Mystere a Amboise I. Fraser,1994-12-01 *Mystere a Amboise* Ian Fraser,Robert Williams,1989 *The Medieval Theater of Cruelty* Jody Enders,2018-08-06 Why did medieval dramatists weave so many scenes of torture into their plays Exploring the cultural connections among rhetoric law drama literary creation and violence Jody Enders addresses an issue that has long troubled students of the Middle Ages Theories of rhetoric and law of the time reveal she points out that the ideology of torture was a widely accepted means for exploiting such essential elements of the stage and stagecraft as dramatic verisimilitude pity fear and catharsis to fabricate truth Analyzing the consequences of torture for the history of aesthetics in general and of drama in particular Enders shows that if the violence embedded in the history of rhetoric is acknowledged we are better able to understand not only the enduring theater of cruelty identified by theorists from Isidore of Seville to Antonin Artaud but also the continuing modern devotion to the spectacle of pain **The Medieval European Stage, 500-1550** William Tydeman,2001-09-27 This volume brings together a wide selection of primary source materials from the theatrical history of the Middle Ages The focus is on Western Europe between the fall of the Roman Empire and the emergence of markedly Renaissance forms in Italy Early sections of the volume are devoted to the survival of Classical tradition and the development of the liturgical drama of the Roman Catholic Church but the main concentration is on the genesis and growth of popular religious drama in the vernacular Each of the major medieval regions is featured while a final section covers the pastimes and customs of the people a record of whose traditional activities often only survives in the margins of official recognition The documents are compiled by a team of leading scholars in the field and the over 700 documents are all presented in modern English translation *The Stage as Mirror* Alan E. Knight,1997 Aspects of medieval theatre examined for reflection of contemporary life The essays in this volume explore ways in which plays and public spectacles mirrored the beliefs and values of the late medieval world Topics covered include seasonal festivals trade guilds stagecraft and the role played by themunicipal governments in fostering and controlling dramatic productions The geographic range takes in all western Europe with particular consideration of the connections between the various medieval European dramatic traditions Inter disciplinary in approach perspectives range from the history of theatre to cultural and political history and literary criticism There is particular emphasis on the real advances that can be made in expanding knowledge of medieval theatre through research in local and regional archives ALAN E KNIGHT is professor emeritus of French at the Pennsylvania State University Contributors ALEXANDRA F JOHNSTON LYNETTE R MUIR PAMELA SHEINGORN R B DOBSON GERARD NIJSTEN CLIFFORD DAVIDSON WIM H SKEN STEPHEN SPECTOR ALAN E KNIGHT

every legend is true Or so argues Jody Enders in this fascinating look at early French drama and the way it compels us to
consider where the stage ends and where real life begins This ambitious and bracing study explores fourteen tales of the
theater that are at turns dark and dangerous sexy and scandalous humorous and frightening stories that are nurtured by the
confusion between truth and fiction and imitation and enactment until it becomes impossible to tell whether life is imitating
art or art is imitating life Was a convicted criminal executed on stage during a beheading scene Was an unfortunate actor
driven insane while playing a madman Did a theatrical enactment of a crucifixion result in a real one Did an androgynous
young man seduce a priest when portraying a female saint Enders answers these and other questions while presenting a
treasure trove of tales that have long seemed true but are actually medieval urban legends On topics ranging through politics
religion marriage class and law these tales Enders argues do the cultural work of all urban legends they disclose the hopes
fears and anxieties of their tellers Each one represents a medieval meditation created or dramatized by the theater with its
power to blur the line between fiction and reality engaging anyone who watches performs or is represented by it Each one
also raises pressing questions about the medieval and modern world on the eve of the Reformation when Europe had never
engaged more anxiously and fervently in the great debate about what was real what was pretend and what was pretense
Written with elegance and flair and meticulously researched *Death by Drama and Other Medieval Urban Legends* will
interest scholars of medieval and Renaissance literature history theater performance studies and anyone curious about urban
legends
