Myth Of Nathan Bedford Forrest:

The Myth of Nathan Bedford Forrest Paul Ashdown, Edward Caudill, 2006-02-16 An insightful exploration of the relentless myth of the famous Civil War general this volume scrutinizes the collective public memory of Nathan Bedford Forrest as it has evolved through the press memoirs biographies and popular culture

Sherman's March in Myth and Memory Edward Caudill, Paul Ashdown, 2009-09-16 General William Tecumseh Sherman's devastating March to the Sea in 1864 burned a swath through the cities and countryside of Georgia and into the history of the American Civil War As they moved from Atlanta to Savannah destroying homes buildings and crops killing livestock and consuming supplies Sherman and the Union army ignited not only southern property but also imaginations in both the North and the South By the time of the general's death in 1891 when one said The March no explanation was required That remains true today Legends and myths about Sherman began forming during the March itself and took more definitive shape in the industrial age in the late nineteenth century Sherman's March in Myth and Memory examines the emergence of various myths surrounding one of the most enduring campaigns in the annals of military history Edward Caudill and Paul Ashdown provide a brief overview of Sherman's life and his March but their focus is on how these myths came about such as one description of a 60 mile wide path of destruction and how legends about Sherman and his campaign have served a variety of interests Caudill and Ashdown argue that these myths have been employed by groups as disparate as those endorsing the Old South aristocracy and its Lost Cause and by others who saw the March as evidence of the superiority of industrialism in modern America over a retreating agrarianism Sherman's March in Myth and Memory looks at the general's treatment in the press among historians on stage and screen and in literature from the time of the March to the present day The authors show us the many ways in which Sherman has been portrayed in the media and popular culture and how his devastating March has been stamped into our collective memory

memorialized in postwar white southern culture Carney covers distinct phases of Forrest's memorialization from the unveiling of statues in Memphis in 1905 to his representation in literature and media and the controversies surrounding his monuments in the 2010s That history culminates with the removal of the Memphis statue in 2017 reflecting the evolving societal perspectives on symbols tied to racism Forrest's significance lies in his capacity to encompass conflicting narratives hero and villain rebel and patriot Carney contends that understanding Forrest's legacy is essential for comprehending the intricacies of the southern past and its enduring impact on American society By exploring the fluidity of Forrest's image Carney's work illuminates the nuanced interplay of history memory and the ongoing struggle to reckon with a tumultuous past

apart Faulkner and History Jay Watson, James G. Thomas Jr., 2017-03-15 Contributions by W Fitzhugh Brundage Jordan Burke Rebecca Bennett Clark James C Cobb Anna Creadick Colin Dayan Wai Chee Dimock Sarah E Gardner Hannah Godwin Brooks E Hefner Andrew B Leiter Sean McCann Conor Picken Natalie J Ring Calvin Schermerhorn and Jay Watson William Faulkner remains a historian's writer. A distinguished roster of historians are drawn to him as a fellow historian, a shaper of narrative, reflections on the meaning of the past as a historiographer, a theorist and dramatist of the fraught enterprise of doing history and as a historical figure himself especially following his mid-century emergence as a public intellectual after winning the Nobel Prize for Literature. This volume brings together historians and literary scholars to explore the many facets of Faulkner's relationship to history, the historical contexts of his novels and stories, his explorations of the historiographic imagination, his engagement with historical figures from both the regional and national past, his influence on professional historians, his pursuit of alternate modes of temporal awareness and the histories of print culture that shaped the production, reception and criticism of Faulkner's work. Contributors draw on the history of development in the Mississippi Valley, the construction of Confederate memory, the history and curriculum of Harvard University, twentieth-century debates over police brutality and temperance reform, the history of modern childhood and the literary histories of antislavery writing and pulp fiction to illuminate Faulkner's work. Others in the collection explore the meaning of Faulkner's fiction for such professional historians as C. Vann Woodward and Albert Bushnell Hart. In these ways and more, Faulkner and History offers fresh insights into one of the most persistent and long-recognized elements of the Mississippian's artistic vision.

Unforgettables John C. Waugh, 2025-08-05 Culled from the author's three decades of researching and writing about the Civil War, this book provides vibrant accounts of many prominent people of the era. Readers interested in an introduction to a variety of Civil War personalities and American history will enjoy Library Journal. Personalities Characters History John C. Waugh, author of the award-winning The Class of 1846, presents forty of the most memorable and impactful people he has come across during his decades of writing about the Civil War or as he calls them, his Unforgettables. Waugh's unique pen and spritely style bring to life a mix of the famous and the infamous, the little-known and the unremembered. He reintroduces us to Abraham Lincoln, the writer Jefferson Davis, the losing president and their fascinating and influential wives Mary and Varina. Henry Clay, John C. Calhoun and Daniel Webster, three for the ages, are juxtaposed with Presidents Zachary Taylor, Millard Fillmore, Franklin Pierce and James Buchanan, four chief executives who failed to avert the coming war. Military personalities include U.S. Grant and R.E. Lee, with a nod to their mentor, the nearly forgotten Winfield Scott. Waugh cast a wide net to include the seekers of equality, African Americans Sojourner Truth and Lincoln's friend Frederick Douglass, a half-dozen women like Maria Mayo Chase and Anna Dickinson who helped shape our understanding of cultural issues and media maven Horace Greeley and full-time Washington critic and pest Count Adam Gurowski. Poet and political activist Muriel Rukeyser once wrote, "The universe is made of stories, not of atoms." She might have added that these stories are driven

by the passions of their characters and are what history is all about My hope explains the author is that these sketches and word portraits rekindle that passion and hook a few non believers on the undeniable drama that is history **In Pursuit of a Phantom** Arnold M. Pavlovsky,2008-06
