## **My Teacher Maya Angelou:**

*My Teacher*, Maya Angelou Dabeth S. Manns, 2003 Erudition is a process What is learned in the present often has more meaning during your life experiences which have yet to come Candid and concise *My Teacher* Maya Angelou illustrates this point The book begins with a description of the author s initial encounter with college teaching Abridged excerpts from the author s learning journal while under the tutelage of Professor Angelou then follow At the end a personal Learning Journal is included for the reader Explicit suggestions are given to initiate the reflection and writing process Adapted from the educational diary of a former student this book is evocative and refined a poignant narrative of few words and high impact Celebrate and share the pleasure that evolves through learning and self discovery [The Teacher's Principal](#) Jen Schwanke, 2022-07-20 What motivates teachers to put forth their best efforts in the classroom How can principals understand what drives each teacher and use that information to encourage practices that lead to the best outcomes for students If teachers are struggling what can principals do to help them succeed These questions and many more are thoroughly explored in *The Teacher's Principal* an invaluable roadmap that all principals can use not only to support teachers who are doing good work but also to help those who are faltering to get back on track Taking a compassionate holistic view of what drives teachers veteran educator Jen Schwanke explains their three key motivators Purpose which reflects teachers foundational values and reasons for teaching Priorities which reveal how committed teachers are to student learning and Patterns or the visible habits and routines that propel teachers daily decisions Understanding these three Ps will help principals ensure that teachers practice aligns to what s best for students and that teachers are happy motivated and effective at their jobs Filled with real life examples practical suggestions and hard won lessons this book walks principals of all grade levels through dozens of powerful strategies for supporting teachers in ways that benefit everyone in the school community *'O Captain, My Captain': One Teacher's Hope for Change in the Irish Education System* Jennifer Horgan, 2023-02-06 *O Captain My Captain* is a book about one teacher s hope for change in the Irish education system It is written in an engaging style that draws on personal experience as well as research It aims to reach anyone interested in education from teachers and academics to parents and young people The book imagines what our education system might look like without the Leaving Cert and the CAO system It considers the type of learning that might happen in our classrooms without the demands of a single set of high stakes exams It suggests that our students and our broader society might be more fulfilled and safer as a result In the opening chapters the author considers attitudes towards teachers in Ireland The author suggests a breakdown in this respect linked to the classrooms of the past and a growing pressure on students to perform well in a market run system Our competitive drive in education is presented as yet another form of oppression in our country following on from the abuses of the Church and colonialism The book makes the claim that removing the stress and the singularity of the Leaving Cert could liberate Irish students There is a deep concern for social justice throughout In the

later chapters the author places much focus on the importance of objective sex education in Irish schools referring to rising rates of harassment and violence in our universities The writer believes that a removal of a rigid academic approach to education would allow more time to discuss the physical and social realities of young people s lives and bodies The book closes where it began in considering the role of the teacher what the parameters of that role should be in a classroom devoted to helping children find their own individual paths and encouraging them to tell their own stories
