B. Yeats,1989 *Mythologies* W.b. Yeats,2014-03 This Is A New Release Of The Original 1893 Edition **"Stylistic Arrangements"** Barbara L. Croft,1987 No thorough comparison has been made of the systems of the two versions of A Vision and until quite recently almost no consideration has been given to the fiction and introductory essays The purpose of this study is to trace the evolution of A Vision and to attempt a re evaluation of it as a work of art *Roman and European Mythologies* Yves Bonnefoy,1992-11-15 Collection of ninety five articles on Roman and European mythologies reproduced in full with illustrations from the two volume Mythologies **Yeats, Philosophy, and the Occult** Matthew Gibson,Neil Mann,2016 Yeats Philosophy and the Occult collects seven new essays on aspects of Yeats s thought and reading from ancient and modern philosophy and cosmological doctrines mysticism and esoteric thought Barthes' Mythologies Today Pete Bennett,Julian McDougall,2013-09-11 This is Barthes seminal text reimagined in a contemporary context by contemporary academics Through a revisiting of Mythologies a key text in cultural and media studies this volume explores the value these disciplines can add to an understanding of contemporary society and culture Leading academics in media English education and cultural studies here are tasked with identifying the new mythologies some fifty or so years on from Barthes original interventions The contributions in this volume then are readings of contemporary culture each engaging with a cultural event practice or text as mythological These readings are then contextualized by an introduction which reflects on the how of these engaging responses and an essay at the back of the book which replaces Myth Today with a reflection on the contemporary provenance of both Barthes and his most famous book Thus the book is at least two things at once whichever way you look a new Mythologies and a book about Barthes legacy an exploration of the place of theory in critical writing and a book about contemporary culture **The Aesthetics of Dedalus and Bloom** Marguerite Harkness,1984 This study explores James Joyce s struggle to come to terms with the aesthetic outlooks current at the beginning of the century by examining his portrayal of their dangers and attractions in his two most fully realized characters Stephen Dedalus in Portrait of the Artist as a Young Man and Leopold Bloom in Ulysses
