Magee,2008-04-11 Introduction by John Caputo and Afterword by Slavoj i ek The triumph of American political conservatism in the last two decades has been paralleled by the ascendance of Christian evangelicalism More importantly the political Campaigns of 2000 and 2004 marked a convergence between these two political entities with an effectiveness never before seen in national elections On the one side conservatives have successfully set the terms of debate around so called family values and the status of religion in the public sphere On the other side evangelicals have mobilized in a new self awareness of

their formidable political power and now demand representation at all levels of government Upon what fundamental ideas does this convergence rest What potential dangers does it present for the concepts of religion politics and America How secure is this alliance and what does each side sacrifice in order to sustain it Must all religion in America now become similarly engaged in the political sphere This volume is a collection of articles by a group of young scholars addressing the nexus between political conservatism evangelical Christianity and American consumerist culture **New Nash's Pall Mall Magazine** ,1903 **The Bloomsbury Companion to Religion and Film** William L. Blizek,2013-01-17 Originally published as the The Continuum Companion to Religion and Film this Companion offers the definitive guide to study in this growing area Now available in paperback the Bloomsbury Companion to Religion and Film covers all the most pressing and important themes and categories in the field areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research Twenty nine specifically commissioned essays from a team of experts reveal where important work continues to be done in the field and provide a map of this evolving research area Featuring chapters on methodology religions of the world and popular religious themes as well as an extensive bibliography and filmography this is the essential tool for anyone with an interest in the intersection between religion and film Power and Betrayal in the Canadian Media David Taras,2001-02-01 The Canadian media system which in many respects is this society's meeting ground its public square is in the midst of a profound shift away from the foundations on which it has rested comfortably for decades The publicly financed Canadian Broadcasting Corporation long the backbone of the broadcasting system is threatened by budget cuts and by technological change The newspaper industry has fallen into the hands of a few powerful individuals Huge global corporations and a vast communications revolution are dramatically altering the nature of news and entertainment This book argues that unless action is taken these changes will narrow our access to the information we need as citizens and damage our capacity to communicate with each other and reflect on ourselves as a community Power and Betrayal in the Canadian Media is a sweeping exploration of the Canadian media system and the impact it has on Canadian society politics and culture **Hamlet Himself** Bronson Feldman,2010-02-26 Feldman's examination of Shakespeare's play from the point of view that it was written by the Earl of Oxford serves not only to shed new light on the play but also constitutes a new argument for Oxford as Shakespeare *Appalachia* ,1919 *Cormac McCarthy and the Writing of American Spaces* Andrew Keller Estes,2013 In *Cormac McCarthy and the Writing of American Spaces* Andrew Estes examines ideas about the land as they emerge in the later fiction of this important contemporary author McCarthy's texts are shown to be part of larger narratives about American environments Against the backdrop of the emerging discipline of environmental criticism Estes investigates the way space has been constructed in U S American writing Cormac McCarthy is found to be heir to diametrically opposed concepts of space as something Americans embraced as either overwhelmingly positive and reinvigorating or as rather negative and threatening McCarthy's texts both replicate this binary thinking about

American environments and challenge readers to reconceive traditional ways of seeing space Breaking new ground as to how literary landscapes and spaces are critically assessed this study seeks to examine the many detailed descriptions of the physical world in McCarthy on their own terms Adding to so called second wave environmental criticism it reaches beyond an earlier limited understanding of the environment as nature to consider both natural landscapes and built environments Chapter one discusses the field of environmental criticism in reference to McCarthy while chapter two offers a brief narrative of conceptions of space in the U S Chapter three highlights trends in McCarthy criticism Chapters four through eight provide close readings of McCarthy s later novels from *Blood Meridian* to *The Road* *The Men Who Would Be King* Nicole LaPorte,2010-05-04 The definitive history of the studio created by the larger than life team of Spielberg Geffen and Katzenberg Los Angeles Times For sixty years since the birth of United Artists the studio landscape was unchanged Then came Hollywood s Circus Maximus created by director Steven Spielberg billionaire David Geffen and Jeffrey Katzenberg who gave the world *The Lion King* an entertainment empire called DreamWorks Now Nicole LaPorte who covered the company for Variety goes behind the hype to reveal for the first time the delicious truth of what happened Readers will feel they are part of the creative calamities of moviemaking as LaPorte s fly on the wall detail shows us Hollywood s bizarre rules of business We see the clashes between the often otherworldly Spielberg s troops and Katzenberg s warriors the debacles and disasters but also the Oscar winning triumphs including *Saving Private Ryan* We watch as the studio burns through billions of dollars its rich owners get richer and everybody else suffers LaPorte displays Geffen seducing investors like Microsoft s Paul Allen showing his steel against CAA s Michael Ovitz and staging fireworks during negotiations with Paramount and Disney Here is a blockbuster behind the scenes Hollywood story up close glamorous and gritty **Rosenblatt Stadium** Kevin Warneke,Libby Krecek,Bill Lamberty,2020-03-17 Omaha s Rosenblatt Stadium was home to baseball s College World Series from 1950 until 2010 Future Major League stars played pro ball there in all but seven seasons during the same period The venue also hosted barnstorming games football games concerts and a variety of novelty events in its lifetime The history of the stadium is told by people who lived it Essays and recollections by players and coaches who competed there organizers of the Series and other events and fans who enjoyed more than six decades of entertainment establish Rosenblatt s place in the American cultural landscape *Made From This Earth* Vera Norwood,2014-07-01 The broad sweep of environmental and ecological history has until now been written and understood in predominantly male terms In *Made From This Earth* Vera Norwood explores the relationship of women to the natural environment through the work of writers illustrators landscape and garden designers ornithologists botanists biologists and conservationists Norwood begins by showing that the study and promotion of botany was an activity deemed appropriate for women in the early 1800s After highlighting the work of nineteenth century scientific illustrators and garden designers she focuses on nature s advocates such as Rachel Carson and Dian Fossey who differed strongly with men on both women s nature and the value of the natural world These women

challenged the dominant male controlled ideologies often framing their critique with reference to values arising from the female experience Norwood concludes with an analysis of the utopian solutions posed by ecofeminists the most recent group of women to contest men over the meaning and value of nature **North Dakota History** ,1986 Journal of the Northern Plains Friedrich Hayek Alan Ebenstein,Alan O.
