My Time, My World Pratheek Praveen Kumar, 2017-01-27 Time and world in the current global village concern everybody and everyone whether young or old must pay at least some attention to correctly gauge the prevailing winds blowing in and around the world at that time The complex nature of the time and the world is very difficult to untangle and hopelessly mired in depths we may not know or things of which we have got no comprehension In this book I have tried to summarize events situations personalities and at occasions a few stories that bring deeper comprehension of the world and its affairs in the larger canvas of the political and cultural dynamics of the time and their interplays as I see them in moving the world forward The topics on which I wrote were all topics on which I felt rather strongly about or topics that I felt important I hope they are enjoyed and appreciated by all those who read them While writing the book I was often tempted to add my own comments about what I felt about the issue at hand but in the end I successfully resisted such temptations and restricted myself to the truth as I saw it So this book is a publication on world affairs with just occasional comments of universal nature here and there Another problem I encountered while writing this book was the abundance of materials to select from Several events of recent origin raced through my mind for space but I had to be choosy to limit myself to the planned format of my book Further recent developments are too recent and hot to gauge dispassionately and earn space for objective analyses Therefore I avoided such materials as much as possible in this volume This holds true about India also Though this book is India centric in world affairs I avoided all opinions and comments on India related matters for the fear of being partisan This volume is not planned as a platform for such contents *Nec Dextrorsum Nec Sinistrorsum* is the theme here and I tried my best to maintain it Often I had been

tempted to stray into topics quite unrelated to the theme of the book Managing it and keeping my course on the track was the toughest part of my work My Time My World opened up limitless vista for entry Again I succeeded in confining myself to my Lakshmana Rekha

Raphaelite extraordinaire is unique as Victorian proto expressionistic painter poet who relentlessly sought representation of a tormented personified self through the communicative relationship between image and word In this interdisciplinary study is considered the narrative interaction that unifies ideas and forms into a self expressive dialectical that informs of autonomous individualism and gender politics as a social problematic Rossetti known universally as a charismatic and vibrantly passionate man is tangibly revealed in the most tenderly transparent narratives to be a haunted and socially subjugated man who searched for self definition as a man and as an artist By an intricate analysis of key textual and visual narratives Yildiz Kilic provides an insightful and wholly original interpretation of Rossetti as Victorian victim and innovator

Ecological Poetics; or, Wallace Stevens's Birds Cary Wolfe, 2020-04-17 The poems of Wallace Stevens teem with birds grackles warblers doves swans nightingales owls peacocks and one famous blackbird who summons thirteen ways of looking What do Stevens's evocations of birds and his poems more generally tell us about the relationship between human and nonhuman In this book the noted theorist of posthumanism Cary Wolfe argues for a philosophical and theoretical reinvention of ecological poetics using Stevens as a test case Stevens Wolfe argues is an ecological poet in the sense that his places worlds and environments are co created by the life forms that inhabit them Wolfe argues for a nonrepresentational conception of ecopoetics showing how Stevens's poems reward study alongside theories of system environment and observation derived from a multitude of sources from Ralph Waldo Emerson and Niklas Luhmann to Jacques Derrida and Stuart Kauffman Ecological Poetics is an ambitious interdisciplinary undertaking involving literary criticism contemporary philosophy and theoretical biology
