The Railroad in American Fiction Grant Burns,2015-01-28 Nothing better represented the early spirit of American expansion than the railroad Dominant in daily life as well as in the popular imagination the railroad appealed strongly to creative writers For many years fiction of railroad life and travel was plentiful and varied As the nineteenth century receded the railroad s allure faded as did railroad fiction Today it is hard to sense what the railroad once meant to Americans The fiction of the railroad often by railroaders themselves recaptures that sense and provides valuable insights on American

cultural history This extensively annotated bibliography lists and discusses in 956 entries novels and short stories from the 1840s to the present in which the railroad is important Each entry includes plot and character description to help the reader make an informed decision on the source's merit A detailed introduction discusses the history of railroad fiction and highlights common themes such as strikes hobo life and the roles of women and African Americans Such writers of pure railroad fiction as Harry Bedwell Frank Packard and Cy Warman are well represented along with such literary artists as Mark Twain Thomas Wolfe Flannery O'Connor and Ellen Glasgow Work by minority writers including Jean Toomer Richard Wright Frank Chin and Toni Morrison also receives close attention An appendix organizes entries by decade of publication and the work is indexed by subject and title

Luther Green is the very best at what he does But the mastery of his profession is nothing he can brag about It's nothing for which he will ever be officially recognized and it will never earn him a large paycheck But there is a high likelihood that Luther's proficiency at his job will get him killed Luther Green is a government assassin For more than a decade he has traveled the world surgically eliminating America's enemies never questioning his orders while performing as reliably as death itself But his new assignment threatens to change all that Luther's superiors have designated his new target as Alex Deavers the agent who taught Luther everything he knows and a man now considered to be a rogue agent on the edge of insanity For Luther a man normally more concerned with determining the how of an assignment than the why his new duty forces him to confront questions he's never before had to consider Why is he being sent to kill someone on American soil when all of his previous assignments were done abroad Why doesn't his agency notify the FBI Perhaps most important why does he get the feeling that his own agency is spying on him As Luther seeks to uncover the clues that will lead him to his prey he slowly realizes that Alex is on a mission of his own playing a cat and mouse game with his former apprentice while setting in motion a plan that could kill millions Luther begins to suspect that the only person who can give him the answers he needs is the psychotic madman he has been ordered to execute Luther follows a perilous trail that takes him into the most dangerous territory he has ever encountered He is just a pawn in a twisted chess match but a pawn may transform itself into the game's most dominant weapon Now he has just days to learn the rules and employ all of his skill and training to find the truth But to defeat the deadly forces against him Luther Green must win the most dangerous game of all
