Gary Dale,2011-03 *Sword of Allah: A Tom Wilkes Novel 2* David A. Rollins,David Rollins,2007-11-10 In Papua New Guinea primitive highlanders are armed with AK 47s In the Persian Gulf a fishing boat has a sinister cargo At a luxury hotel in Manila an Australian financial planner has a rendezvous with men on the World s Most Wanted list In Israel s West Bank the unwinnable war continues to rage And in Canberra top intelligence and police specialists assemble to find out why terrorists from either side of the world are joining forces in Australia s back yard Present is Sergeant Tom Wilkes of the Australian Special Air Service Regiment who is called on to spearhead the action team to fight the latest extremist menace Wilkes and his team will have to join forces with the CIA to defeat a plan more monstrous than anyone even the experts could have foretold Gripping intelligent and terrifying *Sword of Allah* is the ultimate thriller for the post September 11 world **The American Game** Gary Hardwick,2017-03-12 The event that changed the world has left a dangerous legacy and only one man stands in its way Luther Green has survived the Executioner s Game and gone back to work eliminating threats to America around the globe When a trusted friend asks for his assistance in finding a government asset who faked his death on September 11th Luther is drawn into another lethal game of cat and mouse only this time the fate of America hangs in the balance The government asset is a Server a man with perfect memory who has proof that America s enemies are planning an even more lethal event that will forever change the nation Luther has information that can undo the plot but when he is targeted by these powerful forces he is left no choice but to use all of his training to eliminate the threat **The Faces of Lee Harvey Oswald** Scott P. Johnson,2013-10-29 The Kennedy assassination has produced a number of conspiracy theories based largely upon intriguing questions speculation and inference Thousands of books and articles have been written about the assassination with a large majority of the published material arguing for a conspiracy of one kind or another However a relatively small volume of literature has been written from a scholarly and academic perspective *The Faces of Lee Harvey Oswald* provides the first comprehensive scholarly analysis of Lee Harvey s Oswald s role in the JFK assassination Scott P Johnson objectively examines the various narratives of Lee Harvey Oswald created by researchers and authors over the last fifty years He finds that at first glance any theory related to Oswald s role appears as convincing as the next particularly when researchers carefully select information that only advances their preferred theory In reality however Oswald s role in the assassination offers little certainty when one looks at the mystery surrounding Oswald s life and death as well as the complexity and ambiguity surrounding the murder of President Kennedy Rather than putting forth a single theory Johnson lays out the known facts against each theory and allows the readers to make their own decision **Fragments: Spinward Fringe Broadcast 6** Randolph Lalonde,2010-07-19 The crew of the Triton continue their misadventure near Ossimi Ring Station They are forced down different paths and a fight for freedom that will cost them dearly begins New opportunities dangers and experiences await them all as the Order of Eden stirs advancing their own agenda **The cabinet** Chinedu Nnadi,2025-09-01 Ethan Ward never thought his words could kill At twenty six he is one of the youngest speechwriters in the

White House a quiet architect of lines meant to inspire a nation His job is to polish rhetoric not to touch power But one late night changes everything While drafting remarks for the President Ethan stumbles across a restricted file buried deep within the archives Inside are documents that shouldn't exist evidence of a covert pact between senior cabinet officials and Helios Global a ruthless private military contractor What the papers reveal is more than profiteering It's the quiet outsourcing of America's security secret deployments manufactured threats and staged crises designed to funnel billions into private hands Before Ethan can grasp the scale of the betrayal the system flags his access Security locks him out Plainclothes agents close in Within minutes he's no longer an employee he's a fugitive Now hunted through Washington D C Ethan must rely on his wits and unlikely allies a burned out journalist a jaded Secret Service agent and a small network of activists who've long suspected the truth But with every camera badge and press release turned against him escape is nearly impossible As the government brands him unstable Ethan faces a choice protect himself or risk everything to expose a conspiracy powerful enough to ignite endless wars On the steps of Capitol Hill one final broadcast could either save democracy or erase him from history Power hides in shadows Truth demands a voice
