Mystics And Mysteries Of Alexandria:

Mystics and Mysteries of Alexandria Manly P. Hall, 1988 This illustrated text explores the doctrines of Asia North Africa and Eastern Europe in Alexandria and how they laid the foundations for alchemy Rosicrucianism astronomy and the hermetic arts which have survived in the secret societies of the modern world It covers the esoteric schools which flourished in Alexandria for over five hundred years and combined the teachings of Greeks Romans and Egyptians as well as Jewish scholars and early Christian mystics

Jesus Tricia McCannon, 2009-11-01 An account of Jesus life during his first thirty years where he was and what he learned before beginning his public ministry in Palestine Provided by publisher

Mystics of the Christian Tradition Steven Fanning, 2005-06-29 From divine visions to self tortures some strange mystical experiences have shaped the Christian tradition as we know it Full of colourful detail Mystics of the Christian Tradition examines the mystical experiences that have determined the history of Christianity over two thousand years and reveals the often sexual nature of these encounters with the divine In this fascinating account Fanning reveals how God s direct revelation to St Francis of Assisi led to his living with lepers and kissing their sores and describes the mystical life of Margery Kempe who took weeping to new decibel levels Through presenting the lives of almost a hundred mystics this broad survey invites us to consider what it means to be a mystic and to explore how people such as Joan of Arc had their lives determined by divine visions Mystics of the Christian Tradition is a comprehensive guide to discovering what mysticism means and who the mystics of the Christian tradition actually were

Mysticism: A Study in Nature and Development of Spiritual Consciousness Evelyn Underhill, 2017-02-15 Remaining a classic in its field this book explains first how mysticism relates to such things as vitalism theology psychology symbolism and magic This treatment may seem unusual for Christian mysticism but it relates widely to the world as we know it and the different practices therein Part Two explores the awakening purification and illumination of yourself and gives solid groundwork for such things as voices visions dreams and other mystical experience

The Jesus Mysteries Timothy Freke, Peter Gandy, 2001-09-25 Drawing on the cutting edge of modern scholarship this astonishing book completely undermines the traditional history of Christianity that has been perpetuated for centuries by the Church and presents overwhelming evidence that the Jesus of the New Testament is a mythical figure Whether you conclude that this book is the most alarming heresy of the millennium or the mother of all revelations The Jesus Mysteries deserves to be read Fort Worth Star Telegram Far from being eyewitness accounts as is traditionally held the Gospels are actually Jewish adaptations of ancient Pagan myths of the dying and resurrecting godman Osiris Dionysus The supernatural story of Jesus is not the history of a miraculous Messiah but a carefully crafted spiritual allegory designed to guide initiates on a journey of mystical discovery A little more than a century ago most people believed that the strange story of Adam and Eve was history today it is understood to be a myth Within a few decades authors Timothy Freke and Peter Gandy argue we will likewise be amazed that the fabulous story of God incarnate who was born of a virgin

who turned water into wine and who rose from the dead could have been interpreted as anything but a profound parable

Revival: Mysticism (1911) Evelyn Underhill, 2018-05-08 This book falls naturally into two parts each of which is really complete in itself though they are in a sense complementary to one another Whilst the second and longest part contains a somewhat detailed study of the nature and development of man's spiritual or mystical consciousness in the first is intended rather to provide an introduction to the general subject of mysticism Exhibiting it by turns from the point of view of metaphysics psychology and symbolism it is an attempt to gather between the covers of one volume information at present scattered amongst many monographs and texts books written in divers tongues and to give the student in a compact form at least the elementary facts in regard to each of those subjects which are most closely connected with the study of the mystics

Mysticism Evelyn Underhill, 1919 **Mysticism** Evelyn Underhill, 2018-11-01 Mysticism is one of most celebrated books on the subject The spirit of the book is romantic engaged and theoretical rather than historical or scientific Underhill has little use for theoretical explanations and the traditional religious experience formal classifications or analysis She dismisses William James pioneering study The Varieties of Religious Experience 1902 and his four marks of the mystic state ineffability noetic quality transience and passivity Excerpt All men at one time or another have fallen in love with the veiled Isis whom they call Truth With most this has been a passing passion they have early seen its hopelessness and turned to more practical things But others remain all their lives the devout lovers of reality though the manner of their love the vision which they make to themselves of the beloved object varies enormously Some see Truth as Dante saw Beatrice an adorable yet intangible figure found in this world yet revealing the next
