic questions How does religion affect politics in this country and How does politics affect religion in this country Although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends The present work does the latter contextualizing them within regional and national boundaries In so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology The work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s It is organized by global geographic regions including Africa Central and South America and the Middle East and presents countries alphabetically within those sections Each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region The work also includes an introduction sidebars and a bibliography

Slavery in the Islamic World Mary Ann Fay, 2018-11-17 This edited volume determines where slavery in the Islamic world fits within the global history of slavery and the various models that have been developed to analyze it To that end the authors focus on a question about Islamic slavery that has frequently been asked but not answered satisfactorily namely what is Islamic about slavery in the Islamic world Through the fields of history sociology literature women s studies African studies and comparative slavery studies this book is an important contribution to the scholarly research on slavery in the Islamic lands which continues to be understudied and under represented in global slavery studies

The Palgrave Handbook of Language Policies in Africa Esther Mukewa Lisanza, Leonard Muaka, 2024-07-08 This handbook explores language policies and their impacts in Africa examining the different language policies in each country from pre colonial to post colonial times Most African countries are multilingual apart from a handful which are said to be quasi monolingual The authors in this handbook investigate language policy in education media legal courts government documents and other public domains and show how these policies shape learning and delivery of services to the citizens The volume also pays special attention to the roles assigned to minority languages in Africa most of which are endangered The contributions also investigate how these language policies are influenced by the history of colonialism and language attitudes emanating from colonial rule This handbook will be of interest to a diverse audience of readers including those interested in African languages language planning and policy and African history and education

The Fall of Israel Dan Steinbock, 2025-01-01 The path to the obliteration of Gaza was paved by the confluence of a set of longstanding forces This great conjuncture has transformed Israel and the occupied Palestinian territories while driving the region to the edge In The Fall of Israel Dr Dan Steinbock connects the dots among these lethal headwinds What makes The Fall of Israel unique is its comprehensive scope It covers Israel s political economic social and military changes the shifts in the Palestinian struggle for sovereignty Israel s degradation into apartheid rule the attendant atrocities the regional and global reverberations and the human and economic costs both prior and subsequent to Israel s fatal war on Gaza There its nightmarish actions have led to the engagement of the International Court of Justice and the International Criminal Court renewed international boycotts and massive domestic and international protests The Fall of Israel outlines the central drivers of this simmering tinderbox the serial expulsions of Palestinians the expansion of Jewish settlements in the occupied territories a half century of failed U S diplomacy in the Middle East and Israel s militarization enabled by the symbiotic bilateral ties with the U S and massive U S military aid In the Gaza War these ties fostered paradigms of devastation such as the Dahiya doctrine and mass assassination factories backed by pioneering artificial intelligence The settlements have contributed to the destabilization of the broader region since the early 1970s and are now compounding its politico economic and geopolitical crisis This book addresses the efforts to institute a Jewish rather than a secular state It shows how the postwar labor alignments were replaced by the hard right coalitions thanks to U S neoliberal economic policies assertive neoconservatism and Jewish American donors It also explains the causes

behind the rise of the Messianic far right centrist parties and the failure of the Left The corrosion of Israeli society and politics was already reflected in and driven by an economy constrained by adverse erosion as reflected by the liabilities of its high tech cluster the talent brain drain the threatened welfare state and subsidized religious sector But now the already evident politico economic costs to Israel of the Gaza war have set the stage for extraordinary uncertainty in the foreseeable future

The Oxford History of the British Empire: Volume V: Historiography Robin Winks,1999-10-21 The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records From the founding of colonies in North America and the West Indies in the seventeenth century to the reversion of Hong Kong to China at the end of the twentieth British imperialism was a catalyst for far reaching change The Oxford History of the British Empire as a comprehensive study helps us to understand the end of Empire in relation to its beginning the meaning of British imperialism for the ruled as well as for the rulers and the significance of the British Empire as a theme in world history This fifth and final volume shows how opinions have changed dramatically over the generations about the nature role and value of imperialism generally and the British Empire more specifically The distinguished team of contributors discuss the many and diverse elements which have influenced writings on the Empire the pressure of current events access to primary sources the creation of relevant university chairs the rise of nationalism in former colonies decolonization and the Cold War They demonstrate how the study of empire has evolved from a narrow focus on constitutional issues to a wide ranging enquiry about international relations the uses of power and impacts and counterimpacts between settler groups and native peoples The result is a thought provoking cultural and intellectual inquiry into how we understand the past and whether this understanding might affect the way we behave in the future

The Oxford History of the British Empire: Historiography Robin W. Winks,1999 This volume investigates the shape and the development of scholarly and popular opinion about the British Empire over the centuries Religion, Ethnicity and Social Change L. Fawcett,2000-03-02 In Religion Ethnicity and Social Change the author argues that the recent focus on religious fundamentalism in ethnic conflict has obscured the ambiguous role of mainstream Western religion The book examines the relationship between the religious and secular spheres at a time of rapid transition in South Africa and Northern Ireland

