Fincher,2017-09-19 Unlock the mystery and magic of sacred geometry to create mandalas using ancient design principles
Pythagoras believed that mathematical truths shift the psyche closer to divine perfection The Fibonacci sequence has been
found to exist in patterns throughout nature C G Jung thought that contemplating the mandala could unveil the unconscious
The designs here draw on the vast history and knowledge once thought esoteric now available as tools for cultivating

spiritual and psychological well being Create your own mandala based on geometry numbers and signs or color a mandala as a meditative process to tap into your creativity and intuition However you use this guide geometry can be a pathway to grasping who you are where you belong and what you are to do Discover how this timeless practice can help you on your journey of self realization Matrix of Creation Richard Heath, 2004-05-15 Sacred numbers arose from ancient man's observation of the heavens and represent the secrets of cosmic proportion and alignment The ancients understood that the ripeness of the natural world is the perfection of ratio and that the planetary system and time itself is a creation of number We have forgotten what our ancestors once knew that numbers and their properties create the forms of the world
