American Book Publishing Record ,2003 **The Battle Between the Moon and Sun** Jenny Kien,2003 Woman s mysterious bleedings in time with moon cycles were first seen as the human embodiment of the cosmic mysteries of birth death and rebirth and served as the basis for time keeping With the rise of absolute kingships in the Ancient Near East authority shifted from women and goddesses to men and gods The male sun displaced the cycling moon as dominant deity This conflict between the moon and sun estranged women from the cosmic dance and led to their social marginalization Spiritual imagery became solar an exclusive and masculine imagery recognizing only one truth and demonizing all else Incorporated into Judaism and Christianity this imagery became an integral part of Western culture The history of the Jewish and Christian calendars show how women were excluded from time keeping further marginalizing them This eliminated the natural world from time keeping adding to our alienation from nature To end the Battle between the Moon and Sun a new spiritual imagery must replace the current solar form The history of the Battle shows that redeveloping the old female lunar imagery could help restore social inclusiveness and a reverence for life *Haunted Houses* Michael O'Neal,1994 The author examines the nature of hauntings and the ways ghost hunters attempt to find out the truth **Mars and Its Mystery** Edward Sylvester Morse,2022-09-05 DigiCat Publishing presents to you this special edition of Mars and Its Mystery by Edward Sylvester Morse DigiCat Publishing considers every written word to be a legacy of humankind Every DigiCat book has been carefully reproduced for republishing in a new modern format The books are available in print as well as ebooks DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature

Shakespeare and the Outer Mystery Robert H. West,2021-05-11 Shakespeare has been viewed by critics both as a secular writer who affirmed the dual nature of man and as a Christian allegorist whose work has a submerged but positive and elaborate pattern of Christian meaning In Shakespeare and the Outer Mystery Robert H West explores the philosophical and supernatural elements of five Shakespearean dramas Macbeth Hamlet Othello King Lear and The Tempest Through his analysis West discovers Shakespeare s respect for the mysteries of existence but no clear definition of the philosophical and moral context of his play worlds An artistic motivation leads Shakespeare to use these elements ambiguously to create a dramatic effect rather than to teach a moral or ideological lesson Dinosaurs Wendy Stein,1994 Examines various viewpoints on the nature of dinosaurs and why they became extinct **Books in Print** ,1994 Quarterly Review of the Michigan Alumnus ,1944 Includes section Some Michigan books