Atlas of Changing South Africa A.J. Christopher,2002-01-04 The new edition of the atlas first published as The Atlas of Apartheid presents a comprehensive introduction and detailed analysis of the spatial impact of apartheid in South Africa It covers the period of the National Party Government of 1948 to 1994 and emphasises the changes and the continuing legacy this presents to South Africans at the start of the 21st century The Atlas makes the unique contribution of presenting the policy and its impact in visual spatial forms by including over 70 maps a highly appropriate method considering that apartheid was about the control of space and specific places *The Strategic Repositioning of Arts, Culture and Heritage in the 21st Century* George Mugovhani,Owen Seda,2018-06-11 The post millennium world has been experiencing several

recognisable historical milestones with regard to arts culture and heritage One of these has been the resuscitation and revival of creative elements of the arts culture and heritage of previously marginalised or disadvantaged communities around the world Until recently there had been scant regard and skewed allocation of resources for these but lately attempts have been made to promote and sustain them in order to enable the socio economic aspirations of a multicultural society The contributions brought together here are the product of papers that were presented during a conference on Strategic Repositioning of Arts Culture and Heritage in the 21st Century They cover a broad spectrum of subjects such as indigeneity music song and identity politics national reconciliation education product development and national development

Youth In South Africa Ariane De Lannoy, Malose Langa, 2021-05-05 South Africa is characterised by a youthful population and the challenges and possibilities that characterise the young generation are both warning signs and beacons of hope for a nation founded on social justice Youth in South Africa Agency in visibility and national development takes stock of the nation's development as it affects young people Authors offer both personal and professional insights into the ways in which the youth navigate their own pathways to adulthood These include formal and informal engagements with politics as well as protest unemployment entrepreneurship education religion experiences with sexuality and violence and a multitude of other life experiences Contributors paint a picture of the initiative agency and resilience of the youth as well as the challenges before them Authors also identify the state of waithood faced by those unable to make the transition out of youth into full adulthood as a result of their socio economic circumstances and political context By engaging these experiences and insights and primarily informed by the inputs of young people the authors highlight the limitations of existing youth policies and frameworks The case is made for policy instruments to be informed by the lived experiences of the youth as they navigate a complex macrosocial environment and by the messages the youth communicate about the limitations of current approaches

Cold War Literature Andrew Hammond, 2006-11-22 The Cold War was the longest conflict in a century defined by the scale and brutality of its conflicts In the battle between the democratic West and the communist East there was barely a year in which the West was not organising fighting or financing some foreign war It was an engagement that resulted in Korea Guatemala Nicaragua and elsewhere in some twenty million dead This collection of essays analyses the literary response to the coups insurgencies and invasions that took place around the globe and explores the various thematic and stylistic trends that Cold War hostilities engendered in world writing Drawing together scholars of various cultural backgrounds the volume focuses upon such themes as representation nationalism political resistance globalisation and ideological scepticism Eschewing the typical focus in Cold War scholarship on Western authors and genres there is an emphasis on the literary voices that emerged from what are often considered the peripheral regions of Cold War geo politics Ranging in focus from American postmodernism to Vietnamese poetry from Cuban autobiography to Maoist theatre and from African fiction to Soviet propaganda this book will be of real interest to all those working in twentieth century literary studies cultural studies

history and politics **Decentralization and Constitutionalism in Africa** Charles M. Fombad, Nico Steytler, 2019-09-10
This collection of essays assesses the efforts of African governments to constitutionalise decentralisation be it in the form of federalism local government or traditional authorities Since the end of the Cold War jurisdictions across Africa have witnessed an ostensible return to multi party democracy within the paradigm of constitutionalism and the rule of law Linked to the democratisation process many countries took steps to decentralize power by departing from the heavily centralized systems inherited from colonial regimes The centralization of power typically characterized by the personalization and concentration of power in the hands of leaders and privileged elites in capital cities mostly resulted in repressive regimes and fragile states As decentralisation is a response to these challenges this volume analyses the dynamic relationship between the efforts to implement decentralization and presence or absence of constitutionalism This volume examines a variety of forms and degrees of decentralization found across Africa It advances a new understanding of trends and patterns and facilitates the exchange of ideas among African governments and scholars about the critical role that decentralisation may play in democratization of and constitutionalism in Africa *Who's Afraid of Children?* Helen Brocklehurst, 2017-03-02
Brocklehurst's impressive work breaks new ground in normative international political theory It develops a new theoretical framework which exposes how children are present in international relations and security practices using an empirical and comparative assessment of the role of children and youth in a range of conflicts including Nazi Germany Mozambique South Africa Northern Ireland the Cold War and the British Empire The author argues powerfully that concepts of children are partial and contained through their construction as non political Global in scope this book is a timely and important contribution given the growing visibility of children in international relations evident after September 11 The political and ethical question at the heart of this book is will international relations dare to catch up
