Counterpunch Floyd G Brown,2023-04-04 Is it possible for renewal to come through peace rather than power This book will illuminate how we can implement peaceful resistance against the immorality and policies of the Radical Left to bring a renewal of liberty freedom and biblically based principles back to America In his groundbreaking new book Counterpunch

Floyd G Brown issues both the battle cry and a strategic action plan for a populist movement in America that goes beyond any president or political party Issue by issue the Left chooses new markers in the sand and waits to see who will embrace their agenda Those who don't are canceled and silenced This leads to alienation and the feeling that violence is the only option left Brown wants readers to know there is another way a civil disobedience of the state that allows us to be peaceful and potentially more successful Counterpunch explains step by step how you can take part in a second American Revolution that will completely reorder the country under new governing principles Touted as the Christian answer to Saul Alinsky's Rules for Radicals Brown's Counterpunch outlines a strategy for mobilizing a peaceful resistance that leads to collective action Utilizing an evergreen approach that isn't focused on specific public policy issues Floyd delivers a practical biblically based plan for every American that will lead to the renewal of liberty

Asteroid Answers to Ancient Calendar Mysteries Herbert B. Stollorz, 2008-07-03 Ancient calendars found around the world are designed to end one point in time They communicate an urgent warning to everyone alive today Complex bronze and gold clocks with multiple dials are found in museums around the world Why they have such advanced intricacy has stumped scientists for hundreds of years This book reveals why the ancients built so many pyramids observatories as well as those complex gold and bronze clocks with more than one dial It surprised me greatly to discover that their various complex designs in one way or another converge on 21 December 2012 It amazes me that ancient cultures separated by thousands of miles of geography and thousands of years in chronology agree so precisely in the cyclical nature of time history and prophecy which is history written in advance The most famous example is the Mayan Aztec calendar which ends its 25 626 year cycle on that momentous date Some researchers have also found 21 December 2012 in what is called the Bible Code Using very different research methods I discovered it in the Bible's book of Revelation and Daniel's prophecies It is one of the most important dates in the plan of God for all humanity

The Final Move Beyond Iraq Mike Evans, 2013-10-15 NEW YORK TIMES BEST SELLER From esteemed author and journalist of over 70 books In *The Final Move Beyond Iraq* Mike Evans addresses the greatest threat America has faced since the Civil War the Islamic revolution or Islamofascism While the United States debates the best way to solve the situation in Iraq the terrorists are claiming victory and planning to take their show to American soil once again Drawing from extensive interviews with prime ministers CIA directors and other insiders Evans looks at the history and ideology behind the Islamic revolution to explore its very real threat to U S interests why radical Islamic terrorists will only step back when they fear us why victory in Iraq is important to U S security why the United States and Israel cannot sit idly by and let Iran achieve its desire for nuclear weapons and why stabilization in Iraq now would sound defeat rather than victory *The Final Move Beyond Iraq* is a wake up call to mobilize millions to action America is fighting for its life in the first war of the twenty first century
