**Rocco and His Brothers** Sam Rohdie,1992 No Marketing Blurb      **Rocco and his Brothers (Rocco e i suoi fratelli)** Sam Rohdie,2020-10-15 Sam Rohdie's insightful and compelling analysis of Luchino Visconti's 1960 epic of modern urban life provides reveals the film as one of the greatest masterpieces of Italian cinema Rocco tells the story of a family of peasants uprooted from their village in southern Italy and forced to battle for existence in the industrial metropolis of Milan Though fascinated by the social reality of modern Italy Visconti had by this time thrown off the influence of the neorealist movement He had developed a style all his own enriched by his experience of directing opera for the stage As a result the characters in Rocco are no longer held in check by the naturalistic conventions of neorealism Instead they erupt on the screen with all the emotional power of heightened melodrama The violent sexuality projected by stars Alain Delon Annie Girardot Claudia Cardinale and the rest of Visconti's impressive cast was too much for the Italian censors who cut several scenes Rohdie discusses the film in terms of its passionate splendid realism arguing that these two apparently opposing moods are held in balance rather than contradiction in the film part of the very condition of the film's power and grace      **The Cinema of Italy** Giorgio Bertellini,2004 Giorgio Bertellini examines the historical and aesthetic connections of some of Italy's most important films with both Italian and Western film culture      **The Great Movies III** Roger Ebert,2024-05-31 Roger Ebert has been writing film reviews for the Chicago Sun Times for over four decades now and his biweekly essays on great movies have been appearing there since 1996 As Ebert noted in the introduction to the first collection of those pieces They are not the greatest films of all time because all lists of great movies are a foolish attempt to codify works which must stand alone But it's fair to say If you want to take a tour of the landmarks of the first century of cinema start here Enter The Great Movies III Ebert's third collection of essays on the cr me de la cr me of the silver screen each one a model of critical appreciation and a blend of love and analysis that will send readers back to the films with a fresh set of eyes and renewed enthusiasm or maybe even lead to a first time viewing From The Godfather Part II to Groundhog Day from The Last Picture Show to Last Tango in Paris the hundred pieces gathered here display a welcome balance between the familiar and the esoteric spanning Hollywood blockbusters and hidden gems independent works and foreign language films alike Each essay draws on Ebert's vast knowledge of the cinema its fascinating history and its breadth of techniques introducing newcomers to some of the most exceptional movies ever made while revealing new insights to connoisseurs as well Named the most powerful pundit in America by Forbes magazine and a winner of the Pulitzer Prize Roger Ebert is inarguably the most prominent and influential authority on the cinema today The Great Movies III is sure to please his many fans and further enhance his reputation as America's most respected and trusted film critic      *The Foreign Film Renaissance on American Screens, 1946-1973* Tino Balio,2010-11-05 Largely shut out of American theaters since the 1920s foreign films such as Open City Bicycle Thief Rashomon The Seventh Seal Breathless La Dolce Vita and L'Avventura played after World War II in a growing number of art

houses around the country and created a small but influential art film market devoted to the acquisition distribution and exhibition of foreign language and English language films produced abroad Nurtured by successive waves of imports from Italy Great Britain France Sweden Japan and the Soviet Bloc the renaissance was kick started by independent distributors working out of New York by the 1960s however the market had been subsumed by Hollywood From Roberto Rossellini's *Open City* in 1946 to Bernardo Bertolucci's *Last Tango in Paris* in 1973 Tino Balio tracks the critical reception in the press of such filmmakers as François Truffaut Jean-Luc Godard Federico Fellini Michelangelo Antonioni Tony Richardson Ingmar Bergman Akira Kurosawa Luis Buñuel Satyajit Ray and Milos Forman Their releases paled in comparison to Hollywood fare at the box office but their impact on American film culture was enormous The reception accorded to art house cinema attacked motion picture censorship promoted the director as auteur and celebrated film as an international art Championing the cause was the new cinephile generation which was mostly made up of college students under thirty The fashion for foreign films depended in part on their frankness about sex When Hollywood abolished the Production Code in the late 1960s American made films began to treat adult themes with maturity and candor In this new environment foreign films lost their cachet and the art film market went into decline

**Rocco and His Brothers** Sam Rohdie, 2020 Sam Rohdie's insightful and compelling analysis of Luchino Visconti's 1960 epic of modern urban life provides reveals the film as one of the greatest masterpieces of Italian cinema Rocco tells the story of a family of peasants uprooted from their village in southern Italy and forced to battle for existence in the industrial metropolis of Milan Though fascinated by the social reality of modern Italy Visconti had by this time thrown off the influence of the neorealist movement He had developed a style all his own enriched by his experience of directing opera for the stage As a result the characters in *Rocco* are no longer held in check by the naturalistic conventions of neorealism Instead they erupt on the screen with all the emotional power of heightened melodrama The violent sexuality projected by stars Alain Delon Annie Girardot Claudia Cardinale and the rest of Visconti's impressive cast was too much for the Italian censors who cut several scenes Rohdie discusses the film in terms of its passionate splendid realism arguing that these two apparently opposing moods are held in balance rather than contradiction in the film part of the very condition of the film's power and grace

