NATO's Theater Nuclear Force Modernization Program Jeffrey Record, 1981 **Bulletin of the Atomic Scientists**, 1984-03 **Bulletin of the Atomic Scientists**, 1984-03 *The Nuclear Freeze Debate* Paul M Cole, William J Taylor Jr, 2019-06-26 From a local ballot initiative in Massachusetts the nuclear weapons freeze movement has grown during the last three years into an important national issue By 1983 Congress had been asked to consider more than two dozen freeze resolutions and more than 25% of the voters in the U S had the opportunity to vote on state wide and regional freeze initiatives This book explores the issues behind the current debate over nuclear weapons and the freeze movement from a wide range of perspectives The contributors assess the goals and implications of the freeze movement examine its origins in religious and secular pacifism explain the amendments to the original freeze proposal introduced in Congress and discuss the reaction and policies of the Reagan administration The nuclear freeze movement is placed in an international context with discussions of recent arms negotiations European views of U S policies and the possible effects of a freeze on NATO allies and on U S national security The book includes a comprehensive annotated bibliography **Securing Europe's Future** Stephen J. Flanagan, Fen Osler Hampson, 2021-01-26 This book first published in 1986 analyses a number of emerging enduring and neglected issues that affected European security and the stability of the Atlantic Alliance at the end of the Cold War It provides a comprehensive review of the major political social and economic issues that shaped the course of European security It offers a thorough assessment of such critical questions as European views of the US Strategic Defense Initiative the contribution of new technologies and tactics to NATO s conventional defence capabilities and domestic factors that influenced security policy It also provides original analysis of a number of issues such as economic dimensions of security the quest for a European defence identity and protection of Western interests outside the NATO area It provides a review of the nuclear question and of the German security debate in the aftermath of the initial US INF missile deployments National Security Affairs Monograph Series, 1976 **Department of Defense Appropriations for Fiscal Year 1983** United States. efforts of activists and organizations to build a protest movement and their interaction with American political institutions provide the third perspective A Winter of Discontent addresses both the broad spectrum of movement activity and the political context surrounding it The text explores the challenge of the nuclear freeze movement to the content of United States national security policy and the policy making process By analyzing the freeze a theoretical framework for understanding the origins development and potential political influence of other protest movements in the United States can be developed The book also strives to integrate analysis of peace movements into an understanding of the policy context in which they emerge This volume is essential for courses in social movements strategic policy American politics and political sociology Antinuclear freeze activists and students of peace studies will also find this work invaluable Hearings, Reports and Prints of the Senate Committee on Armed Services United States.
