Allen, 2013 Construction on the California State Capitol began during the Civil War using stone brick and iron showing confidence in the future The capitol building showed that California had come a long way from the days of its transient chaotic roots born of the Gold Rush Once the capitol was located in Sacramento in 1854 there was still no guarantee that the city would remain its permanent home When it was completed in 1873 it was the largest structure of its day west of the Mississippi River Its presence has continued to not only dominate the Sacramento landscape for a century and a half but has also come to shape the very outlook and future of Sacramento and of California itself The state capitol and its majestic dome have become the iconic symbol of the city *Sacramento* Steven M. Avella, 2003-09-10 Born of a country s collective desire for riches Sacramento was resolute in its survival while other Gold Rush towns faded into history It battled catastrophic fires floods and epidemics to become the original western hub and laid claim to the capital of a state that would one day have the world s fifth largest economy The community s flourishing growth is not just a product of its economic viability but a direct result of the cultural vibrance and fortitude of a diverse populace that remains the backbone of our country s most dynamic state **Pictorial History of California** Owen Cochran Coy, 1925 Photographs drawings paintings maps etc with brief captions **A Guide to the History of California** Doyce Nunis, Gloria Lothrop, 1989-05-23 This book opens the world of published and archival materials about California to those who wish to investigate and research the rich history of this state Each of the essays elaborates specific periods topics or holdings and has been authored by an expert in the respective field or institution Part I is both a chronological and topical approach to the essential elements that have shaped California s history Attention is given to its varied ethnic groups and how the state developed Part II contains essays on the archival and manuscript holdings of the major research centers in the state Also included are the holdings of smaller historical societies and libraries Wherever possible essays contain references to documentary sources including photographs as well as printed

U.S. Geological Survey Circular, 1984 *Sacramento, Heart of the Golden State* Joseph A. McGowan, Terry R. Willis, 1983 **Sacramento and the Catholic Church** Steven Avella, 2008-08-22 This work examines the interplay between the city of Sacramento and the Catholic Church since the 1850s Avella uses Sacramento as a case study of the role of religious denominations in the development of the American West In Sacramento as in other western urban areas churches brought civility and various cultural amenities and they helped to create an atmosphere of stability so important to creating a viable urban community At the same time churches often had to shape themselves to the secularizing tendencies of western cities while trying to remain faithful to their core values and practices Besides the numerous institutions that the Church sponsored it brought together a wide spectrum of the city's diverse ethnic populations and offered them several routes to assimilation Catholic Sacramentans have always played an active role in government and in the city's economy and Catholic institutions provided a matrix for the creation of new communities as the city spread into neighboring suburbs At the same time the Church was forced to adapt itself to the needs and demands of its various ethnic constituents particularly the flood of Spanish speaking newcomers in the late twentieth century **Urban Growth in American Cities** Roger Auch, Janice Taylor, William Acevedo, 2003 **Exhibition Record of the San Francisco Art Association, 1872-1915, Mechanics' Institute, 1857-1899, California State Agricultural Society, 1856-1902** Ellen Halteman, 2000 [Pictorial History of the World's Greatest War and New International Atlas of the World](#), 1919 [A Map and Record Investigation of Historical Sites and Shipwrecks Along the Sacramento River Between Sacramento City and Sherman Island](#), 1988 [California History](#), 1996 **Sacramento Renaissance** William Burg, 2013-08-27 Touted as progress postwar redevelopment spawned a new age in Sacramento California As city planners designated areas of urban blight and directed bulldozers to make way for commercial districts and pedestrian malls the churches jazz clubs and family homes of the West End and Japantown were upended and residents scattered Displaced families and businesses reestablished themselves and redefined their communities around new cultural centers Historian William Burg weaves oral histories with previously unpublished photographs to chronicle the resurgence of Sacramento's art music and activism in the wake of redevelopment Celebrate the