Second Time Around D. A. Miller, 2021-01-26 The art houses and cinema clubs of his youth are gone but the films that D A Miller discovered there in the 1960s and 70s are now at his fingertips With DVDs and streaming media technology has turned the old cinémathèque's theatrical offerings into private viewings that anyone can repeat pause slow and otherwise manipulate at will In *Second Time Around* Miller seizes this opportunity across thirteen

essays he watches digitally restored films by directors from Mizoguchi to Pasolini and from Hitchcock to Honda looking to find not only what he first saw in them but also what he was then kept from seeing by quick camerawork normal projection speed missing frames or simple censorship At last he has an unobstructed view of the gay leather scene in Cruising the expurgated special effects in The H Man and the alternative ending to Vertigo Now he can pursue the finer details of Chabrol's debt to Hitchcock Visconti's mystificatory Marxism or the unemotive emotion in Godard Yet this recaptured past is strangely disturbing the films and the author have changed in too many ways for their reunion to be like old times The closeness of Miller's attention clarifies the painful contradictions of youth and decline damaged prints and flawless restorations

Women in Italy, 1945-1960: An Interdisciplinary Study P. Morris, 2006-10-30 This volume brings together specialists from a variety of disciplines to develop a deeper understanding of the social political and cultural history of women in Italy in the years 1946-1960 Despite being a time when women and the family were at the center of national debates and when society changed considerably the fifteen years following the Second World War have tended to be overlooked or subsumed into discussions of other periods By focusing on the experience of women and by broadening the frame of reference to include subjects and sources often ignored or only alluded to by traditional analyses the essays in this volume break new ground and provide a corrective to previous interpretive models

**Luchino Visconti and the Fabric of Cinema** Joe McElhaney, 2021-02-02 Unveils the metaphoric and theoretical possibilities of fabric in the films of Luchino Visconti In Luchino Visconti and the Fabric of Cinema Joe McElhaney situates Visconti's films as privileged and deeply expressive instances of a trope that McElhaney identifies as the cinema of fabric a reoccurrence in film in which textiles clothing curtains tablecloths bedsheets determine the filming process An Italian neorealist Visconti emerges out of a movement immediately following WWII wherein fabric assumes crucial functions yet Visconti's use of fabric surpasses his colleagues in many ways including its fluid multifaceted articulations of space and time Visconti's homosexuality is central to this theory in that it assumes metaphoric potential in addressing forbidden sexual desires that are made visible in the films Visconti's cinema of fabric gives voice to desires not simply for human bodies draped in fabric but also for entire

environments a world of the senses in which fabric becomes a crucial method for giving form to such desires McElhaney examines Visconti's neorealist origins in *Ossessione* *La terra trema* and *Rocco and His Brothers* particularly through fabric's function within literary realism and naturalism Neorealist revisionism through the extravagant drapings of the diva film is examined in *Bellissima* and *Senso* whereas *White Nights* and *The Stranger* are examined for the theatricalizing through fabric of their literary sources Visconti's interest in German culture vis-à-vis *The Damned* *Death in Venice* and *Ludwig* is articulated through a complex intertwining of fabric aesthetics politics and transgressive sexual desire Finally Visconti's final two films *Conversation Piece* and *The Innocent* assess through fabric both the origins of Italian fascism and the political tensions contemporaneous with the films' productions Fabric in Visconti is often tied to the aesthetic impulse itself in a world of visionaries attempting to dominate their surrounding environments and where a single piece of fabric may come to represent the raw material for creation This book will tantalize any reader with a keen eye and strong interest in film and queer studies

Cosmosexuals Mark Gallagher, 2025-12-02 An examination of male screen sex appeal and the ways that race ethnicity and national origin combine with performance tools and film and television style to aid or inhibit actors' circulation on an increasingly global stage Sex appeal is complicated especially for screen actors Looking good is not enough Charisma and charm have to register when the camera rolls And sexiness has to travel Today's heartthrobs are expected to raise temperatures all around the world *Cosmosexuals* theorizes male sex appeal as a form of capital in an age of international stardom Screen scholar Mark Gallagher assembles a diverse cast Idris Elba Pedro Pascal Simu Liu Ryan Gosling and more analyzing how each actor uses his appearance voice and movement to perform in ways that viewers across cultural divides register as sexually appealing *Cosmosexuals* also explores the intersection of global sex appeal and exoticism in historical and contemporary contexts from the malleable racial identities of Omar Sharif and Conrad Veidt to Mads Mikkelsen's accented whiteness and assesses the barriers that confine nonwhite actors in spite of their talent or celebrity Far more than handsome faces and chiseled abs male sex symbols emerge as laborers subject to disciplinary regimes steeped in patriarchy racism and structural inequity As such they have much to tell us about the economies of taste at work in the construction of screen masculinity and the terms of human desire
