The Cinematography of Roger Corman Pawel Aleksandrowicz,2016-09-23 Roger Corman is an ambiguous artistic figure On the one hand he is notorious for shooting and producing his films quickly cheaply and with blatant disregard for safety measures which together with his ability to issue a dozen new films every year and his impressive filmography have earned him the titles of shlockmeister and the King of the B s among film journalists On the other hand he became the youngest American director to be given a film retrospective at the prestigious Cin mat que Fran aise in Paris one of his directorial efforts House of Usher was selected for preservation in the National Film Registry by the Library of Congress and the Academy of Motion Picture Arts and Sciences awarded him with an Academy Honorary Award for his rich engendering of films and filmmakers This book investigates this duality and explores whether Corman is indeed a shlockmeister or an artist whose works are worthy of the highest cinema awards The scope of analysis is limited to his directorial efforts only still encompassing 50 features excluding the 400 films he produced The methodology adopted here is based on the auteur theory in its structuralist version by Geoffrey Nowell Smith and Peter Wollen and focuses on three areas of interest work ethic personal elements in the films personal control over and commitment to the production process outside direction themes topics and concerns common for many of the films regardless of the genre and style recurring stylistic motifs and elements in the camerawork editing and framing *The Reel Middle Ages* Kevin J. America Noir David Cochran, 2016-06-21 In America Noir David Cochran details how ten writers and filmmakers challenged the social pieties prevalent during the Cold War such as the superiority of the American democracy the benevolence of free enterprise and the sanctity of the suburban family Rod Serling's *The Twilight Zone* featured victims of vast faceless bureaucratic powers Jim Thompson's noir thrillers such as *The Grifters* portrayed the ravages of capitalism on those at the bottom of the social ladder Patricia Highsmith in *The Talented Mr Ripley* placed an amoral con man in an international setting implicitly questioning America's fitness as leader of the free world Charles Willeford's pulp novels such as *Wild Wives* and *Woman Chaser* depicted the family as a hotbed of violence and chaos These artists pioneered a detached ironic sensibility that radically juxtaposed cultural references and blurred the distinctions between high and low art Their refusal to surrender to the pressures for political conformity and their unflinching portrayal of the underside of American life paved the way for the emergence of a 1960s counterculture that forever changed the way America views itself
