My Teddy Organizer Fact Sheet:

My Teddy Organizer Fact Sheet Book Hobby House Press, Incorporated, 2000-02-01 **My Teddy Organizer Fact Sheets Album** Hobby House Press, 2000-02-01 Extra sheets for your organiser are in a handy 3 hole punched book that fits into your binder The sheets are perforated so they can easily be torn out of the book and filed under the right category in your binder Contains an introduction and over 60 fact sheets *Information Activism* Cait McKinney, 2020-07-17 For decades lesbian feminists across the United States and Canada have created information to build movements and survive in a world that doesn't want them In *Information Activism* Cait McKinney traces how these women developed communication networks databases and digital archives that formed the foundation for their work Often learning on the fly and using everything from index cards to computers these activists brought people and their visions of justice together to organize, store and provide access to information Focusing on the transition from paper to digital based archival techniques from the 1970s to the present McKinney shows how media technologies animate the collective and unspectacular labor that sustains social movements including their antiracist and trans inclusive endeavors By bringing sexuality studies to bear on media history McKinney demonstrates how groups with precarious access to control over information create their own innovative and resourceful techniques for generating and sharing knowledge **11:11** Kim S, 2009 11 11 copyright c 2009 by Kim S All rights reserved A friend of mine first introduced me to the natural Law of Attraction in early 2007 and I found myself caught up in this New Age sensation along with many others around me Several of my coworkers had Buddha's dictum All that we are is the result of what we have thought posted in their cubicles each of them determined to improve their lives with the help of this daily reminder I too was so inspired by this revelation that my second book came to me in record speed In 2007 I resolved to put this theory to the test to determine for myself whether it is true that we attract what we focus on I began meditating and making an honest effort to start every single morning with at least five grateful thoughts After nearly three years of consciously and deliberately applying the principles of the Law of Attraction in my life I present to you my third book titled 11 11 For me this is about so much more than taking responsibility for one's own life It's about each of us somehow harmonizing ourselves with everyone else I don't think our goal as individuals is to follow the exact same course rather the key is to combine loyalty to one's own beliefs with veneration for others That is the true path to harmony Ultimately I think we're all looking at the same thing We're just viewing it from different standpoints and using our own unique words to describe it I hope the words I've chosen to describe my personal beliefs will warm your heart and I hope you're able to see some common ground between us That is my intention About the Author When Kim S published her first book *A Letter to My Son* in 2004 she had no idea why she was compelled to purge her negativity in such a public way But several years later she knows It's as though it was meant to be all along and her second and third books bring it all full circle *A Letter to My Son* was based on some of Kim's life experiences but many of the characters were fictional and some of the story ideas were

sparked by nothing more than a telephone conversation The book which stemmed from a family tragedy that happened when she was a teenager was a reflection of her mindset at the time She saw herself as a victim of circumstance and this was the vantage point she viewed the world from for many years to come After being introduced to the Law of Attraction in early 2007 Kim S was so inspired that she wrote and published her second book *A Letter to My Daughter* in record speed It expressed a joyful time in her life and it communicated a message of being true to yourself while respecting other people's choices Kim resolved to put this theory to the test to determine for herself if it is true that we get what we focus on After nearly three years of consciously and deliberately applying the principles of the Law of Attraction in her life she is proud to present her third book titled *11 11* Kim S believes we always prove ourselves right We all receive what we expect to receive from life and we attract the circumstances that match our personal vibrations at any given time This is a natural impartial law of our universe just as gravity is and each of her books demonstrates it very clearly in its own way
