Russian Futurism A History:

Russian Futurism Vladimir Markov, 2006 Our Arrival Alekseï Kruchenykh, 1995 **Russian Futurism** Vladimir Markov, 1968 **A History of Russian Symbolism** Ronald E. Peterson, 1993-07-09 The era of Russian Symbolism 1892-1917 has been called the Silver Age of Russian culture and even the Second Golden Age Symbolist authors are among the greatest Russian authors of this century and their activities helped to foster one of the most significant advances in cultural life in poetry prose music theater and painting that has ever been seen there This book is designed to serve as an introduction to Symbolism in Russia as a movement an artistic method and a world view The primary emphasis is on the history of the movement itself Attention is devoted to what the Symbolists wrote said and thought and on how they interacted In this context the main actors are the authors of poetry prose drama and criticism but space is also devoted to the important connections between literary figures and artists philosophers and the intelligentsia in general This broad detailed and balanced account of this period will serve as a standard reference work and encourage further research among scholars and students of literature **A History of Women's Writing in Russia** Adele Marie Barker, Jehanne M. Gheith, 2002-07-11 A History of Women's Writing in Russia offers a comprehensive account of the lives and works of Russia's women writers Based on original and archival research this volume forces a re-examination of many of the traditionally held assumptions about Russian literature and women's role in the tradition In setting about the process of reintegrating women writers into the history of Russian literature contributors have addressed the often surprising contexts within which women's writing has been produced Chapters reveal a flourishing literary tradition where none was thought to exist They redraw the map defining Russia's literary periods they look at how Russia's women writers articulated their own experience and they reassess their relationship to the dominant male tradition The volume is supported by extensive reference features including a bibliography and guide to writers and their works **A History of Russian Literary Theory and Criticism** Evgeny Dobrenko, Galin Tihanov, 2011-11-27 This edited volume assembles the work of leading international scholars in a comprehensive history of Russian literary theory and criticism from 1917 to the post-Soviet age By examining the dynamics of literary criticism and theory in three arenas political intellectual and institutional the authors capture the progression and structure of Russian literary criticism and its changing function and discourse The chapters follow early movements such as formalism the Bakhtin Circle Proletkult futurism the fellow travelers and the Russian Association of Proletarian Writers By the cultural revolution of 1928 literary criticism became a mechanism of Soviet policies synchronous with official ideology The chapters follow theory and criticism into the 1930s with examinations of the Union of Soviet Writers semantic paleontology and socialist realism under Stalin A more humanized literary criticism appeared during the ravaging years of World War II only to be supplanted by a return to the party line Soviet heroism and anti-Semitism in the late Stalinist period During Khrushchev's Thaw there was a remarkable rise in liberal literature and criticism that was later refuted in the nationalist movement of the

long 1970s The same decade saw on the other hand the rise to prominence of semiotics and structuralism Postmodernism and a strong revival of academic literary studies have shared the stage since the start of the post Soviet era For the first time anywhere this collection analyzes all of the important theorists and major critical movements during a tumultuous ideological period in Russian history including developments in emigre literary theory and criticism **A History of Russian**
