Historical Dictionary of Burma (Myanmar) Donald M. Seekins, 2017-03-27 Burma Myanmar is a Southeast Asian country that is emerging from crisis after more than a half century of hard line military rule and cultural diplomatic and economic isolation With the dissolution of its military regime the State Peace and Development Council in 2011 a formally civilian but military dominated constitutional government was inaugurated By 2012 Burma s president retired General Thein Sein had established a working relationship with Daw Aung San Suu Kyi the leader of the country s pro democracy movement since 1988 and after a 2012 by election she and members of her opposition party the National League for Democracy NLD entered the new Union Parliament as legislators However even with the election victory of Daw Suu Kyi and the NLD in the General Election of November 2015 Burma faces daunting challenges it is still one of the poorest countries in Southeast fissured by longstanding ethnic conflicts that have made a nationwide peace agreement elusive and its people s security and the environment are threatened by foreign economic exploitation Religious discord is also widely evident as Buddhist militants instigate violence against the country s religious minorities especially Muslims Today Burma s prospects are the most hopeful they have been for over half a century as the country takes steps along the road to a more open society and economy This edition of the Historical Dictionary of Burma Myanmar encompasses not only current developments but also Burma s over 1 500 years old recorded history and the most important features of its cultures ethnicity religions society and economy This is done through achronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture

Turmoil in Burma David I. Steinberg, 2006 Few states in the contemporary world present the complexities that characterize Burma Myanmar at present On the one hand it has been under military rule for some forty four years at this point with many traditional factors in operation an high degree of

authoritarianism the dominance of personalization over institutions powerful centrism but with a progressive weakening as the distance from the center lengthens and the importance of religion as a source of identity Those who govern Myanmar have given ample indication in recent times of a desire to interact with diverse international bilateral and multilateral operations Yet Burma Myanmar nationalism has contained a xenophobic quality emphasized on occasion a proclivity that is more conducive to isolation than to cooperation In this context the movement of the capitol from Rangoon to Pyinmana in the interior while proclaimed as a move to provide easier access to all parts of Myanmar raises questions Moreover as was demonstrated recently in the face of strong opposition Myanmar was prepared to give up its scheduled chairmanship of ASEAN rather than to change its domestic political policies Under the circumstances it is fortunate to have a highly regarded scholar who has spent many years undertaking in depth studies of Burma Myanmar as well as other parts of East Asia with a history of friendships and research in the region provide us with an up to date analysis David Steinberg presents a broad picture of the complex scene commencing with a presentation of key theoretical and historical considerations and proceeding to an analysis of various specifics relating to the current Burma Myanmar society and state His analysis is comprehensive and balanced taking into account the many complexities and uncertainties of this troubled state We are indeed fortunate to have this work available from the Foreword by Robert A Scalapino

Myanmar's Fragmented Democracy: Transition Or Illusion? Felix Thiam Kim Tan, 2022-07-14 The recent military coup in Myanmar perpetrated by the Tatmadaw has set the country back to the days of political uncertainty and military authoritarianism This book examines how far the country has come since its nascent attempt at democratic reforms and democratisation in 2010 Each chapter considers some of the more prominent issues that have plagued Myanmar since political reforms started First there have been debates about the extent to which democratic reforms have been achieved since the Constitution was formalised in 2008 Second what has been the significance of the three elections in 2010 2015 and 2020 Third how has the National League for Democracy transformed in the past decade How far has the Union Solidarity and Development Party changed the political landscape What roles did the Tatmadaw play in the last decade Fourth questions surrounding how the ethnic crisis not least the Rohingya issue have continued to dominate the country's political landscape in the last decade thereby overshadowing its democratisation process Finally how far have these efforts at democracy demonstrated Myanmar's futile attempts at appeasing the domestic and international audience Myanmar's relations with the global and regional community vis vis the US China and the Association of Southeast Asian Nations have also taken a toll in the last decade There is already a shift in power politics especially with China determining the direction of Myanmar Myanmar has been locked in a perpetual cycle transitioning between military authoritarianism and democratisation These prevailing issues have led to a fragmented democracy and a lost opportunity to demonstrate its foray into a genuine democracy Burma's Economy in the Twentieth Century Ian Brown, 2013-11-07 An incomparable introduction to Burma's political and economic history written by one of the premier economic historians of Southeast Asia
