Russia In The Era Of Peter The Great:

Massie, 2012-02-22 PULITZER PRIZE WINNER An urgently readable Newsweek biography of the captivating tsar who changed Russian history from the New York Times bestselling author of Nicholas and Alexandra The Romanovs and Catherine the Great Enthralling as fascinating as any novel and more so than most The New York Times Book Review Against the monumental canvas of seventeenth and eighteenth century Europe and Russia unfolds the magnificent story of Peter the Great crowned co tsar at the age of ten Robert K Massie delves deep into his life chronicling the pivotal events that shaped a boy into a legend including his incognito travels in Europe his unquenchable curiosity about Western ways his obsession with the sea and establishment of the stupendous Russian navy his creation of an unbeatable army his transformation of Russia and his relationships with those he loved most Catherine the robust yet gentle peasant his loving mistress wife and successor and Menshikov the charming bold unscrupulous prince who rose to wealth and power through Peter's friendship Impetuous and stubborn generous and cruel tender and unforgiving a man of enormous energy and complexity Peter the Great is brought fully to life **The Military History of the Russian Empire from Peter the Great until Nicholas II** John W. Steinberg, 2024-01-11 This book examines the rise and the fall of the Russian Empire through the lens of its military history While much of the literature on this history tends to focus on epochs The Russian Military and the Creation of Empire uses a variety of archival sources to capture this aspect of modern Russia from Peter the Great right up to the present day John W Steinberg analyzes the social dynamic between Russian society and its military over time Through a focus on civil military relations he demonstrates that both the Tsarist and Soviet regimes were built on and ultimately dependent upon the support of the military Case studies of significant battles are also used throughout the volume to reveal insights into the roles missions and capabilities of the Russian military since 1689 The Russian Military and the Creation of Empire is a vital study for all students of modern Russia and the history of modern warfare *The Image of Peter the Great in Russian History and Thought* Nicholas Valentine Riasanovsky, 1992 The image of Peter the Great Tsar of Russia from 1689 to 1725 has been a central theme of Russian history art and literature This study draws on Russian historical accounts folklore and the arts to demonstrate how the image of Peter has reflected the changing cultural values of Russian people *Peter the Great Changes Russia* Marc Raeff, 1972

Russia in the Age of Peter the Great :1682-1725 Lindsey Hughes,1998 **The History of Peter the Great, Emperor of Russia** Alexander Gordon,1755 The History of Peter the Great, Emperor of Russia Франсуа-Мари Апы Вольтер,2021-12-02 *Russian Legends* Charles River Charles River Editors,2018-01-20 Includes pictures of Peter and important people places and events Includes a Bibliography for further reading I have conquered an empire but have not been able to conquer myself Peter the Great A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees In Charles River Editors Russian Legends series readers can get caught up to speed on the lives of Russia s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known For anyone trying to understand the origins of modern Russia the search should begin with Tsar Peter I 1672 1725 who titled himself Peter the Great during his lifetime The moniker is fitting considering the manner in which Peter brought Russia out of the Middle Ages and into the 18th century Through a series of campaigns Peter turned Russia into a formidable empire that would subsequently become a major force on the European continent while also emulating Western Europe and turning Russia into an international state that interacted with the other continental powers By revolutionizing and modernizing Russian arms including the creation of Russia s first naval force Peter was able to pursue an aggressive and expansionist foreign policy that set the stage for the way the European map would be redrawn again and again over the coming centuries Perhaps more remarkably as Peter was stretching Russia s borders he was transforming Russia from the inside as well Fond of the cultures to the west Peter embraced technology science and the arts developing a new educational system for his people and supporting a number of institutions of higher learning in Russia He built a European style capital at St Petersburg and also established new ports and access to the Baltic Sea for the purposes of opening up trade with the west At the same time if Peter was responsible for the modernization of Russia he can also be held responsible for some of its more unsavory features Though he accomplished a great many achievements during his reign he also formally defined the status of Russian serfs for more than 200 years and bankrupted the Russian state with his navy wars and building campaigns in St Petersburg Remedying the situations left by Peter would fall upon his successors and not all of them would prove up to the challenges Russian Legends The Life and Legacy of Peter the Great chronicles the life of the Russian Tsar and the profound historical legacy he left Along with pictures of important people places and events you will learn about Peter the Great like you never have before in no time at all **Events That Formed the Modern World** Frank W. The Cambridge Modern History: The age of Louis XIV John Emerich Edward Dalberg Acton Baron Acton,Sir Adolphus William Ward,George Walter Prothero,Sir Stanley Mordaunt Leathes,1908 The Cambridge Modern History is a comprehensive modern history of

the world beginning with the 15th century age of Discovery published by the Cambridge University Press in the United Kingdom and also in the United States Miscellaneous Essays Archibald Alison, 1845 The Encyclopedia Americana, 1922 **Wars of the Age of Louis XIV, 1650-1715** Cathal J. Nolan, 2008-07-30 Dominated by the ambitions of France's King Louis XIV Europe in the years 1650-1715 witnessed a series of wars from which emerged many of the theories, practices and technologies that characterize modern warfare. During this period European armies evolved modern ideas of army organization and military leadership as well as modern views of campaign strategy and battle tactics. As European soldiers and colonists moved into Asia, the Middle East and the Americas, the practice or influence of their military techniques and ideas also affected wars fought in those places. In this volume's 1000 plus entries, an award-winning author of reference works on international relations and war describes and defines important events, technologies and individuals from this seminal period of global military history. *The Farther Adventures of Robinson Crusoe* Daniel Defoe, 2021-11-24 Defoe's *The Farther Adventures of Robinson Crusoe* was almost always published together with *The Life and Strange Surprising Adventures of Robinson Crusoe*. Only after 1950 was the first volume printed alone, a shorter work for some classes. But in addition to fulfilling the promise of the first volume, *The Farther Adventures* is an exciting adventure novel by itself. Crusoe returns to his island to learn about his colony and then travels to Madagascar, India and China before returning to England after some exciting encounters. Complete with an introduction, line notes and full bibliographical notes, this is an edition like no other. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press.
